STARTLING BUT TRUE WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife inigers from year to year in that pitiable condition as not even for one thay to feel the happy and exhibitating influ-ment patient to the enjoyment of health.

THE BLOOMING BRIDE, BRUDMING BRUDE,

But a few years ago in the finsh of health and youth,
and honyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow; deblinated wife, with frame emaciated, nerves unstrugg,
spirits depressed, countenance bearing the impress
of suffering, and an utter physical and mental prostration; arising from ignorance of the simplest and
plainest rules of health as connected with the unitriage state; the violation of which entails disease,
suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROPULA, HYPOCHORDRIA, INSANITY, GOUT, HING'S EVIL, and other and Worse Diseases, as a DREADFUL INHERITANCE "Man minst this continue? Must this be? Is there no smedy? No relief? No hope?".

One stungseast Lauren, Carrier, pp. 200.

A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, billadelphia, and other cities, and sold by the principal socksellers, in the United States, it was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES ONE HUNDRED THOUSAND SENT BY MAIL. ttesting the high estimation in which it is held as a re-BOOK FOR EVERY FEMALE the anthor having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person but he letter.

Hero every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedics for, her complaints. The wife about becoming a mother has often need of instruction and advice of the atmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the aith, the effects of which they are ignerant, and for which their delicacy forbids eccking medical advice. Many suffering from prolapsus uteri (falling of the womb), om fluor albus (weakness, debflity, &c.) Many are constant agony for many months preceding confine icht. Many bave difficult if not dangerous deliveries, nd slow and uncertain recoveries. Some whose lives are

nameded during such time, will dach and in its pages the number of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly innded for the married or those contemplating marriage-Render, are you a husband or a father? a wife or a n ther? Have you the sincere welfare of those you love at heart? i'rove your sincerity, and lose no time in saming what causes interfere with their health and happiness not less than your own. It will avaid to you and yours, as it has to thousands, many a day of pain and enxiety, followed by sleepless nights, incapacitating the aind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised strums which otherwise would provide for declining years, the infirmities of age and the proper education of

your children. In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitions infringements of copyright, and other defrices and descriptions, it has been found necessary.

The Greatest Medical Discovery of the Age. Dr. KENNEDY, of Roxbury has discovered, in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR, from the worst Scrofuls down to a common pimple.

He has tried it in over 1100 cases, and never failed except a two cases, (both thunder humor.) He has now in his ossession over two hundred contificates of its virtue, all rithin twenty miles of Boston.

Reader. I peddled over a thousand bottle's of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish the so. sure will this cure-humon. I never sold a bottle of it, but that sold another; atter a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite pleutiful, and yet its value has never been known until I discovered it in IS46—second that it should cure all kinds

humor.
In order to give some idea of the sudden rise, and great employity of the discovery. I will state that in April, unitersal praise of it from all quartors.
In my own practice I always kept it strictly for humors
—but since its introduction as a general family medicine
great and wonderful virtues have been found in it that?

r suspected, replicitly fits—a disease which was al-seral cases of epiloptic fits—a disease which was al-considered incurable, have been cured by a few bot. O, what a mercy if it prove effectual in all cases of awful malady—there are but few who have seen more and mough of it.
