STARTLING, BUT TRUE

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influ-ence incident to the enjoyment of health. THE BLOOMING BRIDE,

THE BLOOMING BRIDE, But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently in-explicably, becomes, a feeble, sickly, sallow, debili-tated wite, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of sufforing, and an atter physical and mental pro-tration, arising from ignorance of the simplest and plainest rules of health as connected with the mar-riage state, the violation of which entails disease, suffering and misery, not only to the wife, but often UFDEDIMENT (OUT LINNE HONE MIT autonome

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he'ts yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character,

causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anyiety or slarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregular ities peculiar to the female system, which undermine the

health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolansus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are

hamrded during such time, will each find in its pages the means of provention, amelioration and relief.

. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining

years, the infirmities of age and the proper education of your children In consequence of the universal popularity of the work, as artifunced by its extraordinary sale, various imposi-tions have been attempted, as well on hooksellers as on the public, by imitations of title page, spurious editions, and surreptitions infringements of copyright, and other devices, and deceptions, it has been found necessary.

Jos. S. LONCHORE, M. D.

From A. Woodward, M. D., of Penn. Universi ty, Philadelphi.—It gives me pleasure to add my testimony to the prolessional ability of the Author of the "Medical Manual." Numerous cases of disease of the Gental Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been consid-ered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, 1 do not know his superior in the profession. I have been acquainted with the Author some thirty years,

and deem it no more than justice to him as well at kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose pro

"No teacher or parent should be without the

knowledge imparted in this invaluable work. If would sive years of pain, mortification and source to the youth under their charge."-- People's Adve A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says :------ Thousands

upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not bro ken down, and they do not know the cause or the Ken down, thu they do not know the cause of the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ul-timately to remove this wide-spread source of hu-man wretchedness, would confer the greatest blcs-sing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain housands, is, not a greater scource to the human thousands, is not a greater:scourge to the human race.
