STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating infin-ence incident to the enjoyment of health. The remedy is by knowing the causes and avoiding there, and knowing the remedies, and benefiting by them. These are pointed out it. THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

BY DR. A. M. MAURICEAU, PROFESSOR OF DESERBER OF WOMEN.

Hundredth Edition, (500,000), 18sno., pp. 250. [ON FURN PARK, EXPEN MENOR, \$1.00.]
A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847 since the high time.

FIVE HUNDRED THOUSAND COPIES ONE HUNDRED THOUSAND SENT BY MAIL. attesting the high estimation in which it is held as a re-

BOOK FOR EVERY FEMALE he author having devoted his exclusive attention to the restment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own ymptoms with those described, the nature, character. uses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of astruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all uliarities incident to her situation are described. How many are suffering from obstructions or irregulartics peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice liany suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant arony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives ar hazarded during such time, will each find in its pages tho

means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly innded for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and nxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of er children.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other levices, and deceptions, it has been found necessary.

CAUTION THE PUBLIC y no book unless the words "Dr. A. M. MAURICE Liberty Street, N. Y.," is on (and the entry in it's Office on the back of) the title page; and of respectable and honorable dealers, or send nil, and address to Dr. A. M. Mauric

of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1853, I peddled it and sold about six bottles per day of it Some of the wholesple Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wouderful virtues have been found in it that I never suspected.

Several caneso of epileptic fits—a disease which was al-

If you have contracted the terrible disease, which when once seated in the system, will surely go dewn from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yoursolf in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring faisehoods to well calculated to deceive the young and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

THE FLUID EXTRACT BUCHU has been pronounced by eminent Physicians the greatest remedy ever known.—
It is a medicine perfectly pleasant in its tasic and very innocut in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease, which has brought thousands of the human race to unnimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious smillion of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit averybody, from the simply delicate to the confined and despatching invalid, in equal is to be found, acting both as a Cure and Preventive.

HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT SARSAPARILLA, for purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Sait Rheum, Scald Head, Ulcerations of the Throat and Legs,

Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most distinguished Physicians in the country, and has proved more efficient in practice than any other any preparation of Sarsaparilla yet offered to the public. Several cases of secondary Syphilis, Mercurial and Scroficious diseases have entirely recovered in the incurable wards of our Public Institutions which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most invoterate diseases, after the glands were destroyed and the bones already affected to ROTICE.—Letters from responsible Physicians and Professors of several Medical Colleges, and certificates of cures from patients will be found accompanying both Preparations.

Jos. S. Longshone, M. D. From A. Woodward, M. D., of Penn. Universi-ty, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the Gental Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been consid health, in cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or excess or venery, I do not know his superior in the profession. I have been acquainted with the Authorsome thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confident themselves. Alfred Woodwald, M. D.

Alfred Woodwald, M. D.

This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with too little breath to puff, and too little presumption to impose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice.''—Herald.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—People's Advo-A Presbyterian Elergyman in Ohio, writing of 'Hunter's Medical Manual' says: -" Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the bable of salf-pollution, without realizing the sin influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check and ultimately to remove this wide-spread source of hig man wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain thousands, is not a greater sourge to the human thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted and, believe me, your co-worker in the good work you are so actively engaged in."

and growth of nourishing towns and villages along the line of this road afford a growing home demand for farm produce.

Coal and wood are delivered along the road at different points at from \$1.50 to \$1.40 cord or ton.

Parties having in view lows, Kansas, Nebraska, or Minnesota for their Inture homes should take into consideration that the equatry west of the Mississippi is destitute of railroads; that the conveniences of transporting grain and produce farms on the litne of the Milinois Central Railroad, direct to the great Eastern market, it sufficient of itself to pay the investment at from \$10 to \$15 per acres higher than in government lands in lows. In other words that it costs so much more to get produce from the interimarket, that the farmer will find it much more profitable to locate on the line of this grailroad.
