The Greatest Discovery of the Age.—It seldom occurs, that we notice, under any circumstances, patent medicines, restorativet, or anything of the kind, for we have a prejudies against most of them. But candor compels us to invite attention to the advertisement of Prof. Wood's Hair Rastorative. We are too juvenile to require anything of the kind, but some instances of its use have come to our knowledge which almost assure us that it is a sovereign remedy against the hair bocoming prematurely gray. It is not a "Hair Days" but upon its application as directed, the affect is produced on the skin, which brings out the original natural appearance. We have seen persons who have at the same of the work of the same as the ny.
