STARFLING BUT TRUE WHAT EVERY WOMAN SHOULD KNOW.

FILLY A LE NIEDIUAL COMPANION, BT DR. A. M. MAURICEAU, PROFESSOR OF DEGLASS OF WORKS. One Hundredth Edistion, (600,000), 18mo., pp. 250. [OF JUST PAPER, EXTRA ENDING, \$1.00.] A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal bookeellers in the United States. It was first published to 1647, alnos which time

the anthor having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character causes of, and the proper remedies for, her complaints, The wife about becoming a mother has often need of instruction and advice of the utmost impostance to her uture health, in respect to which her sensitiveness for-

bids consulting a medical gentleman, will find such in struction and advice, and also explain many symptom which otherwise would occasion anxiety or slarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregular ties peculiar to the female system, which undermine the health, the effects of which they are ignerant, and for which their delicacy forbids seeking medical advice. Many suffering from prolopeus wiers (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are a constant agony for many months preceding confine ment. Many have difficult if not dangerous deliveries,

and slow and uncertain recoveries. Some whose lives are bararded during such time, will each find in its pages the means of prevention, amelioration and relief. It is of course impracticable to convey fully the various

subjects treated of, as they are of a nature strictly inbanded for the married or those contamplating marriage. Reader, are you a husband or a' father? a wife or a mother? Have you the sincers welfare of those you love at heart? Prove your sincerity, and loss no time in sarning what causes interfere with their health and happiness not tess than your own. It will avoid to you and ours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised

asstrums which otherwise would provide for declining years, the infruities of age and the proper education your children

In consequence of the universal popularity of the work, as avidenced by its extraordinary sale, various imposi-tions have been attempted, as well on booksellers as on the public, hydrimitations of title jage, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found discessary. therefore, to
