# STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from ear to year in that pitiable condition as not even or one day to feel the happy and exbilarating infig-nce incident to the enjoyment of health.

THE BLOOMING BRIDE, THE BLUOMING BRHDE, But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently in-explicably, becomes a feeble, sickly, sallow, debili-tated wite, with frame emaciated, nerves unstrung, spirita depressed, countenance bearing the impress of suffering, and an utter physical and mental pro-tration, arising from ignorance of the simplest and plainest rules of health as connected with the mar-ring state, the violation of which entails disease, suffering and misery, not only to the wile, but often memory in the suffering and misery. the author having devoted his exclusive attention to the treatmient of complanute preuliar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, auses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her ure health, in respect to which her sensitiveness for bids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular ities peculiar to the female system, which undermine the health, the effects of which they are ignerant, and for which their delicacy forbids seeking medical advice Many suffering from prolapsus uters (falling of the womb), r from fluor allous (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries and slow and uncertain recoveries. Some whose lives are

hamrded during such time, will each find in its pages the means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincers welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised

nostrums which otherwise would provide for declining years, the infirmition of age and the proper education o your children.

Testimony of the Professor of Obstetrics in Penn College, Philadelphia.-Dr. Hunter's Medical Man-ual.-The author of this work, unlike the majority of those who advertise to cure the disease of which it treats is a graduate of one of the best Colleges in the United Stetes. It affords me pleasure to re-commend him to the unfortunate, or to the victim of malpractice, as a successful and experienced oraculioner, in whose honor and integrity they may lace the greatest confidence.

"This is without exception, the most compre-hensive and intelligent work published on the clas-of discases of which it treats. A voiding all tech-nical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fashdous, can object to placing it into the hands of his sons. The author has devided many years to the treatment of th-various complaints treated of, and, with to. little breath to puff, and too little presumption to im-pose, he has offered to the world, at the merely nominal price of 25 cents, the froit of some twenty years' most successful practice."-Herald.
