Here every woman can discover, by comparing her own ptoms with those described, the nature, character, auses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of raction and advice of the utmost importance to her future health, in respect to which her sensitiveness for is consulting a medical gentleman, will find such inruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all possitivities incident to her situation are described. How many are suffering from obstructions or irregularthes peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. dany suffering from prolapsus uteri (falling of the womb), from fluor albus (weakness, debility, &c.) Many are constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives ar azarded during such time, will each find in its pages the

It is of course impracticable to convey fully the various inbjects treated of, as they are of a nature strictly inmended for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Frove your sincority, and lose no time in learning what causes interfere with their health and happiness not less than your own. In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by instations of tile page, spurious editions, and surreptitious infringements of copyright, and other derices and deceptions, it has been found necessary.

Dr. KENNEDY, of Roxbury has discovered, in one of our masture weeds, a remedy that cures The Greatest Medical Discovery of the EVERY KIND OF HUMOR.

EVERY KIND OF HUMOR, from the worst Scrofula down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. thin twenty miles of Boston.

Two bottles are warranted to cure running of the ears of blotches among the hair.
Four to six bottles are warranted to cure corrupt and ur to his section and along ticers.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and
perfect cure is warranted when the above quantity is

taken.
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—
So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1840—second that it should cure all kinds of humor. discovered it in 1840—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I poddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it Some of the wholessle Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction, as a general family medicine great and wonderful wither have hem found in it that I

tnat awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c. the discovery has done more good than any medicine ever known.

If you have contracted the terrible disease, which when
one seated in the system, will surely go down from one
generation to another, undermining the constitution and
sappling the very vital fluids of life, do not trust yourself
in the hands of Quacks, who start up every day in a city
like this, and fill the papers with glaring falsehoods too
well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in
the selection of a remedy in these cases.

THE FLUID EXTRACT BUCHU has been pronounced by eminent Physicians the greatest remedy ever known.—
It is a medicine perfectly pleasant in its taste and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and, unlike other remedies, it does not dry up the disease in the blood.

Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blusting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, acting both as a Cure and Preventive. ure and Preventive.

Tetter, Fimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most distinguished Physicians in the country, and has proved more efficient in practice than any other any preparation of Sarsaparilla yet offored to the public. Several cases of secondary Syphilis, Mercurial and Scrofulous diseases have entirely recovered in the incurable wards of our Public Institutions which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most investrate diseases, after the glands were destroyed and the bones already affected. From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." ALTRED WOODWARD, M. D.

'This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fasticious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with too little breath to puff, and too little presumption to im-pose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice."-Herald. A Presbyterian clergyman in Ohio, writing of and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not bro ken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of hull man wretchedness, would confer the greatest blessesing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race.
