BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the reagment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person pd by letter

Here every woman can discover, by comparing her own ymptoms with those described, the nature, character, ses of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of ruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such intraction and advice, and also explain many symptoms which otherwise would occasion anxiety or slarm as all the neculiarities incident to her situation are described. How many are suffering from obstructions or irregular ities peculiar to the female system, which undermine the health, the elects of which they are ignorant, and for

which their dolicacy forbids seeking medical advice. Many suffering from prolapsus uters (falling of the womb), or from fluer albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives ar hazarded during such time, will each find in its pages the

cans of prevention, amelioration and relief. t is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly in-

ded for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a mother? Have you the sincers welfare of those you love at heart? Prove your sincerity, and lose no time in ming what causes interfere with their health and hapness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and axisty, followed by sleepless nights, incapacitating the hind for its ordinary avocation, and exhausting those ans for medical attendance, medicines and advertised strums which otherwise would provide for declining ears, the infirmities of age and the proper education o

ar children. In consequence of the universal popularity of the work, a ordenect by its extraordinary sale, tarious imposi-ions have been attempted, as well on booksellers as on he public, by imitations of title page, spurious editions, d surreptitious infringements of copyright, and other vices and daceptions, it has been found necessary,

The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxbury has discovered, in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR.

From the worst Scrödula down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two humdred certificates of its virtue, all within twenty miles of Boston.

I wo bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst canker in

he mouth or stomach. Three to five bottles are warranted to cure the worst case f Erysipelas. One to two bottles are warranted to cure all humor in

he Eyes. Two bottles are warranted to cure running of the ears and blotches among the hair. Four to six bottles are warranted to cure corrupt and

nning ulcers. One bottle will cure scaly corruption of the skin. Two to three bottles are warranted to cure the worst

ise of ringworm. Two to three bottles are warranted to cure the most des-

rate case of rheumatism. Three to four bottles are warranted to cure the salt

eeum. Five to eight bottles will cure the worst case of scrofula. A benefit is always experienced from the first bottle, and perfect curo is warranted when the above quantity is

Reader, I peddled over a thousand bottles of this in the Reader, I peddleed over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.-So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold an-other; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its ralue has never been known until I discorrered it in 1846—second that it should cure all kinds of humor.

of humor. In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853. I peddled it and sold about six bottles per day—in April, 1854. I sold over one thousand bottles per day of it Some of the wholesele Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was over like it. There is a universal pralse of it from all quarters. In my own practice I always kept it strictly for humors
