THE GREATEST MEDICAL DISCOVaug 4

THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. Kenned, of Roxbury, has discovered, in one of our common pastnre weeds, a remedy that cures

EVERY KIND OF HUMOR, from the worst Scrotial down to a common pimple.

The has tried it in over 1100 cases, and never failed except in two cases, both thunder humor.) He has now in his possession over two hundred cortificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst case of Erysipolas.

the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair. nd blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly cruption of the skin.
Two to three bottles are warranted to cure the worst
cases of ringworn.
Two to three bottles are warranted to cure the most des-

Three to four bottles are warranted to cure the salt rhoum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.— So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846-second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thou and bottles per day—in April, 1854, I sold over one thou and bottles per day of it. Some of the wholesale Druggists who have been in the husiness twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I alwrys kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never auspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—
O, what a mercy fit it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liter, Sick Headache, Dyspepsia, Asthma, Fever and Ague, pain in the sile, Diseases of the Spine, and particularly In diseases of the Kidneys, &c., the discovery has done more good than any medicine seer known.

No change of diet ever heum.

"I am happy to say of your Cathartic Pills, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"Da. J. C. Aven.—Sir: I have taken your Pilis with great benefit, for the listlessness, languor, loss of appetits, and Bilious headache, which has of late years overtaken me in the spring. A few doese of your Pilis cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:
"Having used your Catharic Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Pacteral as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly baid all my days; sometimes it came out in my face, and kept it for months a raw sore

I had failed of any relief by my Physician, and from every renedy I could try; but a few does of your Pills have completely restored me to health. I have given them to far children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had tpubled him for months; he told me in a few days they had cured him you make the best medicine in the world; and I am free to say so."

"Bir: I have great satisfaction in assuring you that myself and family have been very much benefied by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your Charast Picroala, and since then has enjoyed perfect health. My children have several times been cured from attacks of the influences and Croup by it. It is an invaluable remedy for these complaints. Your Carhastre Pills have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years.—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

The first dose relieved me, and a few subsequent doses have ostirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great respect, LUCIUS B. METCALF."

HOICE FARM LANDS FOR SALE .--

The Illinois Central R. R. Company is now prepared to sell about 1,500,000 Acres of CHOICE FARMING LANDS in Tracts of 40 Acres and upwards, on Long Credits, and at Low Rates of Interest.

These lands were granted by the Government to aid in the construction of this Road, and are among the richest and most fortile in the world. They extend from North East and North West, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Southern sections timber predominates, alternating with beautiful prairies and openings.

The climate is more healthy, mild and equable, than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound. Bit uninous Coal is extensively mined, and supplies a cheap and desirable fuel, being furnished at many points at \$2 to \$4 per ton—and wood can be had at the same rate per cord.

Building Stone of excellent quality also abounds, which can be procursed for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gently rolling,—their contiguity to this Road, by which every facility is furnished for travel and transportation, to the principal markets North, South, East, West, and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few years.
