STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhibitating influence indident to the enjoyment of health. THE BLOOMING BRIDE. But a few years ago in the flush of health and youth, and bubyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed countenance heaving the impress lepressed, countenance bearing the impre-ring, and an utter physical and mental protration, arising from ignorance of the Simplest and plainest rules of health as connected with the mar-riage state, the violation of which entails disease, suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN 'UNTO THE THIRD AND FOURTH GENERATION," Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and Worse Discases, as a

DREADFUL INHERITANCE FROM THE PARENTS. "And must this continue? Must this be? Is there no early? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out in

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION, BY DR. A. M. MAURICEAU, PROFESSOR OF DEFEASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., pp. 250. [ON FINE PAPER, EXTRA HINDRO, \$1.00.]

A standard work of established reputation, found classed a the catalogues of the great trade sales in New York, hiladelphina, and other cities, and sold by the principal consellers in the United States. It was first published a 1847, since which time

FIVE HUNDRED THOUSAND COPIES ONE HUNDRED THOUSAND SENT BY MAIL, attesting the high estimation in which it is held as a re-BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of consplaints peculiar to females, in respect to which he is yearly consulted by thousands both in person

symptoms with those described, the nature, character,

causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness for bids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant, agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are

hazarded during such time, will each find in its page the means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advortised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of

vonr children In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to

Testimony of the Professor of Obstetrics in Penn College, Philadelphia.—Dr. Hunter's Medical Manual.—The author of this work, unlike the majority of those who advertise to cure the disease of which t treats is a graduate of one of the best Colleges in the United Stetes. It affords me pleasure to re-commend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

Jos. S. Longshore, M. D.

From A. Woodward, M. D., of Penn. Universi ty, Philadelphi ...—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disuse for ventilating public and private buildings, case of the Gental Organs, some of them of long sc., also, for withdrawing smoke from chimney standing, have care under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been consid-ered beyond medical aid. In the treatment of Semanal weakness, or disarrangement of the function produced by self-abuse, or excess or venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose pro fessional skill and integrity they may safely confi-themselves. ALFRED WOODWARD, M. D. themselves. ALFRED WOODWARD, M. D. "This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Ayoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to desire it out the heads of his sans. The author placing it into the hands of his sons. The author has devoted many years to the treatment of th-various complaints treated of, and, with to- little breath to pull, and too little presumption to im-

pose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twent nominal price of 25 cents, the fruit of some twenty years' most successful practice,"—Herald.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would sive years of pain, mortification and sorrow to the youth under these charge,"—People's Advo-

A Presbyterian elergyman in Ohio, writing of filunter's Medical Manual? says:—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not troken down, and they do not know the cause or the cure. Anything that can be done so to enlighten ind influence the public mind as to check, and u imately to remove this wide-spread source of he nan wretchedness, would confer the greatest ble sing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or he use of intexicating drinks) though it has slain thousands, is not a greater scourge to the human race.
