STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife lingers from year to year in that nitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.

THE BLOOMING BRIDE, THE BLOUMING BRIDE; But a few years ago in the flush of health and youth, and bnoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilisted wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN UNTO THE THIRD AND POURTH GENERATION," nsmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and WOTE Diseases, as a

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out to

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION, PROFESSOR OF PERASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., pp. 250. [ON PINE PAPER, EXTRA MEDING, \$1.00.] A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other clitics, and sold by the principal booksellers in the United States. It was first published in 1847, since which time FIVE HUNDRED THOUSAND COPIES

ONE HUNDRED THOUSAND SENT BY MALL; BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own rimptoms with those described, the nature, character, ses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of pture health, in respect to which her sensitiveness for ids consulting a medical gentleman, will find such in ection and advice, and also explain many symptoms hich otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularties peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice-Many suffering from prolapsus uters (falling of the womb), r from fluor albus (weakness, debility, &c.) Many are constant agony for many months preceding confine ent. Many have difficult if not dangerous deliveries and slow and uncertain recoveries. Some whose lives are arded during such time, will each find in its pages th

ans of prevention, amelioration and relief. It is of course impracticable to convey fully the various ejects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or nother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will aveid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education o

your children. tions have been attempted, as well on booksellers as on the public, by imitations of title page, spurhous editions, and surreptitions infringements of copyright, and other devices and deceptions, it has been found necessary.

The Greatest Medical Discovery of the Age.

Cr. KENNEDY, of Roxbury has discovered, in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR.

from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over, two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimple a the face. Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst canker i he mouth or stomach.

Two to three bottles are warranted to cure the most des rate case of rheumatism. Three to four bottles are warranted to cure the salt eum. Five to eight bottles will cure the worst case of scrofuls.

Five to eight bottles will cure the worst case of serofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—
So sure as water will extinguish free, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.

of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853. I peddled it and sold about six bottles per day—in Agents.

If you have contracted the terrible disease, which when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of Quaeks, who start up every day in a city like this, and fill the papers with glaring falsehoods too well calculated to deceive the young and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

THE FLUID EXTRACT BUCHU has been pronounced by eminent Physicians the greatest remedy ever known.—
It is a medicine perfectly pleasant in its taste and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and, unlike other remedies, it does not dry up the disease in the blood.

Constitutional Deblitty, brought on by self-abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benofit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, acting both as a Cure and Preventive.

Testimony of the Professor of Obstetrics in Penn College, Philadelphia.—Dr. Hunter's Medical Manual.—The author of this work, unlike the majority of those who advertise to cure the disease of which it treats is a graduate of one of the best Colleges in the United Stetes. It affords me pleasure to recommend him to the unfortunate, o of maipractice, as a successful and experience ractitioner, in whose honor and integrity they may

From A. Woodward, M. D., of Penn. Universi-From A. Woodward, M. D., of Penn. University, Philadekphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the Gental Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been cousid ered beyond medical aid. I have been acquainted with the Authorsome thirty years, been acquainted with the Author some thirty years, and deem it no more than justice to him as woll as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

ALFRED WOODWARD, M. D.

'This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with too little breath to puff, and too little presumption to impose, he has offered to the world, at the merely pose, he has offered to the world, at the merely ominal price of 25 cents, the fruit of some twenty years' most successful practice.'"—Herald.
"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow

to the youth under their charge."-- People's Advo-A Presbyterian clergyman in Ohio, writing of 'Hunter's Medical Manual?' says:—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the ken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ul-timately to remove this wide-spread source of hus man wretchedness, would confer the greatest bics-sing next to the religion of Jesus Christ, on the resent and coming generations. Intemperance (or the use of intoxicating drinks) though it has slair the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in.?

The soil is a dark, rich, mould, from one to five feet in depth, is gently rolling, and peculiarly fitted for grazing cattle and sheep, and the cultivation of wheat, Indian corn, &c.

The first crip of Indian corn planted on the newly broken prairie, usuall pays the cost of plowing and sometimes fencing. Wheat sown on new turned sod is sure to yield very large profits. One man with a plow and two yoke of oxen will break one and a half to two acres per day. Contracts can be inade for breaking, ready for corn or wheat, at \$2 to \$2 50 per acre. By judicious management farms may be broken and funced the first and under a high state of cultivation the second year.

The larger yield on the cheap lands of Illinois, over high priced lands in the Eastern and Middle States, is known to be much more than spificient to pay the difference of transportation to the Eastern market. The rapid increase and growth of fourishing towns and villages along the line of this read afford a growing home demand for farm produce.

Cai and wood are delivered along the road at different points at froin \$1.50 to \$\frac{1}{2}\$ the cord or ton.

Partice having in riewl lows, Kansas, Nebraska, or Minnesta for their future himes should take into consideration that the country west of the Mississipplis destitute of railroads; that the copyeniences of transporting grain and produce farms on the line of the Illinois Contral Railroad, direct to the great Eastern market, it sufficient of listelf to pay the iuves/ment at froin \$20 to \$2 for each read in the country west of the Mississipplis the Eastern market, that the conveniences of transporting grain and produce farms on the line of the Illinois Contral that it costs so much mere to get produce from the interior of the country west of the Mississipplis the Eastern market, that title farmer will find it much more profitable to locate on the line of this railroad.

will be deducted for cash, in which hase the Company's Construction Bonds will be received as cash.

It is believed that their price, long credit, and low rates of interest charged for these lands, will enable a man with a few hundred dollars in cash, and ordinary industry to make himself independent before all the purchase money becomes due. In the mean time the rapid settlement of the country will probably have increased their value four or fivefold. When required an experienced person will accompany applicants, to give information and aid in selecting lands.

Large Plats, showing the precise location of the Lands througout the State, may be seen at the office. Small pocket Plats, as a guide to any part of the Company's Lands, and Pamphilets, containing interesting information, accompanied by numerous letters from respectable farmers throughout the State, may be had on application at the office of the Company, No. 62 Michigan ar, Chicago.
