These lands were grated by the Gorernment, to aid in the construction of this Italiroad, and include some of the richest and most fortille Prairies in the Stato, interspersed here and there with magnificent groves of oak and other timber. The Road extends from Chicago, on the North East, to Cairo at the South, and from thence to Galena and Dunleith, in the North West extreme of the State, and as all the lands lie within fifteen miles on each side of this Road, ready and cheap means are afforded by it for trans-porting the products of the lands to any of those points and from thence to Eastern and Southern markets. Moreover, the rapid growth of fiourishing towns and villages slong the line, aid the great increases in population by immigra-tion, etc., afford a substantial and growing home demand for farm produce. By judicious management, the land may be plowed and fenced the first, and under a high state of cultivation the second year.

Every subscriber, for only Ten Dollars, will get at least the worth of his money at the start, in the shape of a building Lot 25 feet by 100, whilst, at the same time, he stands a chance of getting a Valuable Farm or a Gold Mine, for which \$25,000 have al-ready been offered. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring. Annexed we give *Directions* for their use in the complaints which they have been found to cure. • FOR COSTIVENESS.— Take one or two Pills, or such quantity as to gently move the bowels. Cos-tiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved. FOR DIFEPESIA, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses—from one to four— to stimulate the stomach and liver into healthy action. They will do it, and the *hearthorn, bodyburn*, and soutburn of dyspepsin will rapidly disappear. When it has gone, don't Mindow Farm or a Goid Mine, for which \$25,000 have al-ready been offered. WILBOR'S COMPOUND, OF PURE COD LIVER OIL AND LIME.

A Cure for Consumption, Coughs, Colds Asthma, Bron-chitta, General bollity and Scrofulous Humors. HAVE YOU TRIBDIT—This important question should be asked every invalid who is suffering from pulmonary troubles in this fickle elimate. Have you tried WILBOR'S COMPOUND OF COD LIVER OPL AND LIME? It will not nansets like the plain OII, but is on the contrary, pleasant to the taste; moreover the Phosphate of Lime is, in this combination, a most remarkable aid to the healing properties of the pure Cod Liver Oil, as the following car-tificates (selected from a host of like great acknowledg-ments) will amply show. No person should neglect for a single hour a cougb, or any affection of the lungs, lest the most serious consequences follow. Dr. Wilbor's prepar-tion is both simple, and sure in all ordinary cases, and has performed some surprising cures in decided consump-tion, where other medical aid has falled:— Dr. Wilbor:—During nearly the whole of the past win-ter J had suffered seriously with a cough, which so irrita-ted my lungs, that my phydician frankly admitted his far of consumption's following this trouble as the Spring weather set in. The same remarks hold good in relation to the lands in Kanasa and Nebraska, for although vacant lands may be found nearer the water courses, the distance to market is far greater, and every hundred miles the produce of those lands are carried either in wagons, or interrupted water communications, increases the expenses of transportation, which must be borne by the settlers, in the reduced price of their products; and to that extent precisely are the incomes from their farms, and of course on Likeir investments, an-unally and every year reduced. The great fartility of the lands now offered for sale by this company, and their consequent yield over those of the Eas-tern and Middle States, is much more than sufficient to pay the difference in the cost of transportation, especially in view of the facilities furnished by the Road, and others with which it connects, the operations of which are not in-terrupted by the low water of summer, or the frost of win-ter.
