Dem. majority on joint ballot.... DOUGLAS UPON POLITICAL PARSONS .- In a

late speech at the West the distinguished Illi paper: nois Senator said:

Instead of preaching what men need to hear—"Christ and Him crucified"—those hucksters of a political religion forget the fundamental procepts of their professed Master's religion; forget Him and also the merciful designs and charitable spirit of His mission, and amid lies and vituperation, and slander, hold up, not the Cross, but "Douglas and him dammed!" [Cheers and laughter.] Is this harsh! Let me tell you, no politician, bred in the very school of bitterness and lies, can speak so harshly or so falsely as the abolition preachers of the times. I have received from two thousand to twenty-five hundred sarmons, filled with blasphemy, hypocrisy and blackgardism, preached by infidel, mercenary ministers, against whom the accusation must be brought of perverting the holy Sabbath and Christ's gospel to political ends. And in leaving this branch of the subject, let me say, if you wish to preserve religion, and your morals, and your conscience pure, and keep the exists of morality and the gospel isc, shun these political preachers. When the Bible and God are dethroried by these men, we shall become in this land as in France in '93.

The weather during the week has been pleasant, and on Thursday and Friday we had very heavy rains, which were which has been taken from this city to New Orleans at 20c per bbl, one dollar and twenty cents is now asked, and all rates. In the Missouri, a like high rate on freights are demanded—the usual charge from St. Louis to Council Bluffs is from 50 to 75c. per 100 lbs, and now \$3 and \$3,50 prevails Thus, it will be clearly seen that the stage of water in the Western rivers governs and controls, to a greater or less extent, the business of the Mississippi Valey-for it is reasonable to presume that country dealers will not buy goods when freights are at such figuresand thus restrict the trade not only of their own region, but the merchants in this and other cities. The probabilities are-country merchants buying very sparingly-that money matters during the winter will be tight, and heavy

Rose blown over, and we are enabled to see who the dead and Wm. L. Garrison, Rev. Antoinette L. blown over, and we are enabled to see who the dead and wounded are—among the former we recognize Greelay, Giddings, Stevens and Bennet, Black Republicanism, Abo-litionism, Know Nothingism and Niggerism. The triumph in the land of Penn was complete and overwhelming, and ensures the native State of James Buchanan for the nom nees of the Cincinnati Convention by an immense majority. In Indiana, the Democracy had scarcely a hope of success times of yore, and achieved a most glorious victory over the combined forces of the opposition, for which they are enti-tled to all praise. Indiana will speak in thunder tones on the 4th of November. In Ohio, though we have been defeated on the State ticket, we have gained handsomely in the Congressional delegation, and gained some 25,000 or 30,000 votes on the Union loving citizens of the Buckeye State, and with a Fillmore ticker in the field, Buchana will carry the State as certain as the 4th day of November arrives. Make way for Ohio and Indiana. Clear the track for Illinois, Michigan and Wisconsin. Stand from under, Kentucky, Tennessee and Iowa are ready to fall into line. Louisians, Missouri and Mississippi want a place in the

Dumocratic column.

> The Cry of Fraud--Look at the Figures. A correspondent of the Pennsylvanian thus effectually disposes of the cry of fraul raised by the Abolitionists, and shows that if there was fraud in the late election, the opposition are clearly chargeable with it:

> By examining the returns of the recent election, it will be seen that the vote of Pennsylvania, on Canal Commissioners, amounts to 422,998. The population of our State, by the census of 1850, was 2,311,786. We have then, without taking into account the increase in population, one vote for 5 49 of population of 1850.

Philadelphia gave, at the recent election, 68,642 votes, which, with a population of 408,762 in 1850, is one vote for 5.95 of inhabitants; that is one vote for nearly 6 persons-much less than the average of the State.

fraud, as applied to the late election in Philadelphia, in consequence of the increase of votes, is absurdly and foolishly false; that while here there is but one vote for six of population, in the abolitionized counties of Bradford, Susquehanna, Tioga, Potter and McKean, there is a vote for 5.31, 4.98, 4.97, 3.37, and 4.57 of inhabitants. These results in these infected distric's, demonstrate pretty clearly, that the cry of colonization, ballot-box stuffing, &c., raised here by the Abolitionists and their allies before and since the recent State election, was but the usual expedient of a certain gentry of the cry of "stop thief!" to
