AYER'S

Are curing the Sick to an extent never before known of any Medicine. INVALIDS, READ AND JUDGE FOR YOURSELVES.

JULES HAUEL, Esq., the well known perfumer, of Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says: are found at almost every toilet, says:

"I am happy to say of your CATHLENIC PILLS, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary ritues for driving out diseases and curing the sick. They ato not only effectual, but safe and pleasant to be taken—qualifies which must make them valued by the public when they are known."

when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"On. J.C. Ayan.—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilous headache, which has of late years overtaken use in the spring. A few dose of your Pilla cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing." IOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co.,

ever consent to be, while my means will procure them."

The widely remound S. S. STEVENS, M. D., of Wentworth, N. H., write:

"Having used your Cathabute Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"Dn. J. C. Ayra — Dear Sir: I have been afflicted from your in with scrofula in its worst form, and now, after twenty years' trial, and an untold of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pair; at others it settled in the scalp of my head, and destroyed my hair, and bas kept me partly bald all my days; sometimes it eams out in my face, and kept it for sunths a raw sore "About nina weeks ago I commenced taking your Catharite Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a bealthy growth; all of which makes me feel already a new person.

Overseer of the Portsmouth Manufacturing Co."

Capt. JOEL PRATT, of the ship Marion, writes from Boston, 20th April, 1854:

"Your Pills have cured me from a billous attack which arose from deraugement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every renedy I could try; but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world; and I am free t

"Senate Chamber, Ohio, April 5th, 1854.

"Dr. J. C. Ayer — Honored Sir: I have made a thorough trial of the Cayhartic Pilla, 1st in me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have contirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cayhartic Pilla. Yours with great respect, LUCIUS B. METCALE."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true. Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass.

TONICS WON'T DO!-They never did do mor poison called Minston or Maiarie. Nourreline this poison to its Natural Antidote, and all disease coused by it disappears at once. medicine. The restribute of the selebrates chemist, J. R. Chilton, of New York to this effect, is attached to every bottle; therefore it it does no good it can do no harm. This is more than can be said of Quinine. Arsenic. or my tonic in existence, as their use is ruinous to the constitution and brings on Pumb Ague, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter just received from a Physician:

Grosserows. Ohlo. March 18, 1856.

JAS. A RHODE. Esq.—Dear Sir: Yours of 2d inst. is at hand. The Cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public as being better than using Quinine,—not knowing I presume that the remedy they used to escape taking Quinine, contained the Drug Itself!

This reusedy. (known as "Smith's Tonic,") would invarishly break an Ague, but it did not cure it, as it would often return with renewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your cure. The following is the result:

Three persons took your "Cure," all of which were cases of "Quotidian Intermittent Fever," of mnay weeks standing They had tried Quinice, and other remedies, occasionally missing a chill, but it was, (as in all such cases,) slowly wearing them out, and laying the foundation for other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the Wour remedy and they have not had a chill since. In all three of these cases the would return.

I think there will be no difficulty new in giving to your Control the control of the contro

ted, break the chill, but after a period of would return.

I think there will be no difficulty now in giving to your "Cure" the advantage ground of any other remedy now in use here, &., &c.

Rhode's Fever and Ague Cure, or Antidote to Maiaria, the only harmless remedy in existence, is equally certain as a preventive, as a "Cure." Take it when you feel the chills coming, and you will never have a single one.

Patent Ambrotypes.—The subscribers having purchased the exclusive right of Lancaster city, are now enabled to offer to the public a New STYLE OF PICTURES, far exceeding, in beauty and durability, anything ever be fore made. Those pictures are not reversed, (as daguerreotypes areand may be seen in anylight. They also possess the rare property of being inframmanal; being hermetically sealed between glass plates, which is secured by Letters Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CUMMINGS, only, over Sprecher & Bro.'s New Store, North Queen st., Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotos, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Black yarnish in immediate contact with the Picture.—butch are not permanent, as the varnish must crack and Slack yarnish in immediate contact with the Picture.— buch are not permanent, as the varnish must crack and destroy the Picture.
