CATHARTIC PILLS PERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues by Professors. An extensive trial of their virtues, by Professors,

An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untrath. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure. For Costiveness.— Take one or two Fills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dyspersia, which is sometimes the cause of Costiveness, and always uncomfortable, take mild

They will do it, and the hearthurn, bodyburn, and soulburn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you. For a FOUL STOMACH, or Morbid Inaction of the Bowels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervousness, SICK HEADACHE, NAUSBA, Pain in the Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they du. system. Don't wear these and their kindred disorders because your stomach is foul.
For Scroyula, Eryspells, and all Diseases
of the Skim, take the Pills freely and frequently, to
keep the bowels open. The eruptions will gener'ally soon begin to diminish and disappear. Many
dreadful ulcers and sores have been healed up by
the purging and purifying effect of these Pills, and

of the unclean diseases of the skin, because your system wants cleansing.

To Purify the Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhea, prevails. Feverish symptoms, languor, low spirits, wearniess, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsines; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to billious fever, billious colic, billious diarrhea, dysentery, &c. A medium dose of three sective Pills extens a right followed by two or three LIVER COMPLAINT, JAUNDICE, and all Bilious diarrhæa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer

the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents. Rheumatism, Gout, and all Inflammatory Feters, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely. As a Dinner Pill, this is both agreeable and useful. No Fill can be made more pleasant to take, and certainly none has oeen made more effectual to the purpose for which a dinner pill is employed.

FOR INHALING.—Place a saucer over a bowl of hot water, (and keep it hot;) pour into the saucer enough Olive Tar to cover the bottom; the apartment will soon be filled with its odor, affording to the patient an atmosphere impregnated with the delightfull blended aroma of The Olive and of the Pine.

Another Method of Inhaling is to put Olive Tar on the Olied Silk Plaster, which being worn upon the chest, the heat of the body will cause the Olive Tar to evaporate grad ually, and ast trises it will be inhaled. The Olied Silk Plaster should be medicated with fresh Olive Tar every stated in the contraction of the Olive Tar every stated in the contraction of the Olive Tar every stated in the Olive Tar every stated other day. In acute cases, or in those of long standing, both of the above methods of inhalation should be used. Sore Throats, Inflamed Lungs, Catarrh, Croup Coughs, &c., &c., will widel at once to its combined carative nowset.

Throats, Inflamed Lungs, Catarrh, Croup Coughs, &c., &c., will yield at once to its combined curative powers.

STAFFORD'S OLCVE TAR softens and penetrates the skin; therefore in all all Chronic or active Inflammations it will be found highly beneficial, as it acts directly upon the Nerves, the Muscles and the Joints.

The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxburg has discovered, in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR,

from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except
in two cases, (both thunder humor.) He has now in his
possession over two hundred certificates of its virtue, all
within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of Pimples
on the face.

on the face.
Two to three bottles will clear the system of Biles.
Two bottles are warranted to cure the worst canker in
the mouth or stomach.
Three to five bottles are warranted to cure the worst case
of Erwinels.

of Erysipelas.

One to two bottles are warranted to cure the worst case the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly corruption.

heum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and perfect cure is warranted when the above quantity is Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every cass.—
So sure as: water will extinguish fire, so sure will this eure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1848—second that it should cure all kinds of humor.

discovered it in 1846—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day—in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wouderful virtues have been found in it that I never suspected.

Several cases of eplleptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen mor off it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

Dimerrions For Use.—Adults one table spoonful per day.—Children over ten years dessert spoonful. Children from five to eight years, tes spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

ONSUMPTION AND ALL DISEASES
OR THE LUNGS AND THROAT are positively curable by inhalation, which conveys the remedies to the cavities in the lungs through the air passages, and-coming in direct contact with the disease, neutralizes the tubercular matter, aliays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pieasure. It is as much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per ceut in the second; but in the third stage it is impossible to fare more than fire per cent, for the lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, inhalation affords extraordinary relief to the suffering attending this fearful scourge which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumitive's grave.

to the suffering attending this fearful scourse which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumptives grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted. By the help of that Supreme Being, from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect, produced by their deposition in the lungs, is to prevent the free admission of air into the aircells, which causes a weak-ened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing essy after inhaling remedies. True, inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper remedies, carefully prepared and judici Ann Matilda Weidler, Michael Bender. Leacock Twp. S. R. Rhodes, John Shaeffer, Sam'l M. Knox. Lancaster Twp. LESS WHALEBONE SKIRTS.—We take pleasure in again introducing our Improved Seamless Skirt, as being the most acceptable and reliable article in market: we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and fested them all—most of them two years since,) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, decidedly inferior to our properly prepared Whalebone, which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozen per day. Therefore we confidently recommend our Skirts to be the lessy objectionable now in use; possessing usany advantages found in no other Skirt, the most important of which is our series of adsitic Cords at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll or curl. is not affected by heat or cold, and can be washed without injury. These cords at the bottom, in stead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, produces a Skirt and the only Skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies 'dress, light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt. and are for sale at 99 Market Street, Philadelphia, and in the principal Jobbing Houses in New York and Boston.

and happiness, as they are the first cause of consumption,
scrofula. &c., and should be a terro to all nations on earth,
for the disease is becoming so common, and treatment so
little understood, that a permanent cure is scarcely ever
effected, as a majority of the cases fall into the hands of
incompetent persons, who not only fail to cure the malady,
but ruin the constitution with corrosive sublimate—a
dangerous poison, a preparation of mercury—which, with
the remains of disease in the system, produces many of the
above named affections, which finally terminate in consumption, and requently a rapid one; but should it not
cause death speedily, and the victim to disease marries, the
disease is then conveyed from the parent to the children,
causing them to come into the world with scrofula, affections of the skin, eyes, threat, &c., and again terminates in
consumption, and consigns its victim to an untimely grave,

Patent Ambrotypes.—The subscribers having purchased the exclusive right of Lancaster city, are now enabled to offer to the public a NEW STYLE OF PICTURES, far exceeding, in beauty and durability, anything ever be fore made. These pictures are not reversed, as dagmerrectypes areand may be seen in anylight. They also possess the rare property of being IMPERIBHABLE, being hermetically sealed between glass plates, which is secured by Letters; Patent, in the United States, Great Britain and France, and practiced in Lancaster city by T. & W. CUMM INGS. only, over Sprecher & Bro's New Store, North Queen st., Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated: is derived from the Greek word Ambrotos, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Sfack varnish in immediate contact with the Picture—buch are not permanent, as the varnish must crack and destroy the Picture.

AMIROTYPE STERESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life.

to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambrotype Gallety of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.
