The Humarenth Ectinos, (000,000), 10,000, 19, 200 (05 yrst purst a strata invition, \$1.00.) A standard work of established zeputation, found classed the catalogues of the great trade subsis in New York, indelpits, and other cities, and sold by the principal locations in the United States. It was first published 1847, since which time

FIVE HUNDRED THOUSAND COPIES have been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL,

sttesting the high estimation in which it is held as a re-liable popular Medical BOOK FOR EVERY FEMALE

the author having devoted his exclusive attention to the irrestment of complaints peculiar to famales, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, auses of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of istruction and advice of the utmost importance to her future health, in respect to which her sensitiveness for-

bids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or slarm as al the peculiarities incident to her situation are described.

How many are suffaring from obstructions or irregulartties peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for

which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries,

and slow and uncerthin recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fally the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of these you love at heart? i'rore your sincerity; and lose no time in learning what causes interfere with their health and hap-

piness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and antiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those

For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, Disease of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.
