Intelligence reached Fairbault, calling on Gen. Shields for assistance, who immediately raised a company of volunteers and started for Mankato, accompanied by Alex. Fairbault and several Indian runners. Some of these runners had returned, confirming the runnors of the massacres in Bine Earth county, and stating that at least forty settlers had been massacred at the Big Bend.

A company had also been raised at Prescott, Wis., and were on the Time and Tide ready to start, when news from Fort Snelling arrived, stating that troops sufficient had been dispatched. The people of Prescott volunteered most nobly.

had been dispatched. The people of Prescott volunteered most nobly.

A gentleman had arrived at Prescott, who left Mankato on the 14th, who states that up to that date Mankato had not been taken, but that some fifty murders had been committed by Sioux Indiaus in Blue Earth county. When he left Mankato 50 Indians were encapped four miles from Mankato, and it is presumed that it is against this band that Gen. Dodd was marching. The settlers had all field from their homes, and were leaving the country or gathering for mutual protection. Great alarm was everywhere feit. All the indians beyond the Minnesota river were said to be assuming a hostile attitude. Rumors were rife of an alliance between the Sloux and Chippeways.

Died of Poison.—The Danville (Pa.) American says that a post mortem examination of Mr. Montgomery, the member of Congress deceased, exhibited extensive abrasion of the mucous or lining of the stomach, and the entire destruction of the membrane, both at the cardiac and pyrolic orifice, with a general loss of tone, or disorganization of the thoracian and abdominal viscera. The physicians ascribe and abdominal viscera. The physicians ascribe his death to poison. Mr. Montgomery stopped at the National Hotel, Washington, during the Inauguration.

A REVOLUTION IN BEDFORD.—The nomination of Wilmot is having its effect in Bedford county, driving hundreds of influential men into our ranks. Among those who have lately joined our victorious column, we notice by Gaztte the names of Dr. C. N. Hickok, Geo. Blymire, Esq., Levi Agnew, Adam Ferguson and Wm. Spidel--all of whom, with the exception of Dr. Hickok, having belonged to the intense American party. Seeing that the effort to Abolitionize the concern is about to be successful, they have very wisely left the sinking ship. The craft is going down.

HEAVY BLAST .- On Friday afternoon the workmen engaged in the excavation of stone at Quarryville, Connecticut, had a tremendous blast. Instead of drilling holes, they found a large fissure, into which they poured 1,560 pounds of powder, and then stopped up the crevice. When the train was fired at least 3,000 tons of rock were removed, 1,000 tons being thrown from twenty five to one hundred rods distance. One solid mass of rock, weighing at least fifteen tons, was thrown a distance thirty rods. Fences were destroyed, and the tops of trees taken off as clean as if done

With a pistol and dirk knife he then com menced a most terrible onslaught upon the passengers, mortally wounding Dr. Tim of Knoxville, Marion county, Ohio, and severely injuring a Mr. Hylander, of Jasper county, Iowa. He was an entire stranger to all the parties injured, and insanity can only be assigned for the commission of the act.

PROFESSOR WOOD'S HAIR RESTORATIVE.—This
preparation, although less than two years before the public, owing to its wonderful affects upon the human hair and
scalp, has already obtained a celebrity and sale perfectly
unparallelled. It has without the ordinary appliance used
for such purposes, won its way, and been heartily welcomed to most of the cities and towns in the United States the
Canadas, and the West India Islands. Nor is this result
surprising, when it is remembered that its popularity is
based upon its marits, solely as established by actual tests.
That this preparation will actually IRSTOIE GRAY HAIR
TO ITS NATURAL COLOR, produce a luxuriant growth
upon the heads of the baid, prevent the hair from falling
off, and when used as a toilet article, produce a continual
flow of the natural faulds, and thus render the hair soft,
glossy and wavy, destroy diseases of the scalp, and expel
dandruff, the certificates of distinguished gentlemen and
ladies, in every part of the country who have tried it, and
therefore speak what they know, most fully attast.

Prof. O. J. Wood—Dear Sir; I take pleasure in bearing voluntary testimony to the magic effects of your wonderful flair Restorative. As far back as 1836 my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement, I was induced to give your article a tial, and to my utter astonishment, I found after a few applications that my hair became firmly set and assumed a very glossy and beautiful appearance; and, by the time I had used a quart bottle full, my bald head was covered over with a young and vigrrous growth of hair, which is now from one to two inches in length, and growing very fast.

Yours truly,
