Sr. Louis, Sept. 1, 1856. We have been enjoying the most delightful weathermid-days with cool mornings and evenings. The late heavy rains have materially improved navigation all the upper streams. Country merchants are beginning to arrive, and our business thoroughfares show more activity. The fall trade promises well. The produce market is roving-Wheat commands from 75 to \$1.20, as in quality; Corn 40 to 5c0.; Oats 40 to 48c.; Flour \$4.75 to \$7; Whis key 31 to 32c. per gallon; Butter 1214 to 14c. per lb; Po. tatoes \$1.40 to \$1.65 per bush.; Sugars 91/4 to 101/4c.; Molasses 50 to 56c. per gal.; Coffee 113/4 to 121/4c. per lb. The market is improving. There has been upwards of 70,000 sacks wheat received in this market during the past week, and about 9,000 sacks of corn. The health of our city

continues good. We noticed in our last that a Kansas meeting would held on Monday afternoon at the Court House. John F Darby was called to the Chair, and the usual complement of Vice Presidents and Secretaries were chosen. The Presi dent-briefly explained the object of the meeting, and a committee to draft resolutions expressive of the sense of the assembly was appointed. After the committee retired, some shouts of applause. During the speech, the speaker was frequently interrupted and compelled to pause on ac-count of the noise and confusion; Mr. Cooke, however, rose to quell the troubled waters, but not a syllable could be heard; he was finally compelled to sit down. Grimley's speech was an out-and-out Know-Nothing harrangue—he pitched into the Democratic party right and left, and spoke upon every thing but Kansas affairs, for which object alone the meeting was convened. Amid this general turmoil the Committee came in, and it was several minutes before order could be restored so that the report and reso lutions could be read. The resolutions were finally read but not one out of twenty heard them—the vote was taken upon them, however, and the President said they were carried, which a large majority of the meeting doubted .-The greatest confusion again prevailed, when it was anced that a meeting was going on, on the outside of the house, when a general rush was made to the spot. Col-Grimsley was there again on the stand, and his K. N. speech was again lost in the groans and hisses of the assembled multitude. The resolutions were here read: WHEREAS, We are satisfied upon information received om reliable sources that organized bands of lawless and

from reliable sources that organized bands of lawless and desperate men have invaded the territory of Kansas, with the purpose of expelling and exterminating the peaceable and law abiding citizens, and in carrying out their purpose have been guilty of aron, robbery and murder, destroying their property, burning their houses, and murdering the unoffending citizens whilst engaged in prosecuting their lawful concerns, whereby women and children have been driven from their houses, houseless and penniless. Therefore,

nittee of ten for each ward, to collect funds to aid those persons who are and have been sustaining the laws in and unything but creditable to an assemblage of "law abiding citizens." Nothing was accomplished, and St. Louis still stands upon neutral ground in the Kansas difficulties, but when necessity requires an expression of her citizens, she will be found on the side of law and order. Several "knock downs" took place after the meeting ad journed. A few days since, pursuant to the resolution Instructing the President to appoint a collecting committee, their names appeared in public print, and in nearlf every paper that has been published since, we see the declination of some one of the committee published—some stating that they have no sympathy with the Kansas heroes, and others that every tub should stand upon its own bottom.

Our intelligence from Kansas now states that the late

outrages enacted in that Territory have been greatly exaggerated, and this was done for the purpose of making gerated, and this was done for the purpose of making fremont capitali n the North, but these instigators have found out that the agitation was a losing instead of a winning game, and hence the sudden reign of peace. The Framonters of Illinois are daily becoming disgusted with the loaders of their party in the Now England States, and unless we very much mistake the signs of the times, they will repudiate the woolly heads and "woolly horse" before the November election. Gen. Lane—his army the Abolitionists and the Fremont party—are responsible for the recent murders that have been committed in Kansas, and woe unto either of them if they fall into the hands of the party now upon their trail. Peace and order prevailed prior to the arrival of Gen. Lane and his abolition party, and that peace can only be restored by driving them out of the territory and back to the Fremont ranks of the North. the House, on the passage of the Bill. The Black abolition party, having so long held full sway in the House, we were not prepared for the change until Saturday morning, when we first learned they intended to give in and surrender.—

The result is before your readers, and the whole country must rejoke that this dangerous risis has passed, and we hope forever. Those republicans that chose their country first and above party, in voting to sustain the Government and uphold the laws; deserve well of their country, and, as such, although their former fourse has been ungenerous

On the final vote and passage of the Army Bill, the rep-esentatives of Pennsylvania voted as follows—Those in

The Demo ourse we expect, if they wish the distinction, to see returned to the 35th Congress, and such other democrats as will redeem Pennsylvania from the position of abolition and secession that now tarnish her good name by the ac. ion of a majority of her delegation in the 34th Congress. We are highly gratified to learn that the Hon. J. Glancy

ones has been re-nominated by the acclamation of his true and noble democratic constituency. Mr. Jones ranks high in the democratic councils of the country, and no man i Congress has been more faithful to the interests of the Constitution and the Union, during the trying times of the past session, when so many of the representatives ennsylvania, were lending themselves to the disreputable hemes of the black-republican disunionists led on by Messrs. Banks, Grow, Giddings & Co. We rejoice to see that Col. Florence has also been renominated for Congress. He is a faithful, true, and noble

presentative, and well deserves this merited mark of apobation from his democratic representatives. Secretaries Dobbin, Campbell, and M'Clelland, have all left the city for a little recreation. \*The first, however, Mr-Dobbin, is somewhat indisposed, and will be absent for some time for the benefit of his health. The State of Vermont has gone for Fremont and the Garret Smith party. It is considered here as a good omen for the democratic party. Judging from the tide of popular sentiment now among the people, the vote of Vermont will be about all that Mr. Fremont will obtain, with four or five other States, in the approaching election. We regret, in fact, that the vote of any one State should be given to a sectional disunion candidate. There are many good and always run rampant over reason and patriotism in the opinion and action of a majority of her people. We trust a Estata known as "Paidt's Dwalling" lying in Walling."

1852 Vermont went precisely the same way, and yet Gen. PIERCE was elected by an overwhelming majority. It is a sure indication of the gloricus triumph of BUCHANAN and BRECK-INRIDGE in November next.

THE GREATEST DISCOVERY OF THE AGE. PROPESSOR WOOD'S HAIR RESTORATIVE.—This proparation, although less than two years before the public, owing to its wonderful iffects upon the human hair and scalp, has already obtained a colebrity and sale perfectly unparallelled. It has without the ordinary appliance used for such purposes, won its way, and been heartily welcomed to most of the cities and towns in the United States the Canadas, and the West India Islands. Nor is this result autoristing, when it is remembered that its nonlarity is Canadas, and the West India Islands. Nor is this result surprising, when it is remembered that its popularity is based upon its merits, solely as established by actual tests. That this preparation will actually RESTORE GRAY HAIR TO ITS NATURAL COLOR, produce a luxuriant growth upon the heads of the bald, prevent the hair from falling off, and when used as a toilet article, produce a continual flow of the natural fluids, and thus render the hair soft, glossy had wavy, destroy diseases of the scalp, and expel dandruff, the certificates of distinguished gentlemen and tadies, in every part of the country who have tried it, and therefore speak what they know, most fully attest. Vermont Election.

The Black Republicans, as was anticipated by every body, carried the State election in Vermont, on Tuesday last, electing their Governor, three members of Congress, and a large majority in the Legislature. Niggerism is rampant in that State—and it is one of the four or five that Fremont will carry at the Presidential election. Had the election resulted in our favor we should have looked upon it as ominous for the Democratic cause.
