of the State, they have experienced heavy rains, occasion-ing floods, land slides, sweeping away bridges, undermining railroad ties, and great delays and derangements Many of the low towns were almost submerged-Chicago fuffering considerably. The railroads in that vicinity have been greatly damaged. On the Chicago and Rock Island road, about five miles from Joliet, the recent heavy rains caused a semiendous rise in the Du Page river, at that point, overflowing the banks and completely submerging the bottoms for miles in the vicinity. A freight train otive, tender and seven cars loaded with isting of loo horses, approached the bridge across the Du Page river on Saturday last. The train with a sea of water on both sides, plowed through water two feet deep, the engineer thinking, no doubt, that he would gain dry land on the other side; continued on in his course, and not knowing that the river was so near-the bridge having been swept away-dashed headlong to the bottom of the Du Page, and the whole disappearing beneath the surface of the water. engineer, freman and one breaksman were lost, be- tion and cold, and it is one of the most terrible sides the seven car loads of valuable horses. Who can think, cases of destitution in Bucks county, that has without a shudder. of those seven cars. closely confining. beyond all hope of escape, their noble freight of horses.-We think recklessness, on the part of the engineer, in this case, can justly be charged, for no careful engineer would have run so valuable a train through two feet of water, when the presumption was, a log or some other obstruc tion had worked its way against or across the track-or. the immense quantity of water washing away portions of the road or filling it up with sand. We have no desire to cast reproach upon the dead. As a matter of course, the railroad company is responsible for the freight and train, but who are responsible for the three lives that have been lunged into sternity without a moment's notice?

land slide occurred on the Pacific Railroad, between this city and Jefferson city, on Saturday last. After the passenger train had worked its way through several places where the mud had been washed down upon the trackfrom 12 to 14 inches deep-a heromotive of a freight train came rushing up in their, rear, smashing the rear car of the passenger train all to pieces, killing a boy, about 14 the passenger train all to preces, kning a boy, about 14 prices. years of age, and soriously injuring six or seven others.— Persons visiting Philadelphia will be amply repaid by a The land sildes on this road were numerous, and much stroll through their elegant establishment. In 6 delay has been experienced in the past week, and these slides will continue to be a great obstruction on this road, as it is so constructed that every heavy rain will wash more or less sand and mud upon the track.

The Gordon murderer trial has at last been concluded Worrell and W. H. Bruff were strested for the murder-Worrell was found guilty and Bruff has been acquitted. When the verdict of acquittal was read, Bruff was imme-diately arrested by an officer of the U. States Army, and convoyed to Fort Leavenworth, from which post he had de erted previous to the murder.

Another murder was committed in our city the other evening. Mr. Philip Jacoby, in attempting to eject two men engaged in a scuttle in his establishment, was stabled a the neck, and expired in a few moments. The man she inflicted the fatal stab has not been apprehen

Some of our free soil politicians have been endeavoring to get an expression from the Missouri Legislature on the subject of emancipation, and have got it to their heart's content. The Senate has just passed by a decisive vote, a olution declaring that the emancipation of the slaves in Missouri "would not only be impracticable, but that any ovement having such an object in view would be inexpedient. impolitic, unwise, and unjust: and should in the opinion of the General Assumbly, be discount-nanced by as people of the State."

The House will either adopt the Senate's resolution, or fake no notice of the matter whatever-silent contempt. Since writing the above we learn that the House took up the resolution as adopted by the Sonate, and almost unanimously passed it-the vote stood, yeas 107, nays 9 .---The St. Louis representatives voted in the negative. This

vote may be regarded as a fair index of the sentiments of the people of Missouri on the subject of enancipation or a further agitation of the Slavery question. Politicians, and office-seekers here are making active

preparations for a visit to the Capital of the Nation, there to tender their services for a consideration. Petitions are still going the rounds, and all are solicited to attach a signature by way only of helping to fill up a ream of foolscap, closely ruled. Au aspiring politician will sign a half dozen petitions for the same office, merely to keep in favor with those applying and also their friends. These petitions in most instances, do not reflect the sentiments of the people at large; but simply a meagre number of politicians and seekers of place and power. These aspirants will go to Washington City full of hope and confident of succes, and many there are who consider the prize certain-a fixed fact; but many must return disappointed and with a heavy age has been distributed, and some will no doubt carry

On Tuesday morning last a usiguoun named Philip Nice, went by her house and called at her door which he found fast. He left, and not being satisfied went back again next morning, found the door fast as be and went round on the back side and looked

the bed. He made an entrance and found one of the most horrible sights ever witnessed. She was lying on her left arm and hand with her head and right arm hanging over the side and was frozen porfectly stiff. Her hand which hung over the side reached down to a Her hand pot of water, which was full, and run over, and with her hand had frozen hard to the floor, so solid that it required a great effor to get it loose. The mice had eaten a considerable portion of the flesh from her bones, and it was the most shocking sight ever witnessed. Her bed was of the most miserable charac-

ter. It consisted of a sack filled with corn stalks, and laid on a bedstead of her own make, consisting of the limbs of trees laid

across scantling in the form of a ladder. The covering was also of the most scanty charac ter. There was nothing eatable about the house execpt some flour, and that of the poor est kind. She no doubt died of actual starva ever come to our knowledge. On Wednesday last, an inquest was held on the body by Isaac McIntire, Esq., and rendered a verdict in

accordance with the facts as above stated .--Doulestown (Pa.) Democrat.

MURDER WILL OUT !- The Detroit papers have accounts of the arrest and trial of several members of a family near Brownrtown, Michigan, for the murder of a pedlar. The trial was rather abruptly closed by the appearance in Court of the "mnrdered man," who object ed to being considered dead. The scene in Court is described as rich.

will be required for several years, unless convenient to those who may choose to purchase. Any person with a small sum to pay in cash, can make the balance out of the timber and wood, as the Cattawissa Kailroad furtishes a cash market for all the wood that can be delivered. All the products of the farm will in that place pay better than in the city of Lancaster, in consequence of the markate created by the iron and coal regions close by. After being cleared there will be 200 acres of good timothy needow as can be found in the State. It will then be a first rate grazing farm. The subscriber will also sell on reasonible terms a small Farm, containing **45** Acres of good Land, situato in Chilisquaque township, Northumberland county, 4 miles rom Milton, 4 miles from Lewisburg, and ten miles from Danville. This tract contains about 6 Acres of Timber, and the balance is woll suited for raising grain and hay, and has all been limed within the last two years. The improvements are a good TWO-NOTORY HOUSE, in good condition, and a tolerable 1/2 Barn, which with some improvement will be sufficient for the farm. There is also on it a good APPLE ORCHARD, and other F. It Trees. This property is within three miles of the Subury and Erie railroad, and two miles of the Catawissa railroad. It is ha a good neighborhood, and good markets, and conveni-ent to the public schools. Any person in Lancaster county desirous of purchasing, will please call on Mr. William Carpenter, who will furnish all necessary information or on the subscriber, near Milton. pose an objection, it was arranged that it should take place unknown to them or any of the young lady's friends. It was agreed that the happy event should come off on last Saturday (St. Valentine's day) and the church was opened, the minister ready, and a few spectators had also assembled to witness the marriage ceremony which was announced for 11, A. M. But noon came and went, and no bride made her appearance, and the church was closed. It seems that the principal of the seminary in which the young lady was a pupil got wind that something unusual was on the *tapis*, and she locked the would be bride in her room, and so prevented the fulfilment of her engagement. E. & J. HOLMES' IMPROVED SEAM-LESS WHALERONE SKIRTS.—We take pleasure in again introducing our Improved Seamless Skirt, as be-ing the most acceptable and reliable article in market : we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Ratta, &c. all of which we have if called for -but cannot recommend them, as we have experimented with and tested them all-imst of them two years since, submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respecta, decidedly inferior to our properly pre-pared Whalebone, which has been in use the past two years, and for which has been supersed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amount-ing to many dozen per day. Therefore we confidently recommend our Skirts to be the least objectionable now in use: possessing many advantages found in *un other Skirt*, the most important of which is *our series of dastic Cords* at the bottom, mide from the only material that can be used, that will recover its plaze when pressed out of shape, will not roll cr curl, is not affected by heat or cold, and can be washed withehit injury. These cords at the bottom, in veniont, with our own prepared bones above and a fabric manufactured by oursalves expressing for our goods, in our estimation and the estimation of thousands who have used them, produces a Skirt and the cordy giving a proper, graceful and elegant form to a Ladies' dress, light, plia-ble, easily adjusted and in every respect a complete article is stamped E. & J.
