THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION, PROPERTOR OF DESIGNATION OF WOMEN One Hundredth Edition, (500,000), 18mo., pp. 250. [ON FINE PAPER, KETRA BINDING, \$1.00.]

A standard work of established reputation found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal bookerliers in the United States. It was first published in 1847, since which time FIVE HUNDRED THOUSAND COPIES

ave been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, ses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of truction and advice of the utmost importance to he future health, in respect to which her sensitiveness for hids consulting a medical gentleman, will find such in struction and advice, and also explain many symptoms which otherwise would occasion anxiety or slarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular ities peculiar to the female system, which undermine the health, the effects of which they are ignerant, and for which their delicacy forbids seeking medical advice Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries and slow and uncertain recoveries. Some whose lives at hazarded during such time, will each find in its pages the

neans of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly in Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than, the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a siate of purity and combined together in such a manner as to insure the best results.—This system of composition for medicines has been found in the Cherry Pectoral and Pills, both, to produce a more difficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is sell-evident the effect should prove as they have proved may purely remedial, and the Pills a surer, more powerful antidate to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remeny without knowing its composition, I have supplied the accurate Formula by which both my Tectoral and Fallis are made, to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

It is made from the best Barley that can be selected in Europe and the essence of an aromatic Italian berry, of schnowledged, and, extraordinary, medicinal, properties; and it has long since acquired a higher reputation, bothing Europe and America, than any other dietetic beverage.

The distressing effect upon the Stomach, Eowels, and Bladder, of travellers, new residents, and all persons unaccustomed to them, produced by the waters of nearly all our great inland rivers, like the Ohio, Mississippl, and Alabama, from the large quantity of decayed vegetable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions, in producing Grared, Culcuit, and Stome in the Hadder—The AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of all these injurious proporties of had water, and-consequently prevents the diseases which they occasion. It is also found to be a cure and preventive of Ferra and Ague, a complaint caused by the conjoint effects of vegetable malaris in the atmosphore, and vegetable putreseness in the waters of those districts in which it principally prevails. The AROMATIC SCHIEDAM SCH NAPPS is consequently in great demand by persons travelling; or about to settle in those parts of the country especially; as well as by many in every community where it has become known, on account of its various other remedial properties. More than three thomand physicians, among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the swerest tests have proved the SCHIEDAM AROMATIC SCHINAPPS to be, and have accepted it as a most desirable addition to the saderia medica.

38 MR, UDDIPHO WOLFE—Dear Sir: I cannot speak too highly of the purity of your Schledam Schnapps. It is decidedly superior to anything of the kind in the market.—It is perfectly free from the admixture of fusil oil, or of any of those arnylic compounds which produce such a mischievous and irreparable effect upon the constitution, and which very few samples of alcoholic distilled liquors are without—most of them being largoly impregnated with it. I have personally inspected the various processes of distillation practised at Schledsm, and know that unusual care is taken to separate the the notious elements from the purity as attaching proof of its success. As a medicinal agent for chronic and renal affections, I have successfully prescribed it, and reco

of pure alcohol for chemical investigations and experiments. Your ob't ser'vt, Isatut Deck, Dr. Charles A. Leas, Committing Analytical Chemist."

Dr. Charles A. Leas, Commissioner of Health, Battimore, writes as follows in relation, to the value of Schnapps as a remedy in chronic catarrhal complaints, &c. The letter is dated July, 27, 1853:

"I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the diseases for which you recommend it. Having a natural tendency to the mucous surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genitourinary apparatus. With much respect, your obediant servant,

"Mr. Usoleno Wolfe, No. 22feaver st. N. Y.—Den Hirlant season the writer received, through your agent in this city, a bottle of your Aromatic Schledam Schnapps, and since that period has prescribed the same in certain forms of urinary complaints; also in cases of debility in aged persons. So far, the Schnapps has been of much benefit to those using it. \* \* \* In conclusion. Webre a diudition and stimulant is required, I should use the Aromatic Schledam Schnapps. Thanking you for your kindness, I am respectfully yours,

A. D. Chaloska, M. D., 180 South Eighth st."

The subjoined letter from Dr. Paine, of Manchester, NI II., relates to one of the most valuable medicinal properties possessed by the Aromatic Schnapps, and shows that it acts as specific in a very painful disease—the Gravel:

"Mr. Wolff:—Permit me to address you a few lines, which you are at liberty to use if you think proper, in respect to your medicine, called Schiedam Schnapps. I have had a very obstinate case of gravel and stone-of-some five years' standing, causing very acute pain in every attempt to urinate. After using many remedies without much realief, I was induced to try a bottle of your medicine. In the course of three days it proved effectual, disoldging large pieces of stone, some of which were as a marrowfat pea. I continued the cordinal according to directions, and the patient continued to gain, and is fast recovering. I think a medicine of so much value in so distressing complaint, should be known to the public and the world at large. And I, for one, must give it my approbation and signature.

Jos. S. Loneshezz, M. D.
From A. Woodward, M. D., of Penn. Universi-

ty, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of dis-ease of the Gental Organs, some of them of long standing, have came under my notice, in which is skill has been manifest in restoring to perfect his skill has been manifest in restoring to perfect health, in cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, osen acquainted with the Authorsome thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

ALFRED WOODWARD, M. D. themselves. ALFRED WOODWARD, M. D.

"This is without exception, the most comprehensive and intelligent work published on the class of discusses of which it treats. A voiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent however firstidious, and object to and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with too little breath to pulf, and too little presumption to impose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice."-Herald. "No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—People's Advo-

A Presbyterian clergyman in Ohio, writing of "itunter's Medical Manual" says : - " Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not bro ken down, and they do not kenw the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ul timately to remove this wice-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus 'Christ, on the sing next to the religion of Jesus (Arrist, on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxbury has discovered, in one common pasture weeds, a remedy that cures

from the worst Scrofula down to a common pluple.

He has tried it in over 1100 cases, and never falled except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst canker in the mouth or stomach.

Render, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So aure as water will extinguish fire, so sure will this care humor. I never sold a bottle of it, but that sold another, atter a trial it always epeak for itself. There are two things about this herb that appear to me surprising: first that it grows in our pastures, in some places quite ilentifal, and yet its value has nover been known until "discovered it in 1846—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April. 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholessle Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicingreat and wouderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottless. O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick licadache, Dyspopsia, Asthma, Fever and Ague, Pain in the side, Diseases of the bilneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—ent the best you get and enough of it. No change of thet ever necessary—eat the next you get and enough of it.
