Let good and true men be selected to represent the people in the County Convention, and let that Convention select a good and true Buchanan County Ticket, and, our word for it, we shall give the Black Republican Woolly-Head Ticket such a race in the

county as Messrs. Stevens, Darlington and Geist little dream of. The people want honest and competent men to vote for, and if the Democratic Convention places such in nomination it will get hundreds of votes in the county that have never before been cast for a Democratic ticket. MESSES EDITORS—Presuming that a little news from the "South" may prove interesting to your readers, I shall now and then keep you advised of what is occurring in this part of the county politically. At the store of II. H. Bren-enan, Esq., Camargo, wo tes was taken during a few days last week of the votable enstomers, who visited the store, which resulted as follows: Buchanan, 33; Willmore, I7, and John C. Fremont, 10. This vote was honestly taken. These prenoses who know anything about this locality, po-titically, no doubt will feel somewhat astoniahed at such a result. Knowing that a few yases are your might have litically, no doubt will feel somewhat astonished at such : result; knowing that a few years ago you might hav travelled two miles in each direction from Camargo, and could not have found air democratic voters in all. Now the majority of the voters of the neighborhood may safely be counted for Buchanan. Foremost and most activ be counted for Buchanah. Foremost and most activ amongst those who have changed to Buchanan, is 'Squir Breneman. Heretofore he has always been an old lin Whig, and one of the most intelligent and influential is the southern part of the county; but being a nationa man, and not having a stomach to bear all the "wool" that is being crammed down the threats of these whig who have fallen in with the linck Republicans, he has tur ned from them with disguis, and serves his country's goo by supporting James Buchanan. There are many more is the same neighborhood who have pursued the same course ned from them with disguist, and servise his country's good by supporting James Buchanan. There are many more in the same neighborhood who have pursued the same course that Mr. Breneman has taken. Depend upon it you will hear good news from Eden and Providence townships next Norember. In the southern townships the prospects are bright, although that portion of the county is the hotbed of abolitonism. The 'Nigger worshippers' held a meeting last week in Little Britains. At least one third of the gath ering was composed of he and also *Darkizt*. The meeting was wholly under the control of these insame finalical ab-olitionists that infest the southern portion of the county, and with whom the *Eccinitics'* has a ways warred, bg whom he now hugs to his bosom with all their insame doctrines with a recklessnass to be plited. C. M. Johnson, the magnanimous and renouned little 'filth aguirt' edified his belowed 'colored broadtern' for the space of an hour in a style of unprecedented blackguardism—huriling his invec-tives against the domorratic party in a torrent of abuse that eren frightened' the poor darkies, and caused the white of many an eye to roll towards him assiptiously.— That speech of Charley's, and the proceedings of the meet-ing in general had the very happy effect of making quite a number of Buchanan votes. I conversed with several old line whige who positively doclared that they would seg-port Buchanan, having become so disguisted with the meet-ing, and with Charley's Blackguardism. I could name them, but it is not necessary. You may rely upon it that for every such meeting that is held in the county, with Charley as a speaker, we will gain a dozen votes at least. Although Darlington as a more tools of the whole whig party to abolitonism, we can tell him that there are hundreds and hundreds of old ilue whigs in the southern part of this county, who ere not sold, but, who are men of intelligence, of spirit and of findure, who are men of intelligence, of spirit and of ninue whigs in the southern presund

Chester County in Motion.

We attended a meeting of the Democracy of Chester county, held at the White Horse, about ten miles south-east of Parkesburg, on Thursday last. It was a magnificent gathering of the "bone and sinew" of that county, and shows conclusively the indomitable energy and spirit that pervade the friends of BUCHANAN and BRECKINRIDGE in that community. A goodly number of old line Whigs were present, who avowed their determination to vote the Demooratic ticket. The meeting was very large and enthusiastic, and was addressed by Capt. GEO. SANDERSON, of Lancaster, Hon. GEORGE R. RIDDLE, of the State of Delaware, and by R. E. MONAGHAN, Esq., and Hon. THOMAS S. BELL, of Westchester. The speakers were frequently interrupted by thunders of applause from the multitude present.
