STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife lingers from the rear to year in that pitiable condition as not even or one day to feel the happy and exhibitating influence incident to the enjoymens of health.

THE BLOOMING BRIDE, few years ago in the finsh of health and youth, buoyancy of spirits, rapidly, and apparently in-cably, becomes a feeble, sickly, sallow, dobiliexplicably, becomes a feeble, sickly, sallow, debili-tated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an arrest the impress depressed, countenance bearing the impressing, and an utter physical and mental procure arising from ignorance of the simplest and rules of health as connected with the martration, arising from ignorance of the simplest and plainest rules of health as connected with the mar-riage state, the violation of which entails disease, suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN " UNTO THE THIRD AND POURTH GENERATION,"

PRIVATE MEDICAL COMPANION, BY DR. A. M. MAURICEAU, PROFESSOR OF DERASES OF WOMEN. One Hundredth Edition, (500,000), 18mo., pp. 250 [ON FINE PAPER, EXTRA BINDING, \$1.00.]

A standard work of established reputation, found classed the catalogues of the great trade sales in New York, sliddelphia, and other cities, and sold by the principal obsellers in the United States. It was first published FIVE HUNDRED THOUSAND COPIES ONE HUNDRED THOUSAND SENT BY MAIL. ting the high estimation in which it is held as a re-

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by lotter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife short becoming a mother has often need of fustruction and advice of the utmost importance to he future health, in respect to which her sensitiveness forbills consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular ities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice Many suffering from prolapsus uteri (falling of the womb), or from fluor allows (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the

means of prevention, amelioration and relief. It is of course impracticable to convey fully the various ubjects treated of, as they are of a nature strictly inlended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Flave you the sincere welfare of those you love at heart?. Prove your sincerity, and lose no time 'in learning what causes interfere with their health and happlness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertise nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the way as esthemed by its extraordinary sale, various impositions have been attempted, as well on booksellers as the public, by initiations of title page, spurious editional surreptitious infringements of copyright, and of Bevices and deceptions, it has been found necessitherefore, to

Arthue's Patent Alr-Tight, Self-Senl-Aig Canas and JARS.—For Preserving Freal Fruits and Vegetables. Those Cans and Jars are constructed with a channel around the mouth, near the top, into which the cover its loosely. This channel is filled with a very adhesive cement, prepared for the purpose, and allowed to harden. In order to seal the vessel hermetically, it is only no essay to heat the cover slightly and press if into place, it may be opened with as much ease as it is closed, by slightly warming the top. The ordinary thi cans, used for the same purpose for which this is intended, cannot be closed as is well known, without the aid of a timer; are difficult to open, and are generally so much injured in opening as to be useless for future service.

By this simple contrivance, the process of hermetical scating is placed conveniently within the reach of every individuals, and fruit, vegetables and butter (if properly prepared) may be kept, with their natural flavor unimpaired, for an indefinite length of time. These vessels were thoroughly tested during the post summer, and their contents, after the lapse of months, found unchanged.—Directions for scaling and and unscaling, and also for put time and the process of the

Dr. Hunter's Medical Manual and hand book for br. Hunter's medical manual and under the dilited. Containing an outline of the origin, progress, treatment and cure of every form of disease contracted by promiscoous sexual intercourse, by self-abuse or by sesual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency; with an outline of complaints incident to Females, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added receipts for the cure of the

above diseases, and a treatise on the cause, symptoms and cure of the fever and ague.

Testimony of the Professor of Obstetries in Penn
College, Philadelphia,—Dr. Hunter's Medical Man-The author of this work, unlike the majority f those who advertise to cure the disease of which it treats is a graduate of one of the best Colleges in the United Stetes. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

Jos. S. LONGSHORE, M. D. From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the Gental Organs, some of them of long his skill has been manifest in restoring to perfect health, in cases where the patient has been considered beyond medical aid. In the treatment of Sem inal weakness, or disarrangement of the function mat weakness, or disarrangement of the functions produced by selt-abuses, or excess of venery, I do not know his superior in the profession. I hav been acquainted with the Author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of error indiscretion, to recommend him as one in whose professional skill and integrity they may safety confide tessional skin and integrity free mass salery confine themselves. Alfren Woodward, M. D.

This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter; and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with to blittle breath to puff, and too little presumption to impose, he has offered to the world, at the merely naminal price of 25 cents the fruit of some twenty. nominal price of 25 cents, the fruit of some twent years' most successful practice."—Herald.
"No teacher or parent should be without the knowledge imparted in this invaluable work. It

would save years of pain, mortification and sorrow to the youth under their charge."-- People's Advo-A Presbyterian elergyman in Ohio, writing of "Hunter's Medical Manual?" says: -- Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of hu-man wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afficted,

and, believe me, your co-worker in the good work you are so actively engaged in."
