STARTLING, BUT TRUE.

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.

THE BLOOMING BRIDE,

But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

BY DR. A. M. MAURICEAU,

PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., *pp.* 250.

[ON FINE PAPER, EXTRA BINDING, $1.00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES

have been sold, of which there were upwards of

ONE HUNDRED THOUSAND SENT BY MAIL,

attesting the high estimation in which it is held as a reliable popular Medical

BOOK FOR EVERY FEMALE

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from *prolapsus uteri* (falling of the womb), or from *fluor albus* (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avail to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to

CAUTION THE PUBLIC

The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxbury has discovered, in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR,

from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly corruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day. —Children over ten years dessert spoonful. Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Matches having become an indispensable article in housekeeping, the subscriber after a great sacrifice of time and money, is enabled to offer to the public an article at once combining utility and cheapness. The inventor knowing the danger apprehended on account of the flimsy manner in which Matches are generally packed in paper, has by the aid of new Steam Machinery of his own invention, succeeded in getting up a SAFETY PATENT SQUARE UPRIGHT WOOD BOX; this box is far preferable, in as much that it occupies no more room than the old round wood one, and contains at least Two Hundred per cent more Matches, which to Shippers is considerable advantage; it is entirely new, and secure against moisture and spontaneous combustion, and dispenses all danger on transportation by means of Railroad, Steamboat or any other mode of Conveyance.

These Matches are packed so that one gross or more may be shipped to any part of the World with perfect safety. They are the most desirable article for Home Consumption, and the Southern and Western Markets that have ever been invented.

Dealers and shippers, will do well to call and examine for themselves.

Tenth Grand Gift Distribution of the ART UNION SOCIETY.—500,000 Gifts valued at Three Hundred Thousand Dollars. Certificate for this year. One Dollar. The members of the ART UNION SOCIETY, on the occasion of this tenth distribution of the **works of Art** accumulated by the Society during the past year, would respectfully call the attention of its patrons to the fact that, being about to remove to the buildings in course of erection for the Society in the city of Washington, they will add the Real Estate and other Landed Property belonging to the Society, to the Distribution for this Year.

At the last meeting of the Society, it was determined to Reduce the Certificate of Share for this Grand Enterprise to One Dollar each, thinking thereby that it will be the means of a more general diffusion of the works of Artistes throughout the country, and will enable the Society to extend their labors for the advancement of the ARTS AND SCIENCES in this country. The certificates of share will be issued at One dollar, accompanying which each purchaser will receive free of charge, by return mail, a beautiful Line and Stippe engraving, entitled **Washington on Dorchester Heights** representing an eventful period in the History of our Country.

It will be seen, by referring to the list, that there are many valuable pieces of property, many costly Paintings, Superb Statuary, Beautiful Engravings, Costly Jewelry, Magnificent Shawls, and other beautiful Gifts, such as Clocks, Watches, Illuminated Works, &c., to the number of Five Hundred Thousand—worth $300,000.

As the society expects to remove to the New Hall at Washington by the middle of June, the distribution will take place on the first of July, 1855.

The same rules and regulations that have heretofore guided the Society's distributions will be adhered to in this, and on no account will there be any postponement from the day named. All letters and communications, (post paid) for certificate, or on business, are to be addressed to the Society, No. 129 Liberty street, New-York.

Correspondents are requested to write their address, with the County, Town, Post Office and State, plainly, in order to avoid mistakes. All letters answered by return mail.

New Advertisement.—CHEAP BUILDING LOTS —A HOME WITHIN THE REACH OF EVERY MAN BY PAYING $1 A WEEK.—ONE MORE OPPORTUNITY!—Building Lots at $85, payable one dollar a week, located in the most delightful and improving part of the city. In situation they are immediately within the improvements, fronting upon the best main streets, as follows:—Chesnut, Walnut, Fulton, Marion, Ann, Franklin, Marshall and Marion streets. A more desirable and beautiful locality cannot be found by persons wishing to save their money or have a pleasant home of their own near their business. It is a known fact that in this direction property within the past two years has rapidly improved, and either for the purpose of an investment or residence cannot be excelled. An opportunity is now presented to all industrious persons to obtain a home and a freehold upon terms which were never before offered, and at a price which for cheapness is unprecedented. The Lots being payable in the small sum of one dollar a week, every workingman has a chance. He would scarcely miss the outlay, whilst he would be paying his way to a competency.

There can be no better means of economizing than this; the ground is purchased at its present value, and judging from past experience and the past ratio of increase, it will be worth by the time it is paid for, three times its present price. At that time a man can have a Lot of his own and rid himself of his landlord, or by means of these small savings scarcely noticed, together with the accumulation of profits, have a sum sufficient to start in business. Many who have made fortunes would never have been worth a cent, if by accident or otherwise they had not made a commencement and gathered together a small sum; and subsidiary to this we may well say, that the foundation of wealth is investment in real estate. If we look around amongst all our acquaintances who have attained an independence, we will find it done through their investing in real property; it is the solid stepping stone to prosperity, one which, amid all the fluctuations of the times, and the panic of the money market, is permanent and secure; or in other words "is still there." These remarks are applicable to every circumstance of life. The Lots are 22 feet front, and from 90 to 150 feet in depth, all running upon back alleys.

The demand has been so great that hundreds have already been sold—encouraging the whole property with improvements in a short time. During the month of July, or the beginning of August, the principal streets will be thrown open. Under these circumstances the mind may readily perceive the rapid rise in value which will take place. One lot will mutually tend to improve the other.

On account of the fine situation of this land, and its superior cheapness, such an opportunity as this can never be presented again in the city of Lancaster, and the sales of these have been so very numerous that they will soon be entirely disposed of and withdrawn from the market.

By early application Lots can be purchased at the office of Jesse Landis, north side of East King street, above Sprecher's and Lechler's hotels.

Man, Know Thyself.—An Invaluable Book for 25 cents.—

"Every Family should have a copy." 00,000 Copies sold in less than a year. A new edition, revised and improved, just issued.

Dr. Hunter's Medical Manual and hand book for the afflicted. Containing an outline of the origin, progress, treatment and cure of every form of disease contracted by promiscuous sexual intercourse, by self-abuse or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency; with an outline of complaints incident to Females, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases, and a treatise on the cause, symptoms and cure of the fever and ague.

Testimony of the Professor of Obstetrics in Penn College, Philadelphia.—Dr. Hunter's Medical Manual.—The author of this work, unlike the majority of those who advertise to cure the disease of which it treats is a graduate of one of the best colleges in the United States. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

Jos. S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the Genital Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves. ALFRED WOODWARD, M. D

"This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with to little breath to puff, and too little presumption to impose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice."—*Herald.*

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate.*

A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says:—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy (securely enveloped) will be forwarded free of postage, to any part of the United States for 25 cents, or six copies for $1. Address, (post paid) COSDEN & CO., Publishers, or box 196, Philadelphia.

Silver's Plastic Paints, Cheap. Durable and Protective Weather and Fire Proof. This Paint will stand any climate, without crack or blister hardens by exposure, thus making it one of enamel of stone, protecting wood from decay, and iron and other metals from rust and corrosion.

The Paint differs from the so-called Mineral Paints of the day, which are principally Ochres and Clays colored, and are entirely worthless.

Silver's Plastic Paints are purely Metalic, containing no Alumin or Clay.

They are levigated finely, mix readily with Linseed Oil, (without the trouble of grinding,) and flow under the brush as freely as the best White Lead.

These Paints excel all others in body or covering properties, one pound of which will cover as much surface, as two pounds of White Lead.

There are four natural colors, viz: Black or Slate, Brown, Olive and Chocolate.

Directions.—This Paint flows readily under the brush and its covering property is increased by using it mixed as thickly as possible with pure Linseed Oil; as the Paint is the lasting or protecting body and the Oil simply the medium or agent in spreading it.

We annex copies of two letters, one from the President of the Philadelphia and Reading Railroad Co., the other from a Gentleman, a well known resident of Augusta, Ga.

Office of the Phila. and Reading Railroad Co.,
Philadelphia, May 3, 1852.

J. S. SILVER, Esq.

Dear Sir:—We have used your "Plastic Paints" or more than a year, and for Painting Bridges, Depots, &c., &c., we have found it quite equal to any paint we have used. In fact, we now give it a preference over all others we have tried for such purposes. Yours Respectfully,

(Signed,) JOHN TUCKER, President.

Steam Planing Mills.

Dear Sir: You ask me for my opinion of Silver's Mineral Paints," which you have put on my Machine Shop and Planing Mill. I give you with pleasure my full and hearty recommendation of it as a preventive of Fire communicating from Chimneys, or from adjoining buildings. The Paint which you put on my roofs, has now become as hard as slate, and I feel as secure from Fire, in this direction, as is possible. A few weeks after the roofs had been painted, I made an experiment on two or three shingles by placing them in the furnace under the boilers; the result was, that the portion uncovered was entirely consumed, while the painted part was apparently sound, though upon examination the wood was found to be charred; the Paint however was firm and but little blistered. I consider this as severe a test as your Paint can be put to, and under the circumstances I do not hesitate to commend it as an invaluable preventive against Fire. Respectfully, &c.

(Signed,) AMBROSE SPENCER.
