Here every woman can discover, by comparing her own symptoms with those described, the nature, character. auses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of istruction and advice of the number Importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicary furbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor clius (verkness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

A Cure for Consumption, Coughs, Colds Asthma, Brotchitis, General behility and Scrofulous Humors.

HAVE YOU THILD IT.—This important question should be asked every invalid who is suffering from pulmonary troubles in this ickle climate. Have you tried WILBOR'S COMPOUND OF COD LIVER OH, AXD LIME? It will compose the property of the pr COMPOUND OF COD LIVER OIL AND LIME? It will not mauseate like the plain oil, but is on the contrary, pleasant to the taste; moreover the Phosphate of Lime is, in this combination, a most remarkable aid to the healing proporties of the pure Cod Liver (ii), as the following certificates (sele-ted from a host of life great acknowled; ments) will amply whow. No person should neglect for a single hour a cough, or any affection of the hungs lest the most serious consequences follow. Dr. Wilbor's preparation is both simple, and sure in all ordinary cases, and has performed some surprising cures in decided consumption, where other medical aid has falled :—

Dr. Wilbor':—During nearly the whole of the past winter, I lead suffered scriously with a cough, which so irritated my tungs, that my physician frankly admitted his fear of consumption's following this trouble as the Spring weather set in. Medicino seemed to afford ma little relief until I tried your preparation of Col Liver Oil and Lime. The effect I am forced by facts to admit, was almost magical and I have the pleasure of raying at this writing, Olay 2d, 1862, I am entirely free from any pulmonary trouble. With thanks to you for your valuable discovery, I cordially recommend it to those who are thus afflicted:

The Greatest Medical Discovery of the

Dr. KENNEDY, of Roxbury has discovered, in our common pasture weeds, a remedy that cure EVERY KIND OF HUMOR, from the worst Scrottla down to a common pimple.

He has tried it in orse 1100 cases, and more falled except in two cases, (both thunder humor). He has now in his concession over two hundred certificates of its virtue, all rithin twenty miles of Boston.

Two bottles are warranted to cure a wursing sore mouth. One to three bottles will cure the worst kind of Pimples. One to the man the face of the system of Biles.
Two to three bottles will clear the system of Biles.
Two bottles are warranted to cure the worst canker in he mouth or stomach.
Three to five bottles are warranted to cure the worst case.

Two bottles are warranted to cure running of the ears nd blotches among the hair.

Four to six bottles are warranted to cure corrupt and onning uleers.
One bottle will cure scaly corruption of the skin.
Two to three hottles are warranted to cure the worst Two to three bottles are warranted to ours the most des-perate case of rheumatism. Three to four bottles are warranted to cure the salt

rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and
a perfect cure is warranted when the above quantity is
taken. a perfect cure is warranten when the subsection taken. Reader, I peddled over a thousand bottles of this in the ricinity of Boston. I know the effect of it in every caseso sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite inlentiful, and yet its value has never been known until I mentiful and yet its value has never been known until I such that appear to the surprising that the surprising the surprising that the surprising th

of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it! Some of the wholesale Druggirts who have been in the some of the wholessle Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wanderfor. great and wouters.

never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen mor

of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, Diseases of the Spine, and particularly in disease of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet ever necessary—eat the best you get and enough of it.

Children over ten years dessert spoonful. Children

Helm bold's Genuine Preparations.—
HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT BUCHU, for Diseases of the
Bladder and Kidneys, Secret Diseases, Strictures, Weaknesses, and all Diseases of the Sexual Organs, whether in
male or female, from whistever cause theymay have originated and no matter of how long standing.

If you have contracted the terrible disease, which when
croe seated in the system, will surely go down from one
generation to another, undermining the constitution and
sapping the very vital fluids of life, do not trust yourself
in the hands of Quacks, who start up every day in a city
like this, and fill the papers with glaring falsehoods too
well calculated to descive the young and those not ac
quainted with their tricks. You cannot be too careful in
the selection of a remedy in these cases.

THE FILUID EXTRACT BUCHIU has been pronounced by eminent Physicians the greatest remedy ever known.—
It is a medicine perfectly pleasant in its taste and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and, unlike other remedies, it does not dry up the disease in the blood.

Constitutional Deblity, brought on by self-abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delirate to the confined and despairing invalid, no equal is to be found, acting both as a Cure and Preventive. HELMBOLD'S HIGHLY CONCENTRATED COMPOUND HELMBOLD'S HIGHLY CONCESTRATED COMPOSED FILUID EXTRACT SARSAPARILLA, for purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt. Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most ditinguished Physicians in the country, and has proved mor efficient in practice than any other any preparation of Sarsaparilla yet oftered to the public. Several cases of secondary Syphilis, Mercurial and Scrofulous diseases have entirely recovered in the incurable wards of our Public Institutions which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases, after the slands were destroyed and the bones already affected.

This is decidedly the most fascinating, interesting and really useful and practical work on Courtship, Matrimony, and the duties and delights of Married Life, that has ever been issued from the American press. The artificial social system, which in so many instances prevents a union of hearts, and sacrifices in conventionalism the happiness and hopful of hearts, and sacrifices in conventionalism the happiness and even the lives of thousands of the young and hopful obth sexes, is thoroughly analysed and exposed. then what will this land be? It is proper that reason should give the answer.

The Sunbury and Erle Railroad, of which Gov. Bigler is President, and which connects this land with the Lakes and Philadelphia, and the Alleghany Valley Railroad, of which Gov. Johnson is President, connecting this land with Pittsburg, are in rapid course of completion, and upon a great extent the locomotives are running. The reflections which suggest themselves upon this subject are these—It takes two hundred weeks to pay for the farms. They will be distributed when they are half paid for. By that time the railroads will be finished. That will be early enough for all practical purposes. The advantage of buying it before their completion is evident. When that is done property will go up one hundred per cent.—Speculation in coal would at once run it up to such a

sarly enough for all practical purposes. The auvantage of buying it before their completion is evident. When that is done property will go up one hundred per cent.— Speculation in coal would at once run it up to such a price as would make it impossible to obtain for agricultural purposes. We now get it without paying the then improved price, and the stockholders will enjoy the rise. A tract of about two thousand acres will be laid off at once, and ready by next Spring, in order that persons who wish to farm immediately can do so.

Friends and relatives, as well as those baving more than one share can have their farms together.

An Improvement department will also be connected with the company. By this means, in order to accommodate those who are unable to give their personal attention to fenging or preparation, or desire to rent their properties out instead of residing there, arrangements can be made to place each farm in complete order, so as to be ready for cultivation. After the farms have been all sold, stockholders can have manure furnished, houses built and other work done upon credit, they securing the payment to the company within a reasonable time, so that a man in the first place receives a farm at the lowest possible price, and then is afforded every assistance in placing it under crops.

and then is afforded every assistance in placing it under a crops.

These embrace the principal features, and an excellent opportunity is now offeren for a man to obtain a home for himself, his wife and children, either at the present or time to come. Many business men, Mechanics, and workingmen upon farms, who save several dollars a month, cau, by thus uniting together, become freeholders, whilst they scarcelymiss the outlay, and at less expense than the annual cost of tobacco or the most trifling luxurics. A saving and purchase of this kind eat nothing, and constantly increase in value. WEIGHENS: would respectfully amountee to hit price in and the public, that having purchased the right of this city and county to use Dr. Esquina's Petent Colored Gutta Percha, he is prepared to furnish Sets of TEFH with this material in a manner far superior to any other now in use. The advantages are the ability of making a more pefect fit, and a more natural and beautiful job; and the material is vastly more congental and more pleasant to be worn in the mount than metal all who have ever had it applied will have nothing cise.—It is impervious and perfectly indestructible by acids or alkilies, and cannot be in the least affected by the saliva of, or by anything taken into the mouth. I have tested this by putting it into the strongest aqua fortis, with no more effect from it than would be from water.

All who wish to try the Gutta Percha Teeth can have a set put in, and if they do not render perfect satisfaction they need not take them. The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotos, signifying Indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varinish in immediate contact with the Picture. buch are not permanent, as the varnish must crack and destroy the Picture.

AMBROTYPE STRRESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambrotype Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.
