in the Legislature, a high Know-Nothing officer—whose name has not yet appeared in any position morally wrong—was at the same time engaged in the seduction of a young and virtuous girl of this city?—that he succeeded in his diabolical efforts?—and that, if he is elected to the effect for which he is considered. his diabolical efforts?—and that, if he is elected to the office for which he is now a candidate, he will be dragged before a criminal court under a bastardy warrant? Strange and astonishing as this declaration is, it is true, and can be substantiated by irrefragable proof. We believe not; and we further believe that, when the particulars of this new plank in the platform of Know-Nothing bestiality shall be fully developed, the people of Massachusetts will turn against the seconstillar and constitutional freedom, as they would against the vilest descerators of their most efferished household gods. ed to the office for which he is now a candi-

Didgway Farm and Agricultural Company.—A Farm within the reach of every Man.—Pennsylvania Land. Twenty-seven thousand acres of good land have been purchased, with the intention of giving a Farm of itenty-five Acres for each share, payable by instalments of one dollar a week.

It is located in the county of Elk, where a junction will soon be formed by four railroads, immediately connecting it, with its great agricultural and coal resources, with Erie, Dunkirk, Buffalo, Rochester and all the cities on the lakes. Also a road leading directly to N. So arrive at the truth. Judge the future by the past, and then what will this land be? It is proper that reason should give the answer.

The Sunbury and Eric Rallroad, of which Gov. Bigler is President, and which connects this land with the lakes and Philadelphia, and the Alleghany Valley Rallroad, of which Gov. Johnson is President, connecting this land with Pittsburg, are in rapid course of completion, and upon a great extent the locomotives are running. The reflections which suggest themselves upon this subject are these—It takes two hundred weeks to pay for the farms. They will be distributed when they are half paid for. By that time the railroads will be finished. That will be early enough for all practical purposes. The advantage of buying it before their completion is evident. When that is done property will go up one hundred per cent. Speculation fin cals would at once run it up to such a price as would make it impossible to obtain for agricultural purposes. We now get it without paying the them improved price, and the stockholders will enjoy the rise. A tract of about two thousand acres will be laid off at once, and ready by next spring, in order that personal attention to farm immediately can do so.

Friends and relatives, as well as those having more than one share, can have their farms together.

An Improvement Department will also be connected with the company. By this means, in order to accommodate those who are unable to give their personal attention to facing and preparation, or desire to reat their properties out instead of residing there, arrangements can be made to place each farm in complete order, so as to be ready for cultivation. After the farms have been all sold, and other work done upon dredit, the section to the company within a reason at the lowest possible price, and then its afferded every assistance in placing it under crops.

These embrace the principle features, and an excellent opportunity is now offered for a man to obtain a home for himself, his wiggand children, either at the present or time to come. Many businers men, mechanics, and workingmen upon farms, who save several dollars a month, can, by thus uniting together, become freeholders, whilst they scarcely miss the outlay, and at less expense than I the annual cost of fobacco or the most trifling luxurles. A saving and purchase of this kind cat nothing, and constantly increase in value. In case of sickness or misfortune by which he is thrown out of employment, he has a home to go to, where he can always make a good living. The title is unexceptionably good—one of the didest in the State, being the Holland Title.
