DECEMBER,

Christmas was generally observed, and all business was suspended. The day was clear and pleasant.

To-day our State Legislature convenes at Jefferson City and much important business will come before that bedy at the present session: part of which will be the election of two U. S. Sean ors. There are any number of aspiring and ambitious politicians seeking the distinguished honor. Who the successful individuals will be, yet remains to be known.

and ambitious politicians seeking the distinguished honor.

Who the successful individuals will be, yet remains to be known.

A most terrible and foul murder was committed in this city at the Virginia hotel on Sunday week. It appears that two young men went to the hotel, and we believe spent several days there together, and on Sunday stternoon a heavy fall attracted some of the immates to the committed in the committed in the committed in the committed days there together, and on Sunday stternoon a heavy fall attracted some of the immates to the committed in th

surrections in some of the Southern States, have subsided, and no further outbreak is anticipated. But these insurrections were not quelled, until some 12 or 16 of the instirections were not quened, until some 12 or 10 or the man-gators were hung. A Tennessee paper says Senator Bell of that State lost about \$10,000 by the insurrection panic du-ring his absence. Four of his negroes were hung by one of the local Courts, and five more afterwards by a mob.

John C. Dell has recently recovered damages to the amount of \$15,000, of the Galena and Chicago Railroad, for sale Ag. Injuries sustained by the plaintiff, by a collision with an engine at a crossing. It was proved that the conductor Since the election of Mr. Buchanan, Kansas has ceased o "bleed," and property has greatly improved in value.-

The latest accounts from there, represent everything as quiet, and the citizens busily engaged in building and clearing farms, with great confidence and hope of the future. Should the "New England Emigrant Aid Associa lons" disband, and leave every man go to Kansas upon his own resources, and purchase a home of his own, and with his own money—so that when it becomes valuable, these New England "sharpers" cannot drive him from it peace and quiet will reign in Kansas, and the people of the Territory will ere long form a State Constitution which will be legally submitted to the settlers, and the will of the majority will be quietly acquiesced in—if they want slave. ry, they will so decide, and if they prefer a free constitution the Congress of the United States cannot nor will not refuse to admit her as she so desires. There will no doubt be a large emigration to Kansas in the spring, and those who may read this paragraph, and have any idea of making Kansas their future home, will emigrate as early in the Spring as navigation will permit.

A late letter from Leavenworth says: "A lot containing 50 acres, lying half a mile from town, sold at private sale, a day or two since, for \$11,000! It ranges from eighteen inches to fifteen feet in depth in many localities. The Thermometer has ranged from 3 to 20 degrees below zero. The storm was so sudden and unexpected that many families are suffering for want of wood. This generator of caloric has advanced from \$2 to \$5 and \$6 per load. The number of lives lost on the Lakes during the season of navigation just closed, was 274. The number of vessels lost or sustaining injury, was 317. The amount of losses is estimated at between \$3,000,000 and \$5,000,000. There are 551 Rice plantations in the State of Georgia, North and South Carolina—each said to raise 20,000 pounds and over. We were yesterday credibly informed, by a gentlemen-who resides near the spot, that in September last, the well-known pecan tree, under which the remains of Gen. Pack-enham were buried, a few miles below this city, was broken off, thirty feet above ground, by a gale of wind, and a can-non ball, fired from the British lines during the battle, was found embedded just where the trunk broke off.

Thus it was that the brave Briton slept under one of his own missiles as his monument!

The Hon Wm. H. Bissell, Governor elect of Illinois, has so far recovered from his recent illness, as to be able to walk by the aid of crutches: He spent several days in our city last week.

The Lancaster Intelligencer and the Philadelphia Penn sylvanian are recognized in the South and West as home organs of Mr. Buchanan, and every thing that is said in their columns relative to Mr. Buchanan's administration, is supposed to be reliable. These two papers are quoted far and wide, and many editors who opposed the election of Mr. Buchanan, now fully endorse the sentiments in regard to the incoming administration as set forth in the Intelli-geneer and Pennsylvanian, The New Orleans Orescent, particularly applauds the probable policy Mr. Buchanan

Cloyerseed is steady with further sales of about 120 bu. prime seed at \$7.60 per bbl.

There is very little demand for Flour, and the market continues duil and drooping, with sales of about 2000 bbls for shipment at \$5.25 for standard brands, and \$6.62½ per bbl for extra, mostly at the latter rate, which establishes a decline. The sales for home use continue limited within the range of \$6.2566 50 common and good brands, and \$6.62½ % for extra and fancy lots, as to brand. Corn Meal is quiet, and only about 150 bbls Pennsylvania Meal have been sold at \$2.87½ but most of the stock is limited at a higher rate. Rye Flour remains quiet at \$1 per bbl.

In Grain there is very little doing. Wheat comes in slowly, and only about 2000 bushels have been disposed of, in lots, at 145% 650c. for fair to choice reds and 155% 150c. for white. Buyers now offer the former rates. Hye is steady at 80% 81c. Corn is inactive, with further small sales of old yellow at 58% 50c., in the cars and in stors. New is quoted at 60% 52c. The place is susceptible of a natural division into three handsome Farms, all well watered, with good improvements on two of the Farms. The soil is a rich clay subsoil, and over 400 Acres are set in grass.—From the Meadows some six to eight hundred tons of Hay per annum might be pressed into bales, and find a cash market, and good prices at Alexandria. Four trains pass the Farm dally, and in one andahalf to two hours marketing can be delivered to Alexandria, Washington and Georgetown. It is well known the prices of such truck are higher in the three cities than even in New York. The neighborhood is remarkable for its good society. Churches, Schools and Stores are very convenient. As to health, there is no neighborhood more healthy in the United States. The County Seat is two miles from the farm, and it is proposed to move it to the Station on the adjoining land. Extensive improvements have been lately erected there.
