27 THE-GREATEST DISCOVERY OF THE AGE. GR
PROFESSOR WOOD'S HAIR RESTORATIVE.—This
preparation, although less than two years before the public, owing to its wonderful sfects upon the human hair and
scalp, has already obtained a celebrity and sale perfectly
unparallelled. It has without the ordinary appliance used
for such purposes, won its way, and been heartily welcomed to most of the cities and towns in the United States the
Canadas, and the West India Islands. Nor is this result
surprising, when it is remembered that its popularity is
based upon its merits, solely as established by actual tests.
That this preparation will actually RESTORE GRAY HAIR
TO ITS NATURAL COLOR, produce a luxuriant growth
upon the heads of the baid, prevent the hair from falling
off, and when used as a toilet article, produce a continual
flow of the natural fluids, and thus render the hair soft,
glossy and wavy, destroy diseases of the scalp, and expel
dandruff, the certificates of distinguished gentlemen and
ladies, in every part of the country who have tried it, and
therefore speak what they know, most fully attest.

Millyonn, Worcester Co., Mass., Nov. 13th, 1855.

Prof. O. J. Wood—Dear Sir; I také plessure in bearing
voluntary testimony to the magic—flects of your wonderful
Hair Restorative. As far back as 1336 my hair commenced
falling off, until the top of my scalp became bald and smooth
as glass, and it has continued to fail for a great many years,

Hair Restorative. As far back as 1356 my hair commenced falling off, until the top of my scalp became baid and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, I found after a few applications that my hair became firmly set and assumed a very glossy and beautiful appearance; and, by the time I had used a quart bottle full, my hald head was covered over with a young and vigrous growth of hair, which is now from one to two inches in length, and growing very fast.

bald head was covered over with a young and vigrous growth of hair, which is now from one to two inches in length, and growing very fast.

Yours truly,

Henry Goodrich.

Something Worth Knowns — By using Professor Wood's Hair Restorative, gray Hair can be permanently restored to taoriginal color. The subjoined certificate was received from Johnson & Stone, Gardener, Me., and is but one of the many instances that are daily coming to our knowledge of its wondgriul effects. It is no longer problematic, but a self-evidênt truth, as hundreds can testify.

Gardiner, Me., June 22d, 1855.

Mr. H. Dyrs.—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, respectfully.

Jave used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and I have no doubt, permanently so.

Ex-Senator United States.

The Greatest Discovery of the Age.—It seldom occurs, that we notice, under any circumstances, patent medicines, restorativet, or anything of the kind, for we have a prejudice sagnist m at of them. But candor compels us to invite attention to the advertisement of Prof. Wood's Hair Restorative. We are too Juvenile to require anything of the kind, but some instances of its use have come to our knowledge which almost assure us that it is a sovereign remedy against the hair becoming prematurely gray. It is not a "Hair Dye," but upon its application as directed, the effect is produced on the skin, which brings out the originnal native colored bair, without stiffness, and gives it a glossyand natural appearance. We have seen persons who have used it, and they are much pleased with it.—Missouri Repub

MACHINE, will find it greatly to their interest to get one of ATKINE SELF-RAKING REAPER AND MOWER. These Machines have met with unprecedented success, and given full satisfaction to those using them; and the proprietor has spared neither pains nor expense in adding improvements that make them decidedly the most desirable article in this country. With the improvements now made they are the best combined Reaper and Mower in use, having a knife that does not choke; and while they are a great labor saver, are also a great Grain-saver, relieving one of the intolerable labor of Raking, and doing it so much better as to save one or two hands in binding.

They can be adapted to cut all kinds of Grain or Grass, and are very light of Draft. Nothing but the very best materials are used, in their construction, and each machines is driven by steam-power before leaving the Shop to see that every thing is right.

We have a large number of recommendations from Farmers who have them in use; and knowing the machines to act as they are recommended, have no hesitation in warranting them to give entire satisfaction. If they do not please after trial, they can be returned. Call and see for yourselves.

JULES HAUEL, Eig., the well known perfumer, of Chestmut Street, Philadelphia, whose choice products are found at almost every tollet, says:

"I am happy to say of your Carmarrio Pills, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and co-incide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"Dr. J. C. Arrac—Sur! I have taken your Pills with great benefit, for the listissaness, languor, loss of appetits, and Bilious headache, which has of late yester overstaken me in the spring. A law doses of your Pills cared me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. Tou make medicines which care; a rail feel it a pleasure to command you for the good you have done and are doing."

JOHN F. BEATTY, Esq. Sec. of the Fenn. Railroad Co., Says:

"Pa. R. R. Office, Philadelphia, Dec. 13, 1853.

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cuthartia Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Catharatic Pills in my practice, I certify from experience that they are an invaluable pargative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a urer ramedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly asfe—qualitides which make t

Cough medicine in the world; and these Pills are in mewise inferior to that admirable preparation for the treatment of diseases."

"Acton, Ma., Nov. 25, 1853.

"Dr. J. C. Ayrz — Dear Sir: I have been afflicted from my birth with scrotula in its worst form, and now, after twenty years trial, and an untold of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly baid all my days; sometimes it came out in my face, and kept it for months a raw sore "About nine weeks ago I commenced taking your Catartic Pills, and now am entirely free from the complaint. My eyes are well, my kin is fait, and my hair has commenced a healthy growth; all of which makes me feel already a new person.

Carr. JOEL PRATT, of the ship Marion, writes from Boston, 20th April, 1854:
"Your Pills have curred me from a billious attack which arose from derangement of the Liver, which had become vary serious. I had failed of any relief by my Physician, and from every remedy I could try; but a few does of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. "New Onlocat, 5th April, 1854.

"Sir: I have great estifaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your Cheaser Pacroant, and since then has enjoyed perfect healtho My children have several times been cured from attacks of the Induenza and Croup by it. It is an invaluable remedy for these complaints. Your Carhartor Pluts have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unminded of it. Yours respectfully.

The first doze relieved me, and a few subsequent dozes have entirely removed the disease. I feel in better health now than for some years beford, which I attribute entirely to the effects of your Carharto Pluts. Ketchum's Combined Harvester.

The superiority of Ketchum's Reaper and Mower having been fully established by more than six years of severe practical trial, with more than TWELVE THOUSAND MACHINES which have been sold, it is now offered to the Farmer as without an equal, and as the only reliable machine for all kinds of grain and grass.

IMPROVEMENTS FOR 1857.

The improvements for 1857, are: perfecting and strengthening the guard finger; adding a seat for the driver while reaping; increasing the length of the cutter bar; a supporting rod to the cutter bar while reaping; an adjustable wheel to the cutter bar for mouring, by which the draft is materially lessend both while cutting and in backing; a rear and side delivery for grain; an adjustable spring seat for the raker, together with other important improvements constituting a perfect machine, which is warranted to cut from ten to lifteen acres of grass or grain in a day as well as it can be done with a scythe or cradic. The experience of the past has furnished a remedy for all defects. The improvements have all been thoroughly tested in the harvest field and are therefore improvements in fact and not merely in theory. The price of the Mower alone is \$115, and of the combined Reaper and Mower \$135, delivered at any of the Railroads or Wharves of the city. Early orders respectfully solicited. Farmers are invited to call at our new Agricultural Warehouse and Seed Store and examine the improved machines as well as our other stock of Implements and seeds, all the castings, &c., for the last year's machines constantly on hand.

Pamphlete describing the Reaper and Mower more fully can be had on application to Star Agricultural Warehouse, No. 627 Market St., a few doors below 7th, Philad's.
