OUR ABLE BY INHALATION,

Which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoratin or health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; ninety out overly hundred cases can be cured in the first stages, and fifty per cent in the second; but in the third stage it is impossible to streen or than five per cent, for the lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, inhalation affords extraordinary relief to the suffering attending this fearful scourge which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumptive's grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of lite, for it sparse neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted. By the help of that Supreme Being, from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy our in Consumption. The first cause of tubercles is from impure blood, and the immediate effect, produced by their deposition in the lungs, is to prevent the free administion of air into the aircells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the l

offul and direct inhumbres of this mode of aumiorstations, chloroform inhaled will entirely destroy sensibility in a few minutes, puralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few boars.

The inhalation of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by inhalation, is the fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs, should produce the most happy results? During eighteen years' practice, many thousands, suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable curse, even after the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintsuce with the nature of tubercles, &c., enables me to distinguish, readily, the various forms of disease that simulate consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests; to enlarge the chests, purify the blood, impart to it ronewed vitality, giving energy and tone to the entire system.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous sys-tem, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the sys-tem, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind presistenced to consumetrize the state of sails.

The afflicted are cautioned against the use of Patent Medicines, for there are so many incensious snares in the sufferers that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poi-sonous nostrums vended as "Patent Medicines." I would respectfully announce to my friends, throughout the City and County of Lancaster, that I have this day taken into co-partnership, in my Dental practice, Dr. S. T. PRIGG, recently of Baltimore, Md., and who has, within the last three or four months, become a resident Dentist of this city. The gentlemanly and accommodating character of Dr. Prigg, his thorough and scientific knowledge of the various branches of the profession, his superior skill in all its most delicate manipulations, together with the high recommendations he brings with him from the Professors of the Baltimore College of Dental Science, will guarantee perfect satisfaction to all my former patrons and all others who may place themselves under our treatment. By this arrangement we will have greater facilities for a more prompt attention to all our patients, which the want of assistance has heretofore deprived me of the ability to bestow.

NEW PROCESS IN DENTISTRY.

CHEOPASTIC PROCESS of mounting
ARTIFICIAL TEETH,
recently patented by Dr. BLANDY, formerly
Professor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present axe and destined to work a great change in Mechanical Dentistry.
The undersigned being the first in the State to introduce this process into practice, and which has been attended with great success, feels no hesitation in recommending it as emperior to any other method of mounting Artificial Teeth heretofore known—the casting of the plates having great advantage over the common custom of "swaging." The same accuracy in fitting, perfect cleanliness, and durability connot be obtained by any other process.

Patent Ambrotypes.—The subscribers having purchased the exclusive right of Lancaster city, are now enabled to offer to the public a New SYLL OF PICTURES, far exceeding, in beauty and durability, anything ever be fore made. There pictures are not reversed, (as daquerreotypes aread may be seen in anylight. They also possess the rare property of being IMPERISHABLE; being hermetically sealed between glass plates, which is secured by Letters Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. COMMINGS, only, over Sprecher & Bro.'s New Store, North Queen st., Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrobas, signifying indestructibility, permanency. &c. The Picture is taken upon plate glass. to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varnish in immediate contact with the Picture. AMBROTYPE STERRESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambrotype Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.

J. R. STAFFORD'S OLIVE TAR.

A GREAT ELECTRICAL REMEDY FOR PREVENTING
AND CURING ALL DISEASES OF THE
THROAT AND LUNGS.

Olive Tar is Applied and Inhaled, and is not Taken.
DIRECTIONS.—Apply by rubbing where pain or disease exists: then cover the parts with a plaster made of oiled Silk, to which stitch a thin layer of cotton batting; then cover the batting with thin muslin. Cotton or woolen fannel may be used instead of the oiled silk plaster, but the operations of the remedy will not be as speedy, nor as effective.

TRACT BUCHU.

TRACT BUCHU.

For Diseases of the Eadder, Kidneys. Gravel, Dropsy, Weaknesses, Obstructions, Secret Diseases, Female Secret Diseases of the Sexual Organs, and all Diseases of the Sexual Organs, whether existing in MALE OF FEMALE, from whatever cause they may have originated, and the operations of the remedy will not be as speedy, nor as effective.

For Ishaling.—Place a saucer over a bowl of hot water, (and keep it hot;) pour into the saucer enough Olive Tar to cover the bottom; the spartment will soon be filled with its odor, affording to the patient an atmosphere impregnated with the delightful blended aroma of The Olive and of the Pinc.

32. Renew the Olive Tar daily for Inhyling by the above method.

tem. Renew the Olive Tar daily for Inheling by the above method.

Another Method of Inhaling is to put Olive Tar on the Olied Silk-Plaster, which being worn upon the chest, the heat of the bodywill cause the Olive Tar to evaporate grad unlly, and as it rises it will be inhaled. The Olied Silk Plaster should be medicated with fresh Olive Tar every other day. In acute cases, or in those of long standing, both of the above methods of inhalation should be used. By adhering to the above direction, the very worst forms of diseases of the Throat or Lungs, if not speedily cured, will be greatly relieved; while temporary Colds, Sore Throats, Infamed Lungs, Catarrh, Croup Cougha, &c., &c., will yield at once to its combined curative powers.

STAFFORD'S OLEVE TAR softens and penetrates the skin; therefore in all all Chronic or active Inflammations it will be found highly beneficial, as it acts directly upon the Nerves, the Muscles and the Joints.

OLIVE TAR OINTMENT is made by mixing Olive Tar and Mutton Tallow in equal parts. This Ointment is a positive cure for all diseases of the skin.

MPORTANT TO FARMERS.—Samuel

KEELE'S Latest Improved

GRAIN FAN!

These Fans are manufactured at the best and most extensive establishment in the city or county of Lancaster; and being the Latest Improved Grain Fans now before the public, farmers and dealers generally will consult their own interests by calling and examining them before purchasing elsewhere. They are now sent to all parts of Pennsylvania and other States. These Fans are so constructed as to separate all the impure grains, such as cheat, cockle, smut, &c., at the same operation. They will also be made, to order, to separate Grass Seeds from Wheat.—When such are desired the order must be sent in time.

I have also manufactured the celebrated Bamberough Fan for many years, and I claim the improvements made upon my Fan as being far superior to them. They are considered

THE BEST NOW IN USE!

by all Farmers who have given them a trial, and who continue using them. I have had an extensive experience in the manufacture of Grain Fans, having made about 2,000 since I have been in the business. These Fans are adapted to hand or horse power, or any other power that may be applied to them; and, they will be sent, free of charge, to any distance within 3,00 miles, by railroad or water, at the shortest notice.

Are Castings of all kinds for Wind Mills always on hand; also, Screen and Wire of all Nos., for sale at the lowest prices. THE BEST NOW IN USE!

Be careful if you want a Fan of my manufacture, to see that my name is on it.

S. KEELER, Lancaster, Pa.

I will give a reward of \$5.000 to any set of men who can prove to my satisfaction that these Fans are not the best now in use. They have received the premium at the Agricultural Fair held at Columbia, Lancaster county, in 1854 at the New Jersey State Fair in 1855; at the State Fair held at Harrisburg, and at the Delaware County Fair.—Also, at the York County Fair, the undersigned received a premium for three splendid Fanning Mills on exhibition. At the Franklin County Fair, a premium was also awarded for his superior Grain Fans. He received two premiums at the Berka County Fair. At the Pittsburg Fair he received for his fair the highest prize was awarded Keeler's Fans, over twenty-five others on exhibition. F ARMERS SAVE MONEY:
The Atkins' Se'f Raking Reaper and Mower for 1857, IS NOW READ Y AND ON HAND.
You will save money and labor and avoid injuring your horses by purchasing the Self Raker. We think we can satisfy you that this is by far the best machine in use, having more valuable improvements than can be claimed by any other. It positively is easy work for two horses to draw it, and at the same time rakes the grain ready for binding. This saves two men each day. It is not as daugerous to use as other machines are that require the man who does the raking to ride on it. One man will find it easy work to use this machine, and will easily cut and rake 12 to 15 acres every day. There is no back-breaking or hard work about it, either for the driver or horses. It cuts grass uncommonly well and very rapidly, and has no superior as a combined machine.

Some bad machines were put out last season through bad management that did not work well, but the Atkin's Reap: er always work satisfactorily when they are well built and properly put together. All the machines for this season are in perfect order.

25 This celebrated and unequalled Grain and Grass cutter has been awarded more premiums than any other machine in existance. Over 150 first premiums in five years. Gold Medals, Silver Medals, Silver Logs and money premiums.

Transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, FATUITY, AMD EPILEPTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—IN-SANITY AND CONSUMPTION? The records of the IN-SANE ASYLUMS, and the melancholy deaths by CONSUMPTION, bear ample witness to the truth of these assertions. In Lunatic Asylums the mot melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it.—Should a sound of the voice occur, it is rarely articulate. "With worful measures wan, despair. Low sullen sounds his grief beguiled."

Debility is most terrible and has brought thousands upon thousands to untimely graves, thus blasting the ambition of many noble youths. It can be cured by the use of this INFALLIBLE REMEDY.

instrumental in the moral purification and physical healing of multitudes of our peeple, among the young, welatile and indiscreet, otherwise the pride and flower of the nation.

The author argues particularly, most strongly against every species of self definement, and warns parents and guardians, in searching terms, to guard the young of both sexes from the terrible consequences concomitant of their ignorance of physiological laws and sexual impurities and irregularities, whether exhibited by precedous development or arising from the vicious and corrupting examples of their school mates or otherwise. To those who have been already ensaared to the "paths that take tood on heil," a clear and explicit way is shown by which they may secure a return of sound health, and a regeneration of the soul from its terrible pollution.

It is well known that thousands of victims are annually sacrificed at the shrine of quackery—especially those suffering from Vederator Syphilitic diseases—Strictures, Somial Weakness. Nervous Debility, and the numerous maladies which spring directly or less romotely from the

maladies which spring directly or less

indulgence of carnal passions and secret violations of Mature.

In view of these facts, and when it is also considered that about 100,000 persons die annually in the United States of Consumption—a large majority being the victims of the voluptuous indiscretions of their progenitors, agreeably to the Scriptural enunciation, that the sins of the parents are visited upon the children, even to the third and fourth generation—The Author, imbued with sentiments of enlarged philanttropy, will scarcely be consured for any effort to restrain the vices of the age, by the humble instrumentality of his Medical Manual.
