PLIGHTED Mine to the core of the heart, my beauty Mine-all mine, and for love, not duty; Love given willingly, full and free, Love for love's sake, as I love thee. Duty, a servant, keeps the keys,

Of his goodly chamber with song and shout, Just as he please-just as he please! Mine, from the dear head's crown, brown-golden, To the silken foot that's scarce beholden; Give a warm hand to a friend-a smile. Like a generous lady, now and awhile : But the sanctuary heart, that none dare win, Keep holiest of holiest evermore-

But love, the master, goes in and out

The crowd in the aisles may watch the door. The high priest only enters in. Mine, my own-without doubts or terrors; With all thy goodnesses, all thy errors, Unto me and to me alone revealed, "A spring shut up, a fountain scaled."

Many may praise thee-praise mine and thine Many may love thee-I'll love them too; But thy heart of hearts, pure, faithful and true Must be mine—mine wholly—for ever mine Mine !-God, I thank Thee that Thou hast given Something all mine on this side Heaven ;

Bomothing as much myself to be As this my soul which I left to Thee Flesh of my flesh, bone of my bone, Life of my life-us, whom Thou dost make Two to the world, for the world's work's sake, But each unto each, as in thy sight, one

BONNETS AND SKIRTS. Little head and little bonnet ! Little pate with nothing on it ! (One might say "with nothing in it."

But that you charm me every minute :--) Little lady, now I know Why maidens let their ringlets grow; For otherwise—as bonnets go-Their heads would freeze, and "that is so Little waist and monstrous flounces! How the silk sea waves and bounces How the hooping billows quiver

Like a lovely rustling river Oh wondrous watered-silken What whalebones in your depths must be What lots of gold-all wastefully Squandered on you-bright silken sea!

SPEECH Delivered by C. K. Landis of Philadelphia, at St. Mary's, on the 21st ult.

Mr. LANDIS said : when I had the first prospect of your pic- see if we cannot make Elk county what year. We feel satisfied that the good time turesque and beautiful place, I could not she is evidently intended to be-one of is coming for Elk and that very shortly. but appreciate the energy which bowed the wealthiest counties of our State. For in the seclusion of your own prosperity, the wealth and importance of your place were unknown or misrepresented. But when I was surprised at these circumstances, I had still greater cause for astonishment, when I found amongst you an intelligence and refinement superior to many of realized, which will really be a cause of the ways crying out. Whip behind!" in the miserable hope of seeing some hanger-on more fortunate than ourselves, knocked off his perch.—I Philosopher in the Street.

A Poor Mam's Comfort.—It is a blessed thing for a poor man to have a considerable of the constant of our older cities in the East. To think that you had the noble energy to come out h ere and make this place the place it is, gave me encouragement and inspired

me with confidence. Fellow Citizens, that I may explain to you | Road between this and Eric, companies well as my associates, in identifying our ry direction. There is certainly no locainterests with yours; and also to confer tion in the Union which presents the same

phically, and it was a new cause of pleas- them. The completion of the Lake end of vault is about six feet deep from the base to comprehend the importance of your loca- than that about Schuylkill county in the tion and what this place is destined to be, completion of the Reading Railroad. Elk I will go over the facts and the reasons has superior advantages to any of those which address themselves to the judge- adjoining in the way of a market, and in ment, and upon which alone we should act. saying this we only make the assertion of First, your mineral resources are of so su- others, who make the consideration of these perior a nature that the reason they were things a matter of business, and who are incredible from their own greatness-pos- make a short extract from the Pottsville sessing a wealth of coal, iron ore, limestone | Gazette :- "The Erie division of the Sunand other minerals; in short, to an extent bury and Erie Railroad has been wisely that you are fully aware. Nature has not placed under construction, thus early in only favored you this, but by your loca- view of the coal of Elk county. The great tion, the force of circumstances has placed | bituminous coal formation of the Allegheyou beyond competition. There is no coal ny in running eastward gradually ascends between this and the Great Lakes, and you until the measures finally run out in

slight enumeration by which you can judge coal trade will necessarily contribute one of the real extent of your market. The Sunbury and Erie, giving you a direct bury and Erie, as well as the northern end communication with the Lakes, is the most of the Allegheny Valley Railroad. The important. The Alleghany Valley will distance to Eric is about one hundred traverse your country from North to South, miles, and the coal could be afforded in the

place and Erie is now under contract, and there, or to any other point on the lake | Dr. J. T. Baker, Homepathic Physician, successor what the result will be is a mathematical of the contract of the contrac what the result will be is a mathematical shore. Thus it will be perceived a stucalculation. Having no competition we pendous coal business is dertain to accrue possess the market. The population which to the Sunbury and Eric road, the moment we will supply will amount to nearly two its lake end shall have been completed; millions, and the coal we can deliver over and one of the inevitable effects of such descending grades at \$2 per ton. The trade will be to give extraordinary value number of tons that will be required may to lands." be estimated by the amount of coal now mined in Schuylkill County, which has a Ledger, from Pottsville, the following obmarket not more than one-fourth larger servations are also made. "The coal of than our own; the consequence will be Elk will find an unlimited market on the that these hills will become mines of shores of Lake Erie, distant about one wealth, and the completion of this end of hundred miles, with descending railway the road the greatest epoch in the history grades. Thus a trade almost as extensive of your County. This end of the road is as our anthracite is rushing into existence now under contract—the men are at work on the western slope of the Alleghany, and

reflect upon it, and form no conclusions but in a straight line our State from New upon the principles of calculation. It is a York, will soon occupy the same position amentable fact that the first settlers of a to the vast extent of country and populanew country which has had any peculiar tion North, and the immense inland seas advantages, have seldom participated to west of them, that our anthracite basins any great extent. They are unaccustomed now do to the people and the Atlantic coast to receiving the real value of their lands, east of us. They will supply fossil fuel and are too apt to judge the future by the when the climate demands it, and where

past, instead of by those circumstances nature has failed to deposit it, while they which control all human affairs. The original themselves become the great workshops inal holders of property in Schuylkill coun- and manufactories for the surrounding

Homecapathic Medicines

Through the carnest solicitations and assistance of the homocopathic physicians of the city, I have been induced to procure a full and general supply of the purest and best homocopathic medicines, and will be prepared to fill orders, or prescriptions, with as much safety, and as good medicine as can be precursed at any time in the larger cities. Industry Arnica Piasters; Arnica Coart Plaster, Adhesive Plaster and Adhesive Straps, Also, a superior article of Homocopathic Arnica Tineture always on hand. Persons wishing to have their medicine chesis filled, can be accommodated with the same medicines that they have heretoore been at the expense of sending to the city of Philadelphia for.

Having presured the services of a thoroughly educated druggist, who has put up from ten to lifteen thousand Prescriptions in a year. I leel bold in saying to Physicians and others, that that branch of the business which all agree to be the most dangerous and responsible, will be attended to with great care and in a scientific manner.

**Homocopathic Processing Processing Commodition of the content of the services of the attended to with great care and in a scientific manner.

which must be borne by the settlork, in the reduced price of their products and to that extent jrecisely are life incomes from their farms, and of course on their investments, an-maily and overy year reduced.

The great fertility of the lands new offered for sale by this company, and their consequent yield over those of the Ess-tern and Middle Sattes, is much mobe than sufficient to pay the difference in the cost of transportation, especially in view of the facilities furnished by the load, and others with which it connects, the operations of which are not in-terrupted by the low water of summer, or the frost of win-ter.

PRICE AND TERMS OF PAYMENT.—The price will ya-PRICE AND TERMS OF PAYMENT.—The price will vary from \$5 to 25, according to location, etc. Contracts for Deeds may be made during the year, 1855, stipmating the purchase money to be paid in five annual instalments. The first to become due in two years from the date of contract, and the others annually thereatter.] The last payment will become due at the end of the sixth year from the date of the contract.

Interest will be charged at only three per cent. per annum. As a security to the performance of the contract.

num. As a security to the performance of the contract, the first two years interest must be paid in advance, and it must be understead that at least one tenth or the land purchased shall yearly be brought under cultivation. Twenty
