[ON PART ALTON, (WO,WO) & COMMON P. 2000 [ON PART ALTON, HICK, HUDRO, \$1.00.] A standard work of established roputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other clies, and sold by the principal booksellers in the United States. It was first published to 1847, since which time

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in parson ind by letter. Here every woman can discover, by comparing her own

ymptoms with those described, the nature, character ses of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need o truction and advice of the utmost importance to her re health, in respect to which her sensitiveness forids consulting a medical gentleman, will find such in ction and advice, and also explain many symptoms rich otherwise would occasion anxiety or alarm as all e peculiarities incident to her situation are described. How many are suffering from obstructions or irregulara peculiar to the female system, which undern aith, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice Many suffering from prolapsus eters (falling of the womb), or from fluer allous (weakness, debility, &c.) Many are constant agony for many months preceding confine nent. Many have difficult if not dangerous deliveri

ad slow and uncertain recoveries. Some whose lives are ararded during such time, will each find in its pages the neans of prevention, amelioration and relief.

It is of course impracticable to convey fully the various blects treated of, as they are of a nature strictly in tended for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a other? Have you the sincers welfare of those you love t heart? Prove your sincerity, and lose no time in earning what causes interfere with their health and hapnoss not less than your own. It will sveid to you and yours, as it has to thousands, many a day of pain and riety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those neans for medical attendance, medicines and advertised strums which otherwise would provide for declining ars, the infirmities of age and the proper education of

your children. In consequence of the universal popularity of the work, as oridenced by its extraordinary sale, various, imposi-tions have been attempted, as well on booksellers as on the public, by imitations of tills page, sparious editions, and surreptitious infringements of copyright, and other divertors and deceptions, it has been found necessary.

ALTRED WoodWARD, M. D. "This is without exception, the most compre-hensive and intelligent work published on the class of diseases of which it treats. Avoiding all tech-nical terms, it addresses itself to the reason of its readers. The author has devoted many years to the irrestment of the various complaints treated of, and, with too little breath to puff, and too little presumption to im-pose, he as offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice.<sup>37</sup>-Herald. SHINGLE MACHINE. D. A. V. B. ORR'S celebrated Machine for splitting, shaving, jointing and cutting Shin-gles, was on exhibition at the late Pennsylvania State Fair, and had awarded it a Silver Medal, with special motics from the Judges. This machine is auperior to other machines for the same purpose, in this, that it splits the shingle from the block or bolt lengthwise with the grate of the wood, without requi-ring the wood to be first steamed. The first cut in splitting the shingle from the block will produce or make the unfinished shingle smooth on the one side, and in the second process, the shaving knife will shave and make smooth and taper the other side of the shingle as required. This machine is simple, durable and cheap in its construction, and can well be made for \$70. Any information relative to this invention may be had by splying or writing to THIELS SWOPE A thoras I tancester Pa. SHINGLE MACHINE.

Any information relative to this inventon may be had by applying or writing to ZURIEL SWOPE, Attorney, Lancaster, Pa.
