We hope our citizens, irrespective of party, will attend at Fulton Hall, on Monday evening next, for the purpose of hearing Col. FORNEY'S Address. From the well known talents of the Col., of which it is unnecessary to say a word, in this his native city, a rich intellectual and patriotic treat may be expected. We hope to see the Hall crowded on the

The County Ticket. The proceedings of the Democratic County Convention which met in this City on Wednesday last, are published in another column. We are pleased to announce that perfect harmony governed the action of the Convention, and its nominations are now before the people. The resolutions speak for themselves .- There is no dodging-no evasion of any kind on any subject. The glorious principles of our party are fearlessly enunciated, and there can be no mistake as to where the Democratic party of Lancaster county stands. The same principles that were laid down by JEFFERSON and Jackson are still the land marks of the party -and with them as our guide we nail our flag to the mast-head, and are prepared to

"sink or swim, survive or perish" in their ad-

Of the candidates placed upon the ticket, from Assembly down to Auditor, (except one in the editorial line of whom it does not become us to speak) we can say, with truth, and we think public opinion will bear us out in the assertion, that they are geutlemen of intelligence, experience, and strict integrity of character, and have always---in sunshine and in storm-consistently adhered to the principles of the Democratic party. We have every reason to believe that their nomination is cordially endorsed by the Democracy of the county at large, and feel confident that the ticket will be cheerfully supported, not only by every Democrat in Lancaster county, but also by many who have heretofore acted and voted with the opposition.

We have no room for further comment this week, but shall speak more at length of the merits of the different candidates during the progress of the campaign.

Push on the Column !

Democrats of Lancaster County! The time the field, HONEST, CAPABLE, and FAITHFUL to the CONSTITUTION. Our PRINCIPLES are emblazoned on our banner—RELIGIOUS FREEDOM—OUR COUNTRY an ASYLUM FOR THE OPPRESSED of ALL NATIONS—NO PROSCRIPTION ON ACCOUNT OF BIRTH OF RELIGION —PROTECTION OF PROPERTY—OPPOSITION to all SUMPTUARY LAWS for REFORMING the PEOPLE—SANCTITY of the homestic HEARTH-STONE—undying devotion to the CONSTITUTION—"LIBERTY AND UNION—one and inseperable—NOW and FOREVER."

This is the Democratic platform, fellow-citizens. Upon this platform your candidates for work has come. Our candidates are in

izens. Upon this platform your candidates stand. Never since the adoption of the Constitution were mightier consequences suspended upon the issues of a State election. Our enemies have undertaken to exhume and resuscitate the bigoted, exclusive and tyrannical doctrines of George the III, -which our forefathers buried in the grave of the Revolution. The regult of the election will show whether the principles of GEORGE WASHINGTON or George the Third are in the ascendant upon the soil of Pennsylvania. Freemen of LANCASTER COUNTY! Remember that you are called to fight over again the battles of the Revolution; -not, indeed, with the sword and bayonet as your fathers did, but with weapons more dangerous to tyranny and hateful to tyrants-FREE SPEECH and the FREE BALLOT. In the language of "OLD HICKORY," PUSH ON THE COLUMN. Your enemies are TRAITORS to all parties, but the Abolition party. There are AR-NOLDS and Refugees now as there were in '76. Your fathers were invincible to the latter. See to it that you conquer the former.

PUSH ON THE COLUMN! The Tickets. There are now three tickets before the people of Lancaster county, from which, should there be no others formed, the people will be called upon to make a selection. Under the editorial head is placed the Democratic ticket below are the Wnig, and Know-Nothing tickets. The voters of the county can judge "which is which," and which is best entitled to their confidence and support

After which the Convention adjourned to AFTERNOON SESSION

Convention came to order at 2 o'clock, when

That while the honor and prosperity of our common country are deeply cherished by every Democrat, we cannot forget the duties we owe to our beloved State, with whose welfare the best interests of ourselves and of those who have to succeed us are inseparably connected. We regret that the unfortunate results of the unholy and unprincipled combinations of the last twelve months, justify us in characterizing her present State government as the offspring of a corrupt fusion of men of opposite opinions and associations, aided by a secret political organization of the most dangerous character, as the ganization of the most dangerous character, as the fruit of a combination of adventurers eager for power and plunder, and its administration of public af

to the Commonwealth.

2. Resolved. That we call upon the Democracy of Lancaster county, as they value the reputation of the State, the principles of their fathers, and their inalienable rights to life, liberty and the pursuit of happiness, to ponder well upon the snares which sur-round them, and rally as one man to relieve the Commonwealth of the imputation that, within he borders, the puth to political preferment is through intrigues and selfish combinations, and that politica ower. by whatever means openines, much bused to any extent which blind fanati whatever means obtained, may here be

of all parties—made up principally of those who have been hanging on the skirts of all other parties —camp followers, actuated by purposes of plunder—brought together by a sort of spasmodic action to do —they hardly know what; but we know what they have done! In many of its leading measures this Know-Nothing party is entirely against the spirit and genius of our Constitution, and flagrantly violative of its time-honored provisions.

4. Resolved, That much of the public legislation of last winter, at Harrisburg, is a disgrace to the statute book—destructive, alike to the interests of the Commonwealth, and in direct and wilful opposition to the known wishes of the people.

5. Resolved, That in order to deserve success, the Democratic party of Lancaster county and of the State must be true to itself, true to those great national principles inculated by the illustrious men of by-gone days, and true to the party. National and State legislation must become pure—as the people cannot be rightfully represented, when the statute books are chiefly filled with legislation upon the subject of banking, the incorporation of irresponsible monopolies or the presence interests of individue. subject of banking, the incorporation of irresponsi-ble monopolies, or the personal interests of individu-als. The interests of the represented and the wis-dom of legislation call only for the enactment of few good laws, and those of a general character. 6. Resolvest. DAUPHIN COUNTY WHIG CONVENTION .- The Whig Convention of Dauphin county met on tempted, a split occurred between the K. N Whigs and the "old liners," the latter ceceding under the lead of James Fox, Esq., forming a separate convention, and nominating the following ticket: John Adams Fisher and Wm. F. Robinson for Assembly; Dr. Jacob Shope, for Prothonotory; John S. Lynch, for Register; John Hærner, for County Commis-James Fox, Esq., was appoinsed Senatorial Delegate to the Whig State Convention, and Jacob C. Bomberger and H. Murray Grayson

The Know-Nothing division made no nomi nations, but passed a resolution recommending the Know-Nothing ticket, formed some weeks ago, to the support of the Whigs of Dauphin county. This split, it is believed, will insure the success of the whole Democratic ticket The dark-lantern leaders, themselves, admit that the pure Whig ticket will carry at least 1400 votes.

ALL THOSE OPPOSED TO LOCO FOCUSY -The Democrats who have been deceived into the Know-Nothing Lodges will find that opposition to their old party is the real motive (tho' not always admitted) of the leaders of the new organization. The Bucks county, Pa., Intelligencer, a Whig paper, speaks of the call of the Secret Order in that county as follows: "On Saturday a Convention is called at the Court House by the American Executive Committee, in which all persons opposed to Loco-Focoism are invited to take part, to place in iomination a county ticket."

So that hostility to foreigners, to Catholics and to the naturalization laws, is all aban doned, for the purpose of destroying the "Lo-co Foco party," which the Philadelphia Con-vention, by a unanimous vote, resolved out of existence last June.
