The Greatest Medical Discovery of the Age.

Dr. KENNEDY, of Roxbury has discovered, in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR,

FOUR THE WORST Scrofuls down to a common pinple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the 1004.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and
a perfect cure is warranted when the above quantity is Akon.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—
So sure as "water will extinguish fire, so sure will this oure humor. I never sold a bottle of it, but that sold another, after a trial it always speak for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds

In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1863, I peddled it and sold about six bottles per day—in April, 1864, I sold over one thousand bottles per day of it Some of the wholessle Druggirts who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since-its introduction as a general family medicine great and wonderful virtues have been found in it that I never suppected. never suspected.

Patent Ambrotypes.—The subscribers having purchased the exclusive right of Lancaster city, are now enabled to offer to the public a New SYTLE OF PICTURES, far exceeding, in beauty and durability, anything ever be fore made. These pictures are not reversed, (as daguerrectypesercand may be seen in anylight. They also possess the rare property of being IMPERISHABLE; being hermetically scaled between glass plates, which is secured by Letters Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CUMM INGS. only, over Sprecher & Bro.'s New Store, North Queen st., Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotos, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is boid in its effect beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varinish in immediate contact with the Picture.—
buch are not permanent, as the varnish must crack and destroy the Picture.

AMBROTYPE STERESOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambrotype Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.

a limb may be amputated without the stightest pain; inhaling the ordinary burning gas will destroy life in a few
hours.

The inhalation of ammonia will rouse the system when
fainting or apparently dead. The odor of many of the
medicines is perceptible in the skin a few minutes after
being inhaled and may be immediately detected in the
bloot. A convincing proof of the constitutional effects of
inhalation, is the fact that sickness is always produced by
breathing foul sir. Is not this positive evidence that proper
remedies, carefully prepared and judiciously administered
through the longs, should produce the most happy results!
During eighteen years' practice, many thousands, suffering
from diseases of the lungs and throat, have been under
my care, and I have effected many remarkable cures, even
after the sufferers had been pronounced in the last stages,
which fully satisfies me that consumption is no longer a
fatal disease. My treatment of consumption is no inginal,
and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish, readily, the various
forms of disease that simulate consumption, and apply the
proper remedies, rarely being mistaken even in a single
case, This familiarity in connection with certain pathological and microscopic discoveries, enables me to relieve
the lungs from the effects of contracted chests; to enlarge
the chest, purify the blood, impart to it renewed vitality,
giving energy and tone to the entire system. Box 53,

CUFFER NOT, WHEN A PERMANENT
Cure is guaranteed in all stages of SECRET DISEASES,

Bones, Diseases of the Throat. Nose and Eyes, Ulcers upon
the Body, Feunde Tregularities, and all improper discharges, no matter of how long: tanding, or obstinate the
case, recovery is certain, and is a shorter time than a permanent cure could be effected by any other treatment, even
after the skill of the most eminent physicians had failed,
and the disease resisted all other means of cura. The remedies are free from odor, causing neither sickness nor inconvenience, and without merrury or balsam During
twenty years practice. I have restored to health over seventeen thousand patients, who were suffering under the
worst forms of all the abora mentioned diseases, which
guarantees me in promising a perfect and most speedy
cure. Secret diseases are the greatest enemies to health
and happiness, as they are the first cause of consumption,
scrofula, &c., and should be a terror to all nations on earth;
for the disease is becoming so common, and treatment so
little understood, that a permanent cure is scarcely, ever
effected, as a majority of the cases fall into the hards of
incompetent persons, who not only fail to cure the malady,
but rain the constitution with corrosive sublimate—a
dangerous poison, a preparation of mercury—which, with
the remains of disease in the system, produces many of the
above named affections, which finally terminate in consumption, and of requently a rapid one; but should it not
cause death speedily, and the victim to disease marries, the
disease is then conveyed from the parent to the children,
causing them to come into the world with scrofula, affections of the skin, eyes, throat, &c., and again terminates in
consumption, and consigns its victim to an untimely grave,
between the ages of six months and thirty five years—
Selfabuse is another formidable neienty to health; it destroys t UFFER NOT, WHEN A PERMANENT Of all kinds, made in the neatest and manner.

MACHINE, will find it greatly to their interest to get one of ATKINS' SELF-BAKING REAPER AND MOWER. These Machines have met with unprecedented success, and given full satisfaction to those using them; and the proprietor has spared neither pains nor expense in adding improvements that make them decidedly the most desirable article in this country. With the improvements now made they are the best combined Reaper and Mower in use, having a knife that does not choka; and while they are a great labor saver, are also a great Grain-saver, relieving one of the intolerable labor of Raking, and doing it so much better as to save one or two bands in binding.

They can be adapted to cut all kinds of Grain or Grass, and are very light of Draft. Nothing but the very best materials are used, in their construction, and each machine is driven by steam-power before leaving the Shop to see that every thing is right.

We have a large number of recommendations from Farmers who have them in use; and knowing the machines to act as they are recommended, have no hesitation in warranting them to give entire satisfaction. If they do not please after trial, they can be returned. Call and see for yourselves.
