The prospects for a glorious victory to the Democracy in November next, is now very promising, but racy in November next, is now very promising, but this fact should not prevent a vigorous and early action on the part of the members of the great Dem-ocratic party, who glories in its victories and de-plores its defeats—who clings alike to the good old ship whether in storm or in calm—who will not surrous and early render those principles they have so long cherished and battled for in the political field—who, though at one tune defeated, will draw their sword for anothe one time deteated, will draw their sword for anothe condict and fight for principles and right, and the right must and well eventually triumph. The Moral of the Senstorial Election. The West Chester Republican has the following apposite remarks relative to the election of Gov. BIGLER to the U. S. Senate:

The election of Gov. Bigler in many re-

spects must be highly gratifying to the Dem-coratic party of Pennsylvania. We propose to examine briefly the moral of this election. At the State election in 1854 a whirlwind of political excitement swept over this Commonwealth, which not only prostrated the nom-nee of the Democracy for the Gubernatorial Chair of the State, but also sent a body of legislators to Harrisburg largely opposed to our time-honored organization. Like the present representation in the lower House at Washington, they had every thing in their

own hands, and yet there seemed to be an over-ruling power that thwarted every design they attempted to execute. This very Senatorship

rebuking the wrong.

George Scott, E-q., of Columbia county, is strongly urged by the Easton Argus, Easton Scutinel, and several other Democratic papers, as a suitable candidate for Canal Commissioner. Mr. S. is known as a sound and reliable Democrat, and every way qualified for an honest and enlightened discharge of the duties appertaining to the station.

It is the duty of every Democrat to commence his work at once, and not wait until the eleventh hour, mence his for that migh prove too late. tering the campaign, and his nomination would be hailed in the South and West with one unanimous voice of approbation. As the Whig, Know-Nothing, Abolition and all the factions will, in all probability, unite upon one man against the Democracy—there is no telling what they might do; it is therefore necessary that the Democratic National Convention bring forth the best qualified, most available and strongest man of the party—ict all past differences be forgotten, and rally around the choice of the Convention as one man and for one and the same cause—THE THITYPH of DEMOCRACY. Mr. BUCHANAN is that man, and unless he be the nominee I tell you now, there is danger ahead; and I do hope, for the sake of the Democratic party and its cherished principles, that the Delegates to the National Convention will so de-termine and put him before the people as a candidate for the Presidency. It is due to Pennsylvania as well as Mr. Buchand. The "Old Keystone of the Arch" has nearly always been found in the Demo-cratic column, and if the reader will take the trouble to look back, he will find that as went Pennsylvania so went the Union—I believe there is not an excep-tion on record. She has always been fine and farm, and it is but justice to her citizens that she have once a candidate for the highest office in the gift of the people, and when, too, she can present such a tower of strongth as James Buchana. Political Correspondence.

We see published a couple of letters that have passed between Col. S. C. Stambaugh and Major Jno. P. Heiss, late of the N. Orleans Delta, in reference to an article which recently appeared in that paper, evincing a bitter hostility to Mr. Buchanan as a candidate for the Presidency. Mr. Heiss explains it thus :--

The article of which you complain, speaking dispargingly of Mr. Buchanan, was published without my knowledge or consent. It appeared some days after I had retired from all connection with the paper, yet my name continued at the head of its columns—the new proprietors not deeming it expedient, for rea-sons best known to themselves, to announce the change, although they had in their posses-sion my written withdrawal. I was much annoved and displeased when I saw it : but. as I supposed the sale of my interest in the paper was soon to be formally announced, I did not think it necessary to disavow it, except by private letters to some of Mr. Buchman's

t intimate friends. I now regret that I had not done so publicly. My connection with the paper ceased on 9th ult., and the article in question, I think, appeared on the 15th. On the 19th, the cessation of my interest, from the date of notarial act, was published in the *Delta*, and my name withdrawn as proprietor. Messrs. Jenkins & Segur were declared to be the purchasers. I left New Orleans on the 17ult., before th

change was announced. The Keystone has committed an egregious error in calling the Delta "the organ of the

Democracy of Louisiana," for although, as you well know. I have ever been a consistent Democrat, the Delta, while under my control, was conducted as a neutral paper. As to the Dr. statement made in the article of the Delta, of of which you justly complain, that Mr. Buchan-an intended to return by way of Louisiana, I have the authority of an intimate friend of Mr. Buchanan-a citizen of that State, who has long been in regular correspondence with him in that he has never intimated the slightest in-

Gen. GEORGE CADWALADER, of Philadelphia, was chosen President. Resolu-tions were adopted, and a committee appointed to draft a bill for regulating the military system of the State. Only 1 prisoner died during the 11 months. There were no cases of in. sanity developed during that period. For details on this subject, see Table No. 14. There were committed during the past 11 months, 35 persons for vagrancy, and 236 for drankonness and dis-orderly conduct; an increase of vagrancy of 26. This in-crease is no greater, proportionably, than the increase o. the whole number of inmates of the prison. The undersigned deem it unnecessary to say more than to reitersite the opinion, expressed in the previous Annual Reports of their predecasors, in reference to the superiority of the system of separate and solitary con-finement at labor. But to realize the full buenefts of jan 15 1y 52

The undersigned deem it unnecessary to say more than to relievate the opinion, expressed in the previous Annual Reports of their predecessors, in reference to the superiority of the system of separate and solitary con-finement at labor. But to result the full benefits of that system, it is indice pressule that the accommodations of the prison should be ample. That this is not the case at present is apparent from the fact that, on the 30th of November last, there was 104 immates and but 80 cells in the prison for their nece-immodation, which renders the placing of the prisoners together, in many of the cells unavoidable, thus frustrating the design and losing the beneficial fruits of the system. To remedy this incorresience and make it practicable to carry out the system fully and effectually, the erec-tion of another wing will be required, the expediency of which is recommended by the Board. The accompanying statements marked by the letters of the Alphabet, relate to the Financial affairs and Wanufacturing operations of the Prison, during the 11 months ending information touching these subjects. Statement A. shows that the orders issued by the la-on, from January 1st, 1856, to Noremher 30th, 1857, both days inclusive, amounted to From which deduct extraordinary expenses, to with during during the stars of the sign 53 66 From which deduct extraordinary expenses,

It will be seen that the number of prisoners maintained the hast year was 30,695 days, 10,679 days of which at 17 cents a day, and 20,019 days at 20 cents a day, amounted to §5,619 23-100-whereas the number maintained the previous/wear was but 27,841 days at 17 cents a day, amounted to but \$4,-600 09-boing an increase in maintenance the prast eleven monts, over the preceding year of \$1,018 cm, importantly by required a further increase of 2 cents a day to the Keeper for boarding prisonars of 2 cents a day to the Keeper for boarding prisonars. The increase was al-lowed from the first of May last. This advance was made with a distinct understanding and agreement with the Keeper to submit to a reduction, as soon as the re-duced price of the articles required for food would justify it, which has not yet taken place, as it is not intended that he shall make any profit by boarding the prisoners, but that he should be simply compessated for the out-lay actually made by him for that purpose. The aver-age cost of the prison to the county during the eleven monts embraced in this Report, per month, was 672 43-100 dollars. That of the progress made in man-favorable to the economy of the management and the profitableness of the manafcuring of the prison. Statements U. Y.
