Their Physiology, Functions and Sexual Disorders of every Yind, with never-falling Remedies for the speedy cure of all diseases of a private and delicate character, incident to the violation of the Laws of Nature and of Nature's God.

The Author of the above volume is a graduate of one of the first medical schools in the United States, and having devoted a quarter of a century to the treatment of Syphilis and kindred disorders as a speciality, he has become possessed of most invaluable information in regard to the same, and is able to compress into vade mecum compass, the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physicians in Europe and Americals is thoroughly demonstrated in his own highly successful practice in the treatment of secret diseases in many thousands of cases in the City of Philadelphia alone.

The practice of Dr. Hunter has long been, and still is, literally unbounded, but at the curnest solicitation of numerous persons, he has been induced to extend the sphere of his professional usefulness to the community at large, through the medium of his "Medical Manual and Hand Book for the Afflicted."

It is a volume that has received the unqualified recommendation of the first physicians in the land, while many clergymen, fathers, mothers, philantropists and humanitarians, have most freely extended its circulation in all quarters where its powerful teachings would be likely to be instrumental in the moral purification and physical healing of multitudes of our peeple, among the young, volatile and indiscret, otherwise the pride and flower of the nation. ing of multitudes of our people, among the young, volatile and indiscreet, otherwise the pride and flower of the nation. The author argues particularly, most strongly against every species of self defilement, and warns paronts and The author argues particularly, most strongly against every species of self deflement, and warns parents and guardians, in searching terms, to guard the young of both sexes from the terrible consequences concenitant of their ignorance of physiological laws and sexual impurities and irregularities, whether exhibited by precoious development or arising from the vicious and corrupting examples of their school mates or otherwise. To those who have been already ennared to the "paths that take hold on hell," a clear and explicit way is shown by which they may secure a return of sound health, and a regeneration of the soul from its terrible pollution.

In-view of these facts, and when it is also considered that about 100,000 persons die annually in the United States of Consumption—a large majority being the victims of the voluptuous indiscretions of their progenitors. agreeably to the Scriptural enunciation, that the sins of the parents are visited upon the children, even to the third and fourth generation.—The Author, imbued with sentiments of enlarged philanthropy, will scarcely be censured for any effort to restrain the vices of the age, by the humble instrumentality of his Medical Manual.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, FATUIXY, AMD EPILEPTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful disenses—IN—SANITY AND CONSUMPTION? The records of the IN—SANE ASYLUMS, and the melancholy deaths by CON—SUMPTION, bear ample witness to the truth of these assertions. In Lunatic Asylums the mot melancholy exhibition appears. DIRECTIONS.—Apply by rubbing where pain or disease exists: then cover the parts with a plaster made of oiled Silk, to which stitch a thin layer of cotton batting; then cover the batting with thin muslin. Cotton or woollen fiannel may be used instead of the oiled silk plaster, but the operations of the remedy will not be as speedy, nor as effective. Another Method of Inhaling is to put Olive Tar on the Oiled Silk Plaster, which being worn upon the chest, the heat of the bodywill cause the Olive Tar to evaporate grad ually, and as it rises it will be inhaled. The Oiled Silk Plaster should be usedicated with fresh Olive Tar every other, day. In acute cases, or in those of long standing, both of the above methods of inhalation should be used. The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxbury has discovered, in one of or common pasture weeds, a remedy that cures EVERY KIND OF HUMOR,

from the worst Scrofula down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face. On the fine.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in
the mouth or stomach.

Three to five bottles are warranted to cure the worst case
of Erysipelas.

One to two bottles are warranted to cure all humor in
the Eyes.

Two to three cottles are warranted to cure the most des perate case of rheumatism.

Three to four bottles are warranted to cure the sale

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day—of the budesies bruggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that I never suspected.

I know of several cases of Dropsy, all of them aged people cured by it. CONSUMPTION AND ALL DISEASES

OF THE LUNGS AND THROAT are positively curable by inhalation, which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, noutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; inhety out of every hundred cases can be cured in the first stages, and fifty per can in the second; but in the third stage it is impossible to save more than five per cent, for the lungs are so cut up by the disease as to bid define to medical skill. Even, however, in the last stages, inhalation affords extraordinary relief to the suffering attending this fearful securge which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumptive's grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares in either age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted. By the help of that Supreme Being, from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect, produced by their deposition in the lungs, its to prevent the free admission of air into the air cells, which causes a weak-ened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the eavilies of the lungs free and the breathing easy after inh

a limb may be amputated without the slightest pain; in-haling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin as few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs, should produce the most happy results! During eighteen years' practice, many thousands, suffering from diseases of the lungs and throat, have been undir my care, and I have effected many remarkable cures, even after the sufferers had been pronounced in the last staces, which fully satisfies me that consumption is no longer a fatal disease. My treatment of consumption is no longer a fatal disease. My treatment of consumption is no indication. My perfect acquaintance with the nature of tuber-cles, &c., enables me to distinguish, readily, the various forms of disease that simulate consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests: to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system. The remedies are free from odor, causing neither sickness nor inconvenience, and without mercury or balsam. During twenty years practice. I have restored to health over seventeen thousand patients, who were suffering under the worst forms of all the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure. Secret diseases are the greatest enemies to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations on earth; for the disease is becoming so common, and treatment self-interesting the disease of incompetent persons, who not only fail to cure the malady, but rain the constitution with corresive sublimate—adangerous pioson, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and orneous preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and enosigns its victim to disease marries, the disease is then conveyed from the parent to the children, causing them to come into the world with xerofula, affections of the skin, eyes, throat, &c., and again terminates in consumption, and consigns its victim to a nuntimely grave, between the ages of six months and thirty five years, between the ages of six months and thirty five years, between the UFFER NOT, WHEN A PERMANENT
