STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that plimble condition as not even for one day-to feel the happy and exhilarating influ-ence incident to the enjoyment of health

THE BLOOMING BRIDE. BLOUMING BRIDE,
But a few years ago in the fineh of health and youth,
and hnoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, deblitated wife, with frame emaciated, nerves unstrung,
spirits depressed, countenance bearing the impress
of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and
plainest rules of health as connected with the marrage state, the violation of which entails disease,
suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN " UNTO THE THIED AND FOURTH GENERATION,"

Pronsmitting CONSUMPTION, SCROFULA, HVPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and Worse Diseases, as a OREADFUL INHERITANCE FROM THE PARENTS. And must this continue? Must this be? Is there no say? No relief? No hope?

emedy? No releast No hope?"

The remedy is by knowing the causes and avoiding hem, and knowing the remedies, and benefiting by them.

These are pointed out in THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

FIVE HUNDRED THOUSAND COPIES ave been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL. BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person

Here every woman can discover, by comparing her own symptoms with those described, the nature character. sinses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of struction and advice of the utmost importance to her future health, in respect to which her sensitiveness for oids consulting a medical gentleman, will find such intraction and advice and also explain many symptoms which otherwise would occasion auxiety or slarm as a

Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hararded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time is learning what causes interfere with their health and hap piness not less than your own. It will avoid to you and rours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for decliping years, the infirmities of age and the proper education of your children

In consequence of the universal popularity of the work, as eridenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious enhums.

CAUTION THE PUBLIC to buy no book unless the words "Tr. A. M. MACHICHAT, 1'29 Liberty Street, N. Y.," is on (and the entry in the Clerk's Office on the back of) the little page; and buy only of respectable and honorable dealers, or send by mail, and address to Pr. A. M. Manicoau.

Dr. Willbor's preparation is both simple, and sure in all ordinary cases, and has performed some surprising curres in decided consumption, where other medical aid has failed:

Dr. Wilbor:—During nearly the whole of the past winter, I had suffered seriously with a cough, which so irritated my lungs, that my physician frankly admitted his fear of consumption's following this trouble as the Spring weather set in. Medicine seemed to afford me little relief until I tried your preparation of Col. Liver Off and Lime. The effect I am forced by facts to admit, was almost magical, and I have the pleasure of saying at this writing, (May 2d, 1852) I am entirely free from any pulmonary trouble. With thanks to you for your valuable discovery, I cordinally recommend it to those who are thus afflicted:

the hands of Quackes, who start up every day in a city

A tract of about two thousand acres will be laid off at once, and ready by next Spring, in order that persons who wish to farm immediately can do so.

Friends and relatives, as well as those having more than one share can have their farms together.

An improvement department will also be connected with the company. By this means, in order to accommodate those who are unable to give their personal attention to fencing, or preparation, or desire to rent their properties out instead of residing there, arrangements can be made to place each farm in complete order, so as to be ready for cultivation. After the farms have been all sold, stockholders can have manure furnished, houses built and other work done upon credit, they securing the payment to the company within a reasenable time, so that a man in the first place receives a farm at the lowest possible price, and then is afforded every assistance in placing it under crops.

These subtrace the principal features, and an excellent opportunity is now offeren for a man to obtain a home for himself, his wife and children, either at the present or time to come. Many business men, Mechanics, and workingmen upon farms, who save several dollars a month, can, by thus uniting together, become freeholders, whilst they scarcely, miss the outlay, and at less expense than the annual cost of tobacco or the most trifling luxuries. Cheap Books.—Great Bargains.—In consequence of the increase of busines at the new and Cheap Book Store, and the want of room for the transacting of the increased business, the design is to remove the Book Store to the second floor of the building on the corner of North Queen and Centre Square, adjoining the building in which the Book Store is at present. And as the subscribers have just returned from the Trade Sales with a very large STOCK of BOOKS at texceedingly low prices which makes their stock much larger than it ever has been.—They intend, and are compelled to reduce their stock for the present as much as possible, and to do so they are determined, as they bought their stock very low, to suit their customers in prices. We offer the reading public a great opportunity to buy fimany raluable Literary Gems exceedingly low, as our books are new and select, those desirous of replenishing their Libraries would do well by calling and examining for themselves. A RTIFICIAL TEETH.—A NEW MATERIA Dr. 8. WELCHENS would respectfully announce to his patrons and the public, that having purchased the right of this city and county to use Dr. Slayton's Patent Colored Gutta Percha, he is prepared to furnish Sets of TEPTH with this material in a manner far superior to any other now in use. The advantages are the ability of making a more pefect it, and a more natural and beautiful job; and the material is vastly more congenial and more pleasant to be worn in the mouth than metal. All who have ever had it applied will have nothing else—It is impervious and perfectly indestructible by acids or at killes, and cannot be in the least affected by the saliva of, or by anything taken into the mouth. I have tested this by putting it into the strongest aqua fortis, with no more effect from it than would be from water.

All who wish to try the Gutta Percha Teeth can have set put in, and if they do not render perfect satisfaction they need not take them. Or if they are found not to stand the test of time, a gold set, of the very best character, will be inserted in exchange or the money will be refunded. Call at the office of Dr. S. Welchens, No. 34 Kramph's Buildings, North Queen street, for further information on this subject, and see specimens of this truly beautiful inventic.
