PROFESSOR WOOD'S HAIR RESTORATIVE.—This PROPESSOR WOOD'S HAIR RESTORATIVE.—This preparation, although less than two years before the public, owing to its wonderful iffects upon the human hair and scalp, has already obtained a celebrity and sale perfectly unparallelled. It has without the ordinary appliance used for such purposes, won its way, and been heartily welcomed to most of the cities and towns in the United States the Canadas, and the West India Islands. Nor is this result surprising, when it is remembered that its popularity is based upon its merits. solely as established by actual tests. That this preparation will actually RESTORE GRAY HAIR TO ITS NATURAL COLOR, produce a laxuriant growth upon the heads of the baid, prevent the hair from falling off, and when used as a toilet article, produce a continual flow of the natural fluids, and thus render the hair soft, glossy and wavy, destroy diseases of the scalp, and expediences.

upon the heads of the bald, prevent the hair from falling off, and when used as a toilet article, produce a continual flow of the natural fluids, and thus render the hair soft, clossy and wave, destroy diseases of the scalp, and Arpel dandruff, the certificates of distinguished gentlemen and therefore speak what they know, most fully attest.

Milyord, Worcester Co., Mass., Nov. 13th, 1855.

Prof. O. J. Wood—Dear Sir; I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far, back as 1836 my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement, I was induced to give your article a tilal, and to my utter astonishment, I found after a few applications that my hair became firmly set and assumed a very glossy and beautiful appearance; and, by the time I had used a quart bottle full, my haid head was covered over with a young and vigrrous growth of hair, which is now from one to two inches in length, and growing very fast.

Yours truly,

Henry Goodbrien.

From the Boston Herald.

SOMETHING WORTH KNOWING!—By using Professor Wood's Hair Restorative, gray Hair can be permanently restored to tsoriginal color. The subjoined crifficate was received from Johnson & Stone, Gardener, Me., and is but one of the many instances that are daily coming to our knowledge of its wonderful effects. It is no longer problematic, but a self-evident truth, as hundreds can testify.

Mr. H. Dyes—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the great est discovery of the age for restorful and changing the Hair. Before using it I was a man of soventy. My hair has now attained this original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, respectfully.

Lave used Prof. O. J. Wood's Hair Restorative,

DANIEL N MURPHY.
Carve, Ill., June 27.

I have used Prof. O. J. Wood's Hair Restorative, and have-admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and I have no doubt, permanently so.

Ex-Senator United States.

The Greatest Discovery of the Age.—It seldom occurs, that we notice, under any circumstances, patent medicines, restorativet, or anything of the kind, for we have a prejudice against m stof them. But candor compels us to invite attention to the advertisement of Prof. Wood's Hair Restorative. We are too juvenile to require anything of the kind, but some instances of its use have come to our knowledge which almost assure us that it is a sovereign remedy against the hair becoming prematurely gray. It is not a "Hair Dye;" but upon its application as directed, the effect is produced on the skin, which brings out the origin all native colored hair, without stiffness, and gives it a glossyand natural appearance. We have seen persons who have used it, and they are much pleased with it.—Missouri Republican.

Mrs. Phillips died as the good always die, "full of immortal, hope," and though her stay on earth was but brief, still, it may be said with much truth, she lived long because she lived well. When the messenger came with her summons, she said to him who had passed through the summons, she said to him who had passed through the summons, she said to him who had passed through the empire of death, lifting with his own hand the crown from the dark brow of its king, so with me. And he said unto her, my rod and my staff, they shail comfort thee. And she buckled on her sandals and walked through the dark valley accompanied by the presence of Christ. Her funeral was large, showing the estimate put upon her character by those who knew her best. Mrs. Phillips said to the writer all that could be said even if volumes were written. She lived in peace with all her neighbors, and died happy in Christ. For suchan one not to die well, who had filled the social and domestic circle with fragrance always fresh, would be to put out the licht of hope, and take from the Christian the only thing that can sustain him in the present conflict.

Redeemed from earth and pain, Ahi when shall we ascend, And alin Jesue' presence reign With our translated friend.

It matters not from what cause the disease originated, however long standing or obstinate the case, recurry is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffied the skill of reminent physicians and resisted all their means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflieted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to healh, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the case falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the coustitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

the coustitution, filting the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the diseases and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the Skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. If destroys the Nervous system, rapidly wastes away the energies of life, canses mental derangement, prevents the proper development of the system, disquisites for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be more to be dressed than death itself. With the fullest confidence I assure the unfortunate victims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflitted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compensed of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a d addy poison, which instead of curing the disease distables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money, regardless of consequences.

article in this country. With the improvements now made they are the best combined Resper and Mower in use, pare 1 in a knife that does not choke; and while they are a great labor saver, are also a great Grain-saver, relieving one of the Intolerable labog of Raking, and doing it so much botter as to save one or two hands in binding.

They can be adapted to cut all kinds of Grain or Grass, and are very light of Draft. Nothing but the very best materials are used, in their construction, and each machine is driven by steam-power before leaving the Shop to see that every thing is right.

We have a large number of recommendations from Farmers who have them in use; and knowing the machines to act as they are recommended, have no hesitation in warranting them to give entire satisfaction. If they do not please after trial, they can be returned. Call and see for yourselves.

BRIVATE SALE OF REAL ESTATE.—

The undersigned will sell at PRIVATE SALE, his valuable real estate, situated in Dauphin and Cumberland counties, late the property of JACOB M. HALDEMAN, Esq., deceased, and considered the most valuable of his large estate.

No. 1.—CLARK'S PERRY TAVERN STAND, now occupied by HENRY M'KEE, and for so many years by MICHAEL BOWERS, and well known as a present one of the best rafting stands on the Susquehanna river, is miles above Harrisburg. The Wisconisco and Susquehanna Canal and Northern Central Railroad pass through the property. There is a permanent railroad station. Two miles of the shore of the river and the ferry and fishing privileges belong to this stand.

NUMBER 2.

I will also sell about 700 ACRES OF COAL LANDS, adjoining this Tavern estate, consisting of Chestnut, Oak, Hickory and Locust. The land extends about three miles along the railroad and (and. Areast deal of money can be made out of this timber. It will be sold cheap.

I will also sell my interest, it being three-eighths, in ONE THOUSAND NINE HUXDRED ACRES OF COAL LANDS, situated in Lykens Valley. Dauphin county, the one-fourth belonging to the Lykens Valley Coal Company, the other three-eighths to the heirs of Thomas Elder, Esq. deceased—my interest amounting to above 700 acres. The Lykens Valley Coal is so well known, and as this large tract adjoins the mines upon which they are now working, a further description is deemed unnecessary. I would like to retain an interest in this very valuable Coal Mine—say one-eighth of my three-eighths—still I will be governed by the wishes of purchasers.

NUMBER 4.

one-eighth of my three-eighths—still I will be governed by the wishes of purchasers

NUMBER 4.

I will also sell those three highly improved LIMESTONE
FARMS, adjoining the town of Hoguestown, Cumberland county, containing about 400 acres, known as the Carothers, Hoge and Waugh estate. This property for fertility, location and improvement, is surpassed by few in the State. This property adjoins farms of James M'Cormick and John H. Briggs. Esquires, well-known Lawyers of Harrisburg. This will be some criterion for strangers to judge the value of these fine farms. They will be sold singly or in one tract. They all lis together.

NUMBER 5.

I will also sell that very large and valuable ISLAND, near the mouth of the Junista and in the Susquehanna river, containing between 700 and 800 acres, now called "Haldeman's," formerly "Baskin's," "Duncan's" and "Big Island." This is, without doubt, the very finest property in the State of Pennsylvania, and was so considered by its late proprietor. It is divided in four farms, which I will sell singly or in a body, as dosired. This whole island is in a fine state of cultivation. The buildings are in good order—220,000 having been expended during the last 16 years in fencing and, improving this magnificent estate.

These properties will all be sold without fall, and at a great bargain, as other pursuits command my attention—Any person or persons wishing to examine either of the above properties, with the view of purchasing, will please call upon the tenants residing upon them, or upon myse f. when every information will be given as regards terms, title, &c.

CURABLE BY INHALATION,
Which conveys the remedies to the expities in the
longs through the air passages, and coming in direct
contact with the disease, neutralizes the theoreulz
matter, allays the cough, causes a free and easy expotorstion, helds the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and
snergy so indispensable for the restoration of health. To
be able to state condisently that Consumption is curable by
inhalation, is to me a source of unalloyed pleasure. It is
as much under the control of medical treatment as any
other formidable disease; ninety out of every hundred
causes can be cured in the first stages, and fity per cent. in
the second; but in the third stage it is impossible to save
more than five per cent, for the lungs are so cut up by the
disease as to bid defiance to medical skill. Even, however,
in the last stages, inhalation affords extraordinary relief
to the suffering attending this fearful scourge which annually, destroys ninety-five thousand persons in the United
States alone; and a correct asknalation shows that of the
present population of the earth, eighty millions are des
timed to fill the Consumptive's grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all agest it has been the great eneury of lite,
for it spares neither age nor sex, but sweeps off alike the
brave, the beautiful, the graseful, and the rifted. By the
help of that Supreme iteing, from whom cometh every good
and perfect gift. I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause
of tubercles is from immure blood, and the immediate effect,
produced by their deposition in the lungs, its to prevent the
free admission of air into the aircells, which causes a weak,
end vitality through the entire system. Then surely it is
more rational to expect greater good from medicines entering the cavities of the

a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalition of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper romedies, carefully prepared and judiciously administered through the lungs, should produce the most happy results? During eighteen years' practice, many thousands, suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease. My treatment of consumption is or longer a fatal disease. My treatment of consumption is or longer a fatal disease. My treatment of consumption is or longer at fatal disease. Are curing the Sick to an extent never before known of any Medicine. INVALIDS, READ AND JUDGE FOR YOURSELVER

INVALID, KEAD AND JUDGE, FUR JUDGELVER JULES HAUEL, Esc., the well known perfumer, of Chestmut Street, Philadelphia, whose choice products are found at almost every toilet, says:

"I am happy to say of your Carnarite Pills, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken equalities which must make them valued by the public when they are known."

when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"Dr. J. C. Arra — Sir. I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilious headache, which has of late years overtakes me in the spring. A few doese of your Pills cuped me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Ballroad Co., says: say:

"Pa. R. Ofice, Philadelphia, Dec. 13, 1853.

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartie Pills. I am never without them in my family, nor shall I eyer consent to be, while my means will procure them."

ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wantworth, N. H., writes:

"Having used your Carharte Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly as few qualities which make them an invaluable article for public use. I have for many years known your Carry Pactoral as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"Acton, Ma., Nov. 25, 1853.

"Dr. J. C. Ayra — Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after twenty years' trial, and an untoid of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my ayes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly baid all my daye; sometimes it came out in my face, and kept it for munths a raw sorse "About nine weeks ago I commenced taking your Catherite Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has contained a healthy growth; all of which makes me feel already a new person.

"Hoping this statement may be the means of conveying information that shall do good to others, I am, with every sentiment of gratitude, "Yours, &c.,"

Carr. JOEL PRATT, of the ship Marion, writes from Boston, 30th April, 1834:

"Your Pills have cured me from a billous attack which arose from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every reredy I could try; but a few does of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world; and I am free to any so."
