Olive Tar is Applied and inhaled, and is not Taken.

DIRECTIONS.—Apply by rubbing where pain or disease exists: then cover the parts with a plaster made of clied slik, to which stitch a thin layer of cotton batting; then cover the batting with thin muslin. Cotton or woollen fannel may be used instead of the clied slik plaster, but the operations of the remedy will not be as speedy, nor as effective. of Merchandize in Lancaster County, with the classification of the same, agreeably to the provisions of the several Acts of Assembly.

The amount of license required to be paid by each \$ 7.00 8th Class pays all Improper Discharges from the Bladder, Kidneys, or Sexual Organs, whether existing in MALE OR FEMALE, from whatever cause they may have originated, and NO MATTER OF HOW LONG STANDING, Giving Health and Vigor to the Frame and Bloom to the Pallid Cheek.

It cures Nervous and Debilitated Sufferers, and removes all the symptoms, among which will be found Indisposition, to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nervos, Trembling, Dread ful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dinmess of Vision, Languor, Univer al Lassitude of the Muscular System, Often Enormous Appetite, with Dyseptic Symptoms, Hot Hands, Flunbing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelds, Frequently Black Spots

Flying Before
with Temporary Suffusions and Loss of Sight; Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more Desirable to such Patients than Solitude, and Nothing they more Dread for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a Hurried Transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, effective.

FOR INHALING.—Place a saucer over a bowl of hot water, (and keep it hot;) pour into the saucer enough Olive Tar to cover the bottom; the spartment will soon be filled with its dor, affording to the patient an atmosphere impregnated with the delightful blended aroms of

The Olive and of the Pine.

Idla 14 W K Clark, Shoes method.

Another Method of Inhaling is to put Olive Tar on the Oiled Silk Plaster, which being worn upon the chest, the heat of the bodywill cause the Olive Tar to evaporate grad unlly, and as it rises it will be inhaled. The Oiled Silk Plaster should be medicated with fresh Oilve Tar very other day. In acute cases, or in those of long standing, both of the above methods of inhalation should be used. By adhering to the above direction, the very worst forms of diseases of the Throat or Lungs, if not speedily cured, will be greatly relieved; while temporary Colds, Sore Throats, Inflamed Lungs, Catarrh, Croup Coughs, &c., &c., will yield at once to its combined curative powers.

STAFFORD'S OLCVE TAR softens: and penetrates the skin; therefore in all all chronic or active Inflammations it will be found highly beneficial, as it acts directly upon the Nerves, the Muscles and the Joints.

OLIVE TAR OINTMENT is made by mixing Olive Tar and Mutton Tallow in equal parts. This Ointment is a positive cure for all diseases of the skin. 11 John S Gable & Co., S M 10 Lancaster City.

It is a volume that has received the unqualified recommendation of the first physicians in the land, while many clergymen, fathers, mothers, philautropists and humanitarians, have most freely extended its circulation in all quarters where its powerful teachings would be likely to be instrumental in the moral purification and physical healing of multitudes of our peeple, among the young, volatile and indiscreet, otherwise the pride and flower of the nation. The author argues particularly, most strongly against every species of self defilement, and warms parents and Manor.

We think we can satisfy you that this is by far the best machine in luse, having more valuable improvements than can be claimed by any other. It positively is easy work for two horses to draw it, and at the same time rakes the grain ready for binding. This saves two men each day. It is not as dangerous to use as other machines are that require the man who does the raking to ride on it. One man will find it easy work to use this machine, and will essily cut and rake 12 to 15 acres every day. There is no back-breaking or hard work about it, either for the driver or horses. It cuts grass uncommonly well and very rapidly, and has no superior as a combined machine. Lancaster. This is more than can be said of Quinine, Arsenic, or any toule in existence, as their use is ruinous to the consultution and brings on Dumb Agus, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter just received from a Physician:

JAS. A. RHODES, Esq.—Dear Sir: Yours of 2d inst. is at hand. The Cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the the fact that a remedy had been introduced which was growing in favor with the public, as being better than using quinine,—not knowing I pressme that the remedy they used to escape taking Quinine, contained the Drug Itself!

This reniedy, (known as "Smith's Tonic,") would invaribly break an Ague, but it did not care it, as it would often return with ronewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your cure. The following is the result:

Three persons took your "Gure," all of which were cases of "Quotidianianfarmittent Fever," of mnay weeks standing They had tried Quiniue, and other remedies, occasionally missing a chill, but it was, (as in all such cases,) slowly wearing them out, and laying the foundation for other and severer maladies., I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period or two had clapsed would return.

Whose sands of life have nearly run out, discovered while in the East Indias, a certain cure for Consumption, Asthma, Bronchilis, Cougha, Colds, and General Debility. The Remedy was discovered by him when his only child, a daughter was given up to die. He had heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp, and the thought occurred to him that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now allve and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world, and he has never failed in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his afflicted fellow beings as request it, this recipe, with full and explicit directious for making it up, and successfully using it. cheap to induce sottlements, a sufficient number being reserved, the increase in the value of which will compensate
for the apparent low price now asked.
A company of settlers, called "The Rappahannock Pioneer Association," is now forming and will commence a
settlement in the spring. Ample security will be given for
the faithful penformance of contracts and promites.

23. More Agents are wanted to obtain subscribers, to
whom the most liberal inducements will be given. Some
Agents write that they are making \$200 per month. Advertising will be done for every Agent where possible. For
