Hoffman, Jacob Holsinger, of his professional backfloss to the community at mach through the medium of his "Medical Manual and Hand Book for the Afflicted." It is a volume that has received the unqualified recom-mendation of the first physicians in the land, while many clergymen, faithers, mother the state of the state of the rians, have most freely extended its circulation in all quar-ters where its powerful teachings would be likely to be instrumental in the moral purification and physical heal-ing of multitudes of our peeple, among the young, volatile and indiscreet, otherwise the pride and flower of the nation. The author argues particularly, most strongly against every species of self defilement, and warns parents and guardians, in searching torms, to guard the young of both sexes from the terrible consequences concomitant of their ignorance of physiological laws and sexual impurifies and irregularities, whether exhibited by precolous development or arising from the vicious and corrupting examples of A H Summy, Roth & Brown, Peter Baker, W H Gish, Coa J E Wenger, Distiller Gro Shoes 14 S Mill 12 Providence. In illustra-tion of these truths I annex some extracts from a letter gosozrows, Ohio, March 18, 1856. JAS. A. PHODES, Esq.—Dear Sir. Yours of 2d inst. is at hand. The Cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the the fact that a remedy had been introduced which was growing in favor with the public, as being better than using Quinine,—not knowing I pressme that the ormedy they used to secape taking Quinine, contained the Drug Tite/II This remedy, (known as "Smith's Tonic,") would invari-bly break an Ague, but it did not cure it, as it would often return with renewed vigor. This one circumstance I deem-ed in your favor, if I could institute a test comparison be-tween it and your cure. The following is the result: Three persons took your "Cure," all of which were cases of "QuotidianIntermittent Fever," of many weeks standing They had tried Quinie, and other remedies, occasionally missing a chill, but it was (as in all such cases, slowly wearing them out, and laying the foundation for other and severer maladies. I did succeed in effecting a radical cure "of had a chill since. In all three of these cases the "Smith's Tonic". And been used, and would, as before sta-ted, break the ohill, but after a period or two had elapsed world terture. Warwick. A RETIRED PHYSICIAN Whose sands of life have nearly run out, discovered while in the East Indies, a certain cure for Consump-tion, Asthma, Bronchitis, Coughs, Colds, and General Debility. The Remedy was discovered by him when his only child, a daughter was given up to die. He had heard much of the wonderful restorative and healing qual-ities of preparations made from the East India Hemp, and the thought occurred to him that he might make a remedy for his child. He studied hard and successed in realizing his whose. His child was cured, and is now alive and well. He has since administered the wondertul remody to thousands of sufferers in all parts of the world, and he has newer failed in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his afflicted fellow beings as request it, this recipe, with full and explicit directions for making it up, and enc-cessfully using it.
