The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxbury has discovered, in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR,

from the worst Scrofula down to a common pimple He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the fee. n the face. Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst canker in

of Erysipelas,

Four to six bottles are warranted to cure corrupt and unning ulcers.
One bottle will cure scaly corruption of the skin.
Two to three bottles are warranted to cure the worst

ase of ringworm. Two to three bottles are warranted to cure the most des erate case of rheumatism. Three to four bottles are warranted to cure the salt neum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and
perfect cure is warranted when the above quantity is a perfect cure in warraines. The state of the second taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it prove effectual in all cases of that awful mailedy—there are but few who have seen mor it than I have eral cases of Dropsy, all of them aged peo-

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1854, I sold over one thousand bottles per day-off the wholessle Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that I nover suspected.

Jos. S. Longshore, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the Gental Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfec-health, in cases where the patient has been consid-ered beyond medical aid. In the treatment of Sem inal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as the been acquainted with the Author some thirty years, and deem it no more than justice to him as well as the beautiful as the bea kindness to the unfortunate victim of cretion, to recommend him as one in whose prokindness to the unfortunate victim of early indiseretion, to recommend nim as one in whose pro-fessional skill and integrity they may salely confide themselves. ALFRED WOODWARD, M. D.

'This is without exception, the most compre-hensive and intelligent work published on the dlass of discases of which it treats. Avoiding all technical terms, it addresses itself to the reason of it readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with too little pose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty most successful practice."-Herald "No teacher or parent should be without the

knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—People's Advocate.

A Presbytorian elergyman in Ohio, writing of "Ilunter's Medical Manual?" says:—" Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fartil consequences upon the medical series. and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done so to enlighted and influence the public mind as to check, and of timately to remove this wide-spread source of hug-man wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance or the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race.
