STARTLING, BUT TRUE

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pithble condition as not even for one day to feel the happy and exhilarating infin-ence incident to the enjoyment of health. THE BLOOMING BRIDE.

THE BLOOMING BRIDE, But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently in-explicably, becomes a feeble, sickly, sallow, debili-tated wite, with frame emanisted, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental pro-tration, arising from ignorance of the simplest and plainest rules of health as connected with the mar-riage state, the violation of which estable dise disease, suffering and misery, not only to the wife, but often transcripter course target and which estables and suffering and misery of the suffering and misery.

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by latter Here every woman can discover, by comparing her own

symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of

instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or slarm as all

the peculiarities incident to her situation are described. How many are suffering from obstructions or pregular ities peculiar to the female system, which undermine the

health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice Many suffering from prolanny uter's (falling of the womb). or from fluor albus (weakness, debility, &c.) Many are

in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries. and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of. as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife er a mother? Have you the sincers welfare of those you love at heart? Frove your sincarity, and lose no time in earning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the

mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declinta years, the infirmities of age and the proper education o your children.

In consequence of the universal popularity of the work, as eridenced by its extraordinary sale, varions imposi-tiegs have teen attempted, as well on booksellers as on the public, by imitations of tile page, spurious editions, and sourceptitious infringements of copyright, and other devices and deceptions, it has been found necessary,
