"And must this continue? Must this be? Is there no medy? No relief? No hope?"

The remedy is by knowing the causes and avoiding em, and knowing the remedies, and benefiting by them. These are pointed out in THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION.

BY DR. A. M. MAURICEAU, PROFESOR OF DESTRUCTION OF WOMEN One Hundredth Edition, (500,000), 18mo., pp. 250. [OH FINE PAPER, EXTRA HINDING, \$1.00] A standard work of established reputation, found classed the catalogues of the great trade sales in New York, Inflacelpits, and other cities, and sold by the principal obssellers in the United States. It was first published

FIVE HUNDRED THOUSAND COPIES ONE HUNDRED THOUSAND SENT BY MAIL, attesting the high estimation in which it is held as a re BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own

ymptoms with those described, the nature, character. auses of, and the proper remedies for, her complaints The wife about becoming a mother has often need of astruction and advice of the utmost importance to her future health, in respect to which her sensitiveness for bids consulting a medical gentleman, will find such in struction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all he peculiarities incident to her situation are described How many are suffering from obstructions or irregular itles peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice Many suffering from prolapsus uters (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief

It is of course impracticable to convey fully the value subjects treated of, as they are of a nature strictly in tended for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a mother? Have you the slucere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and hap piness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, approons editions, and arreptitions infringements of copyright, and other levices and deceptions, it has been found necessary, therefore, it

3 9 WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

A Cure for Consumption, Coughs, Colds Asthma, Bronchitis, General Debility and Scrofulous Humors.

HAVE YOU TRIED IT.—This important question should be asked every invalid who is suffering from pulmonary troubles in this fickle climate. Have you tried WILBOK'S COMPOUND OF COD LIVER 1015. AND LIME: It will COMPOUND OF COD LIVER OIL AND LIME? It will not nauseate like the plain oil, but is on the contrary, pleasant to the taste: moreover the Phosphate of Jime is in this combination, a most remarkable aid to the healing properties of the pure Cod Liger oil, as the following certificates (selected from a host of like great acknowledgments) will amply show. No person should neglect for a single hour a cough, or any affection of the lungs, lest the most serious consequences follow. Dr. Wilbor's preparation is both simple, and sure in all ordinary cases, and has performed some surprising cures in decidely-consumption, where other medical aid has failed i—Dr. Wilbor:—Durfin pearly the whole of the past winter, I had suffered scriously with a cough, which so irritated my lungs, that my physician frankly admitted his fear of consumption's following this trouble as the Spring weather set in. Medicine seemed to afford me little relief until I tried your preparation of Coy Liver (ii) and Line. weather set in. Medicine seemed to inform the fittle relief until I tried your preparation of Cod Liver oil and Line. The effect I am forced by facts to admit, was almost magical, and I have the pleasure of saying at this writing, (May 2d, 1852) I am entirely free from any pulmonary trouble. With thanks to you for your valuable discovery, I cordially recommend it to those who are thus afflicted:

The larger yield on the cheap lands of illimois over the high priced lands in the Eastern and Middle States, is known to be much more than sufficient to pay the difference of transportationly the Eastern market.

Eituminous coad is mined at several points along the Road and is a cheap and desirable fuel. It can be delivered at several points along the Road at \$1.50 to 4,00 per ton. Wood can be had at the same rates per cord.

Those who think of settling in lows or Minnesota, should bear in mind, that lands there, of any value, along the water courses and for many miles inland, have been disposed of,—that for those located in the interior, there are no conveniences for transporting the produce to market, Railroad not having been introduced there. That to send the produce of these lands, one or two hundred miles by wagon to market, would cost much more than the expense of cultivating them; and hence, Government hands thus situated, at \$1.20 per acre, are not so good investments as the land of this company at the prices fixed.

PRICE AND TERMS OF PAYMENT.—The price will vary from \$5 to 25, according to location, etc. Contracts for Deeds may be made during the year. 1856, stipulating the purchase money to be paid in five annual instalments. The first to become due in two years from the date of contract, and the others annually thereafter. The last payment will become due at the end of the sixth year from the date of the contract.

and the others annually thereafter. The last payment will become due at the end of the sixth year from the date of the contract.

Interest will be charged at only three per cent. per annum. As a security to the performance of the contract, the first two years' interest must be paid in advance, and it must be understood that at least one tenth of the land purchased shall yearly be brought under cultivation. Twenty per cent, from the credit price will be deducted for cash.—The Company's construction bonds will be received as cash. Ready trained Farm Buildings, which can be set up in a few days, can be obtained from responsible persons.

They will be 12 feet by 20 feet, dyided into one living and three bed rooms, and will cost complete set up on ground chosen anywhere along the Road, \$150 in cash, exclusive of transportation. Larger buildings may be contracted for at proportionate rates. The Company will forward all the materials for such buildings over their road promptly. Special arrangements with dealers can be made to supply those purchasing the Company's lands with fencing materials, agricultural tools, and an outfit of provisions in any quantity, at the lowest wholesale prices.

It is believed that the price, long credit, and low rate wf interest, charged for these lands, will enable a man with of fow hundred dollars in cash and ordinary industry, to make himself independent before all the purchase money becomes due. In the mean time, the rapid settlement of the ceuntry will probably have increased their value four or five fold. When required an experienced person will accompany applicants, to give information and aid in selecting lands.

Circulars, containing nunerous instances of successful farming, signed by respectable and well known farmers living in the neighborhoot of the Rairoad lands, throughout the State—also the cost of fencing, price of cattle, expense of harvesting, threshing, etc., by contract—or any other information—will be cheerfully given, on application, either porsonally or by better, in
