CATHARTIC PILLS OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such Jerangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dan-

action to health, correct, wherever they exist, such irrungements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

For Costiveness.— Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dysfepsia, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four— to stimulate the stomach and liver into healthy action. They will do it, and the hearthurn, bodyburn, and soulburn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a FOUL STOMAOH, or Morbid Inaction of the Botcels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Neetwotsness, Sick Headmachs, Nausea, Pain in the Stomach, Back, or Side, take from four to eight Pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Scropula, Errspfelas, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging an

one ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

where:

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion virtue the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom:—Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhean, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes insbility to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious cofic, bilious diarrhoa, dysentery, &c. A medium dose of three or four Fills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, and all Inflammatory Fecers, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has ceen made more effectual to the purpose for which a dinner pill is employed.

TONICS WON'T DOI-They never did do more
I than give temporary relief and they never will. It is
because they don't touch the cause of the disease. The
cause of all ague and billions diseases is the atmospheric
poison called Miasma or Malaria. N-utralize this poison by
its Natural Antidote, and all disease caused by iti disappears at once. Rhodes' Rever and Ague Cure is this Antidote to Malaria, and moreover it is a perfectly harmless
medicine. The certificate of the celebrated chemist, J. R.
Chilton, of New York, to this effect, is attached to every
bottle: therefore if it does no good it ran do uo harm.

This is more than can be said of Quinine. Arsenic, or any
tonic in existence, as their use is, ruinous to the constitution and brings on Dumb Ague, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter
just received from a Physician:

Giorgerows, Ohio. March 18, 1856.

JAS. A. RHODES, Eaq.—Dear Sir: Yours of 2d inst. is
at hand. The Cure arrived late last year and the difficulty
in getting any one to try it was greatly increased from the
the fact that a remedy had been introduced which was
growing in favor with the public, as being better than uning
Quinine,—not knowing I presume that the remedy they
used to escape taking Quinine, contained the Drug Itself!

This reusedy, (known as 'Bmith's Tonic,') would invaribly break an Ague, but it did not cure it, as it would often
return with renewed vitor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your cure. The following is the result:

Three persons took your "Cure," all of which were cases

Three to four bottles are warranted to cure the sair riseum.

Pive to sight bottles will cure the worst case of acrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—80 sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor. It think there will be no uninculty now in giving to, your "Cure" the advantage ground of any other remedy now in use here, &. &c.

WILLIAM BUCKNER, M. D.

Rhode's Fever and Ague Cure, or Antidote to Malaria, the only harmless remedy in existence, is equally certain as a preventive, as a "Cure." Take it when you feel the chills coming, and you will never have a sincle one.

JAS. A. RHODE B,

Providence R I of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold about air bottles per day—in April, 1854. I sold over one thousand bottles per day of it. Some of the wholesele Druggirts who have been in the business twenty and thirty years, asy that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that I never suspected. For Sale by C. A. Heinitsh, Jacob King, Dr. F. Welens, John Fondersmith in Lancaster, and Drugs ists gerally.

A Cure for Consumption, Coughs, Colds Asthma, Bronchitis, General Debility and Scrofulous Humors.

HAVE YOU TRIED IT.—This important question should be asked every invalid who is suffering from pulmonary troubles in this fickle climate. Have you tried WILBOR'S COMPOUND OF COD LIVER OIL AND LIME? It will not neuseate like the plain Oil, but is on the contrary, plessant to the tuste; moreover the Phosphate of Lime is, in this combination, a most remarkable aid to the heating properties of the pure Cod Liver Oil, as the following certificates (selected from a host of like great acknowledgments) will amply show. No person should neglect for a single hour a cough, or any affection of the lungs, lest the most serious consequences follow. Dr. Wilbor's preparation is both simple, and sure in all ordinary cases, and has performed some surprising cures in decided consumption, where other medical aid has failed:—

Dr. Wilbor:—During nearly the whole of the past winter, I had suffered seriously with a cough, which so irritated my lungs, that my physician frankly admitted his fear of consumption's following this trouble as the Spring weather set in. Medicine seemed to afford me little relief until I tried your preparation of Cod Liver Oil and Lime. The effect I am forced by facts to admit, was almost magical, and I have the pleasure of saying at this writing, (May 24, 1852) I am entirely free from any pulmonary trouble. With thanks to you for your valuable discovery, I cordially recommend it to those who are thus afflicted:

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotas, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varnish in immediate contact with the Picture—buch are not permanent, as the varnish must crack and destroy the Picture.
