STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife lingers from year to year in that pitable condition as not even for one day to feel the happy and arhibrating infu-ence invident to the enjoyment of health.

and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrang,
spirits depressed, countenance bearing the impressof suffering, and an utter physical, and mental prostration, arising from ignorance of the simplest and
plainest rules of health as connected with the marrisge state, the violation of which entails disease,

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which be is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character. causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness for bids consulting a medical gentleman, will find such in struction and advice, and also explain-many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities lucident to her situation are described. How many are suffering from obstructions or irregular itles peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries nd slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly in tended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife o mother? Have you the sincere welfare of those you love learning what causes interfere with their health and hap piness not less than your own. It will avaid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for, its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised postrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

as pridenced by the attraordinary sale, various imposi-tions have been attempted, as well on booksellers as the public, by imitations of fittle page, spurious editions, and surreptitious intringeneems of copyright, and other levices and deceptions, it has been found necessary. CAUTION THE PUBLIC

line of this road afford a growing home demand for farm produce.

Ceal and wood are delivered along the road at differen politic at from \$1.50 to \$4 the cord or ton.

Parties having in view lows, Kansas, Nebraska, or Minnesota for their future homes should take into consideration that the country west of the Mississipplis destitute of railroads; that the country west of the Mississipplis destitute of railroads; that the country least Eastern market, it sufficient of itself to pay the investment at from \$10 to \$15 per acre higher than in government lands in lows. In other words that it costs so much more to get produce from the interior of the country west of the Mississipply to the Eastern market, that the farmer will find it much more profitable toilocate on the line of this railroad.

Price and Terms of Payment.—The price will vary from \$5 to \$25, according to location, quality, &c. Coutracts for the market the market desires the vary 1855, stioulating the tojlecate on the line of this railroad.

Price and Terms of Payment.—The price will vary from \$5 to \$25\$, according to location, quality, &c. Contracts for deeds may be made during the year 1855, stipulating the purchase money to be paid in five annual instalments—the first to be due in two years from date of contract, the other annually thereafter. The last payment will become due at the end of the sixth year from date of contract.

By the \$25 second section of the Act of the Legislature approved 10th February, 1851, these lands are free from taxation until they are paid for, and a deed of conveyance granted to the purchaser.

Interest will be charged at only two per cont. per annum.—As a security for the performance of the contract, the first two years' interest must be paid in advance, but it must be understood that one tenth of the land purchased shall yearly be brought under cultivation. Longer credits at six per cent. per annum may be negotiated by epecial application. Twenty per cent. from the credit price will be deducted for cash, in which case the Company's Construction Bonds will be received as cash.

It is believed that the price, long credit, and low rates of interest charged for these lands, will enable a man with a few hundred dollars in cash, and ordinary industry to make himself independent before all the purchase money becomes due. In the mean time the rapid settlement of the country will probably have increased their value iour or fivefold. When required an experienced person will accompany applicants, to give information and aid in selecting lands.

Large Plats, showing the precise location of the Lands througout the State, may be seen at the office. Small pecket Plats, as a guide to any part of the Company's Lands and Panphleta, containing interesting information, accompanied by numerous lotters from respectable farmers throughout the State, may be had on application at the office of the Company, No. 62 Michigan ar.
