I sold over one thousand bottles per day—in Some of the wholessle Druggirts who have been in the business twenty and thirty years, any that nothing in the annals of patent medicines was ever like it. DIMECTIONS.—Apply by rubbing where pain or disease exists: then cover the parts with a plaster made of oiled Silk, to which stitch a thin layer of cotton batting; then cover the batting with thin muelin. FOR INHALING.—Place a saucer over a bowl of hot water, fand keep it hot;) pour into the saucer enough Olive Tar to cover the bottom; the apartment will soon be filled with its odor, affording to the patient an atmosphere impregnated with the delightful blended aroms of The Olive and of the Pine.

Another Method of Inhaling is to put Olive Tar on the Olied Silk Plaster, which being worn upon the chest, the heat of the bodywill cause the Olive Tar to evaporate gradually, and as it rises it will be inhaled. The Olied Silk Plaster should be medicated with fresh Olive Tar every other day. In acute cases, or in those of long standing, both of the above methods of inhalation should be used. By adhering to the above direction, the very worst forms of diseases of the Throat or Lungs, if not speedily cured, will be greatly relieved; while temporary Colds, Sore Throats, Inflamed Lungs, Catarrh, Croup Coughs, &c., &c., will yield at once to its combined curative powers.

WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

A Cure for Consumption, Coughs, Colds Asthma, Bronchitis, General Debility and Scrofulous Humors.

HAVE YOU TRIED IT.—This important question should be asked every invalid who is suffering from pulmonary troubles in this fickle climate. Have you tried WILBOR'S COMPOUND OF COD LIVER OIL AND LIME? It will not nauscate like the plain Oil, but is on the contrary, pleasant to the baste; inoreover the Phosphate of Lime is, in this combination, a most remarkable aid to the healing properties of the pure Cod Liver Oil, as the following certificates (selected from a host of like great acknowledgments) will amply show. No person should neglect for a single hour a cough, or any affection of the lungs, leet the most serious consequences follow. Dr. Wilbor's preparation is both simple, and sure in all ordinary cases, and has performed some surprising cures in decided consumption, where other medical aid has failed:—

Dr. Wilbor:—During nearly the whole of the past winter, I had suffered seriously with a cough, which so irritated my lungs, that my physician frankly admitted his fear of consumption's following this trouble as the Spring weather set in. Medicine seemed to afford me little rolled until I tried your preparation of Cod Liver Oil and Lime. The effect I am forced by facts to admit, was almost magical, and I have the pleasure of saying at this writing, (May 2d, 1852) I am entirely free from any pulmonary trouble. With thanks to you for your valuable discovery, I cordially recommend it to those who are thus afflicted:

N.B.—This compound does not nauscate like the clear Cod Liver Oil, but can be taken with pleasure of only by the work of the past with the clear Cod Liver Oil, but can be taken with pleasure of the most delicate females.

JAS. A RHODES, Esq.—Dear. Sir. Yours of 2d inst, is a band. The Cure arrived late last year and the difficulty in retting any one to try it was greatly increased from the heif fact that a remedy had been introduced, which was growing in favor with the public; as being better than using Quinine—not knowing I presume that the remedy they used to escape taking Quinine, contained the Drug Irself!

This remedy, (known as "Smith's Tonic,") would invaribly break an Ague, but it did not cure it, as it would often return with renewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your cure. The following is the result:

Three persons took your "Cure," all of which were cases of "Quotidian latermittent Fevor," of many weeks standing They had tried Quinine, and other remedies, occasionally missing a chill, but it was, (as in all such cases,) slowly wearing them out, and laying the foundation for other and severer maladies. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is boid in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of plass, with the Slack varials in immediate contact with the Picture.—
