ST. LOUIS CORRESPONDENCE.

Continuance of Dry Weather-Important Arrests-Conv -State Campaign-Fair Proposition-Enthusiasm Buchanan increasing-the South is safe. Sr. LOUIS, July 21, 1856. We have had accessively hot weather during the entirweek, and not a drop of rain has fallen; every thing is dried and parched-the crops in all sections are suffering

ð

and unless we shortly have rain a very deficient harvest may be anticipated. Our produce market is extremely dull, and business generally is unusually light. The water in the various rivers continues to recede, except the Missouri, which is in fair navigable condition. Most excellent health prevails among our citizens; we believe there has not been a case of cholera this season. Nothing of 10" cal interest has transpired since our last, except, that sev-eral important arrests have been made within the last two or three days. Nathaniel Childs, jr., (the same individua who you will ramember was charged with the embezzle-ment of \$121,000 from the Missouri Bank some four or five years since)-was arrested on Saturday charged with ob aining goods under false pretenses, and required to give \$1,000 bail for his appearance at the next term of the Crit inal Court. His brother, D. J. Childs, was arrested at the same time, charged with forgery, and required to give \$5,-000 security. The particulars of these cases are not ye -the men under arrest stood as respectable eit

zens; one, Nathaniel, and we believe both, are leaders in the church of which they are pious members. You will also remember that we noted some time sing the arrest of Capt. Edwin Psul on a charge of forgery, and we then stated he was connected with wealthy relaand that the probabilities were the matter would be "hushed up." He was arrested in Galena and brought back to this city by an officer, and upon his arrival here it

was discovered to be a mistake-no forgery had been committed there. Bah! Three men, the brothers Wetmore and Wolf, started in

company with the county Marshal on Saturday last for the Penitentiary. These men were tried and convicted of forging land warrants-all moving in the best society, and above suspicion until their recent exposure. The notori ous Bob O'Blennis, contrary to the expectations of his as sociates, has not been pardoned by the Governor-he has been put to work in the Penitentiary at the wagon making

There is now considerable stir in political circles-the three candidates for Governor are now stumping the State, We hear nothing of the progress of Ewing, the K. N. candidate, and yefs little of Polk, whilst Col. Benton, seems to e the great and only topic of newspaper discussion. He still continues his tour, and from all accounts will poll a a much larger vote than his most sanguine friends expect-ed. We cannot, however, change our former prodictions -which we will here repeat-Ewing ought to be elected for his party is united, whilst the Democracy are almost equally divided-Benton, will without a doubt, beat Polk ome one or two thousand-consequently we say Ewing will be the next Governor of Missouri, unless Col. Benton can manage to break up their lodges in that part of the State where he is now operating. Bouton's friends seem to think he will be elected. The Congressional delegation from this State is in doubt-two, three, and as many as four candidates we believe are tunning in some districts. In this district there are three, and if the Irish vote the K. N. ticket, as they nearly always have done. Mr. Kenaett will be re-elected. Benton, howover, will carry the

county by a handsome majority. We think that after the August election the Democracy will unite upon one ticket. The *Democrat* has made a fair proposition-if Polk beats Benton the Benton men will withdraw their electoral ticket, and if Benton polls more votes than Polk they ask them to withdraw theirs. The

proposition has not yet been accepted. James B. Clay, son of the lamonted Henry Clay, has ex. a powerful and truthful appeal to the German pressed in a published letter, his preference for James Bu-and Irish citizens of the country, from which chanan. This act of his, if there were no other evidence to establish the fact, units the fie as to Mr. Buchanau's originating the charge of "bargain and sale." All the con servative Whigs will vote the Democratic ticket-a host of old line Whigs of this State have published their intentions to support Buchanan and Breckinridge. In Illinois, and

ywhere else, the same feeling is manifested. In Kentucky they have managed to raise the Frem flag, and the Louisville Courier says, now, it mover before,

Fillmore. Kentucky is safe! The K. N. papers are daily publishing votes taken on cars and steamboats, and invadably Mr. Fillmore is in the lead-if the figures are correct, as stated, it only goes to show that the Democracy stay at home and attend to their own business, whilst the K. N.'s are travelling through the country making missanctity of Catholic and other religious institutions, i. e. Massachusetts Legislature and Mrs. Patterson! It will also be remembered that in '44 Henry Clay best Polk in all cars and boats, but when it came to the ballot box, where ras Clay ? no whar !

We do not hear any more of the great hurrah for Fremont-the northern papers have become quite tame in their second thought of reflection. How is this? By the day of election they will sink so low that the sound of Ga-

briel's horn will never reach them. EXPLANATION .- By your last paper I perceive that "Old Guard" has offended some Democrats in the City of Washislon, into the Cincinnati Convention, of the Anti-Benton ard bearers, but on the other hand to do all in our power

ity that consummated this open and palpable fraud upon the people of Illinois, had a perfect right to continue that fraud by voting Mr. Archer into the seat, for certainly either

Congress. But, the truth is, the abol nisnists, in voting Mr. Allen out of Congress, could not as a majority, with the evidence of guilt before them, flags elicto commit the double crime of voting Mr. Archer in the seat; therefore the election is sent back to the people of llinois. I should not again have recurred to this Messrs. Editors, if a great wrong had not been comm gainst the elective franchise, and the people robbed of their rights, in the action of the majority of the House o Representatives, by the people of Illinois being deprived o services of their rightfully elected repl esentative.-However, Col. Allen will be returned to Congress by largely increased vote, over his former election, and then e will extend to his persecutors a full share of his compliments. Indre Burtes of the Senate, has this week introduced

a new Bill, allowing compensation to members of both Houses of Congress. The bill is a very important one, and cone calculated to work salutary reform in the busiuess of Congress. This new bill allows to members an annual salary of three thousand dollars, and twenty cents per mil as compensation, coming to and returning from the seat of government. This sum is not a whit too much, when one akes into consideration the immense sacrifice made by

mbers, of business and comforts at home, for a session in Congress. Also the great advantage that will accrue to the public interest, will be so manifested, in the business before Congress, that the new bill will act as a charm in consummating and perfecting all important bills for a very early decision.

The Senate this week, are also engaged in passing many internal improvement bills for the rivers and harbors on the Lakes. It is not to be expected that these Bills will eceive the signature of the President, should they pass

inseated Mr. Gallegos, the delegate from New Mexico, and occasioned by the death of Hon. Washington have also reported a resolution, that Gen. Whitfield is not ntitled to his seat as delegate from Kansas. This report coming from the Committee on Elections is equivalent to its adoption. as it is from Mr. Washburne, of Maine, who

we all know, is an avowed abolitionist, and at the same time, entertaining disunion sentim euts. Gen. Whitfield stands but a poor chance to retain his seat, now that Mr. Washburne, of Maine, has spoken against him. The House

majority have denied the military appropriation bill, all supplies for the army, and have abrogated the laws of Kausas, so iar as the Government of the U.S. is concerned. The object of the majority of blact republicans, is evidently an opportunity of testing the sincerity of their professions: to dismember the Union. Every day's experience, prove that they are becoming desperate, and by degrees their treason against the laws of Congress on the Kansas and

Slavery question are being made manifest in their desper

ate action in the House. The delegate from Nebraska, Mr. Chapman, for

Mr. Burlingame was desirons to go to the "Clifton House," Canada, but Mr. Brooks could not trust himself within the bounds of the enemy's country. Mr. Burlingame has returned to Wash-ington, and Mr. Brooks says, if Mr. Burlingame can be "screwed up" to a fight, he, Brooks, will accommodate him at any moment. A Word to our Adopted Citizens. The Pennsylvanian of Wednesday week has

we make the following extract :

We are well aware that hopes are indulged, in certain quarters, that our German fellow citizens, especially those who have immigrated

within the last few years, will allow them-selves to be misled because Fremont is hostile to the domestic institutions of the South, and this is the chord upon which Mr. Sumner and the State is certain for "Buck and Breck," as the men who Mr. Seward so industriously play. But it oill rote for Fremont, would otherwise have supported will presently become a grave question wheth er adopted citizens are willing to second these arch-demagogues in the quixotic experiment of trying to improve the condition of the slave, by a series of exciting and dangerous agitations: or whether they will adopt the wise public and practical course and oppose the chlef,-prying into Catholic Churches, and invading the identity of Fremont with those men, who are tne sworn enemies of themselves, of their father-land and of the religion which many of

them profess. In order to show exactly what estimate these Abolitionists place upon the adopted citizen, it may be well to remind the latter, that Mr. Seward, several years ago, offered to Ex-Governor Smith, of Virginia, to exchange a given number of born citizens, then residents of New York, for a like number of Virginia free negroes

negroes to go to the city of New York and the ington, by the writing of a paragraph relative to the ad- adopted citizens to go to Virginia. Gov. Smith has frequently stated that Mr. Seward, now Delegates. This offense was not intended, and we are sorry and then the professed friend of the adopted the paragraph was not preperly understood. It is not our citizen, was quite sure that the bargain would ard bares, but on the other hand to do all in our power is the stand-great bares, but on the other hand to do all in our power is the stand-

There He Stands. "I have been placed upon a platform of which I most heartily approve, and that can Mr. Allen or Mr. Archer was elected to a seat in the 34th speak for me. Being the representative of the great Democratic party, and not simply James Buchanan, I must SQUARE MY CONDUCT ACCORDING TO THE PLATFORM OF THAT PARTY, and insert no new plank nor ake one from it."

The Black Republican press, says the Springfield, Illinois, Register, are quoting, with much apparent gratification, the above sentence from remarks recently made by Mr. Buchanan, at Wheatland. We hope they will keep it stereotyped in their columns. It is devotion to the principles of the Democratic platform that will secure Mr. Buchanan the enthusiastic support of the national Democracy. It will be seen by the above that he pledges to "square his conduct according to the platform of the party"-the Democratic party. Black Republicanism will render him

essential service in keeping this pledge "before the people." The Democracy expect .it, and will sanction nothing less, and every true Democrat is proud that we have a standard with the democracy's enemies.

PRESIDENT JUDGE APPOINTED .---- GOVERDOR Pollock has appointed H. D. Maxwell, Esq., of Easton, President Judge of the Northampboth Houses of Congress. The House, that is the dark-republican majority, have ton and Lehigh Districts, to fill the vacancy McCartney.

As the Black Ropublican press have been busily engaged trying to create an impression that Illinois is going for Fremont, the Providence (R. I.) Post, of Friday last, furnishes these Black Republican boasters with

Governor Mutteson, of Illinois, is on a brief visit to our State, and, with his family, is the guest of O. W. McKinney, Esq., of East guest of O. W. McKinney, Esq., of East Greenwich. The Governor is well known as one of the most distinguished and justly popu-lar Democrats of the West. If anybody sup-poses that there is any doubt about Illinois asting her electoral vote for BUCHANAN and BRECKINRIDGE, they can have all such doubts dissipated in a brief period by making the

acquaintance of His Excellency. We presume eing a Governor he would not bet, but we have good reasons to know that a friend by his side is prepared to bet \$10,000, not only that Illinois will cast her vote for the Democratic nominees, but she will give them TEN THOUSAND MAJORITY.

"Go PROFESSOR WOOD'S HARR RESTORATIVE.—This preparation, although less than two years before the pub-lic, owing to its wonderful affects upon the human hair and ecalp, has aiready obtained a celebrity and sale perfectly unparallelled. It has without the ordinary appliance used for such purposes, won its way, and been heartily welcom-ed to nost of the cities and towns in the United States the Cauadas, and the West India Islands. Nor is this result surprising, when it is remembered that its popularity is based upon its merics, solely as established by actual tests. As far back as 1356 my hair commenced failing off, until the top of my scalp became build and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your attrictes that, I was in-duced to give your articles a thal, and to my utter astonlyh-ment, I found after a few applications that my hair became irmly set and assumed a very glossy and beautiful papear-ance; and, by the time I had used a quart bottle full. my bald head.mark\_covered over with a young and vigrous-growth of hair, which is now from one to two inches in length, and growt retring.

WASHINGTON, July 25th, 1856. The papers have informed you, that both Houses of Conss have agreed to a final adjournment on the 18th of they have, on assuming their positions in Congress, sworn to support —but which they utterly and openly disre-gard by their vote and action in Congress. But, abolition, dark republican, sectional disunion sentiments are fast dying out. Give the people of the State light upon the conduct of the present majority of the House, and my word for it, Messrs. Editors, a large number of them will have served their first and last term in Congress. Let the people know their history, truthfully .-- Let the people know, how many Pennsylvaniaus have " bowed the knee to Baal" and have run "after false Gods," neglecting the public business of the country, and using all their energy and efforts to uphold Mr. Summer and his treasonable designs, and, then there will be no regret, that the day for the adjournment of the present session is so near at hand;-for then the day ation has come, and unworthy representatives will aceive their just deserts from further service of the people. they cherish and sustain, is, to "let the Union slide," as Mr. Banks their Speaker, in the State of Maine, traitorously Is it possible that in view of all these facts, believe, that any patriotic Pennsylvanian will further sustain any such representatives, those, that entertain such ats, and men too, who have sustained Mr. Banks on the contrery, we think the people will sustain the Union, repudiate the sentiments of Mr. Banks, and discard

Mr. Editor, as regards the "meddlesome interference" of anoth er State with the politics of our own—we can do our own fighting here, and ask no outsiders for ald. Had that good Democratic rule been strictly adhered to, the paragraph which seems to have cuused a little vextion in certain quarters, would never huve found its way into Pennsylva. In B. But when papers in Washington city take upon themselves the task of advising the popie of this State who are Domocrats and who are not, and who are sincers and wo are not sincers in their advocacy of the Democrati-party, we think they are bverstepping their bounds. If this paragraph has offended certain persons in Washi People that live in glass houses should never throw stones. They broke our windows first, and waves too sonsilive not to throw back. We have not seen the Sentinel's remarks, but infer from your article that Mr. Buchanan is censured for what we wrote. This is wrong, unfair as well as ungen-erous. Mr. Buchanan does not pay us for advocating his claims, neither does any one else; we write the erents of the Democratic forces, but we never can succeed in effecting the day and express our views, without remuneration from any source. We here in Missouri are desirous of throwing this State for Buchanan, and for that purpose are seeking a union, if the Washington papers interfere with our State politics and dictate to thissuid that wing of the party. contradiction:

The Greatest Discovery of the Age.—It seldom occurs, that we notice, under any circumstances, patent medicines, restorativet, or anything of the kind, for we have a preju-dice against mest of them. But candor compels us to in-vite attention to the advertisement of Prof. Wood's Hair Restorative. We are too juvenile to require anything of the kind, but some instances of its use have come to our knowledge which almost assure us that it is a sovereign remedy against the hair becoming prematurely gray. It is not a "Hair Dye," but upon its application as directed, the effect is produced on the skin, which brings out the origin-nal native colored hair, without stiffnees, and gives it a glos-synd natural appearance. We have seen persons who have used it, and they are much pleased with it.—Missouri Re-publican.
