again at liberty:

Heavy Failures.

We regret to learn of the suspension on Wednesday, of the extensive railroad-iron manufacturers, Reeves, Buck & Co., and Reeves, Abbot, & Co., of Phila. Their liabilities are about \$800,000, and their assetts bilities are about \$800,000, and their assetts from two to two and a half millions. In order to meet all their liabilities of every character, these firms only ask an extension of time, and there is little doubt that this will be granted. It will be recollected that some three years ago, under a sudden and severe money pressure, these firms were compelled to suspend, and obtained an extension. Since then they have paid the whole of those obligations, principal and interest. These firms it is known, are the proprietors of the extensive Iron works at Phœuixville, and employ about 3000 men, making about 100 tons of Railroad iron per making about 100 tons of Railroad iron per day, while their payments are about \$10,000

THE SUGAR TRADE.—The fall in the value of

Information has been received at the Methodist Episcopal Mission Rooms in this city that there are apprehensions of a general failure in Liberia; that already several of the poorer people have died of starvation; that some of the missionaries on the country stations are without any other food than green plums, and that around some of the settlements the natives are cutting down the palm trees, for the sake of the palm cabbage to sustain life. One of the missionaries there remarks that this state of things has been coming upon them for years, and attributes if mainly to three causes, first, the great number of idle and worthless persons in the community, who will not work and who live by beggary; second, that this class of persons is constantly increased by the immigration from the United Information has been received at the Methodist Episcopal Mission Rooms in this city. increased by the immigration from the United States, numbers of the immigrants consuming a great deal and producing nothing; and third, to the failure of the native rice crops several years ago, owing in part to a bad season, but mainly to the natives' "general attendance upon the Devil Bush when they should have been upon their farms. They have never

The Sugar Trade.—The fall in the value of

The Sugar Trade.—The fall in the value of

few weeks past. The losses on the stocks on hand must have been many millions of dollars to dealers in this country, and much more to foreign holders. The Boston Traveler says;

The decline from the highest point is now over 3 cents a pound, and there is a strong probability that bottom is not yet half reached. When the decline had reached only one half the present amount a few weeks since, the New York Independent estimated that on the stock of 85,000 tons of sugar and four million and the species. The undersigned offers at private sale sill that specious, late improved and licensed passal that specious later that the provent in the Orphanis' Count of Energy the Passal REPRE-Passal REPR

The present amount a few weeks since, the New York Independent estimated that on the stock of 85,000 tons of sugar and four million gallons of molasses, held in that port alone, the loss was then fully three and a half million dollars. Of course it must be double that now, and if this loss is made on that stored in New York alone, what must it be on the vast quantity affoat, in store in Europe and in the U. States, and the stocks on hand in the sugar exporting countries. It cannot be less than fifty millions of dollars already, and as the tendency is steadily downward, it will probably reach a hundred millions before the dealers will be able to touch the next crop.

Famine in Africa.

Information have hear received at the Mathor Taxee Taxee and the stocks of the North States. Taxee and the stocks of sections of the States and two wells of water with pumps and a hydrau for constant of the States, and two wells of water with pumps and a hydrau for constant will probably reach a hundred millions before the dealers will be able to touch the next crop.

Famine in Africa.

CATHARTIC PILLS

PERATE by their powerful influence on the PERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, and Patients, has shown curse of danderangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for this use in the complaints which they have been found to cure.

FOR COSTIVENESS.— Take one or two Fills, or such quantity as to gently more the bowels. Costiveness is frequently the aggravating cause of Pills, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSEPSIA, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthwam, bodyburn, and soulburn of dysepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Foul STOMACH, or Morbid Inaction of the Boveels, which produces general depression of the sight Pills.

forget what cured you.

For a Poul Stomach, or Morbid Inaction of the Boucels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervousness, Sick Headachs, Nausra, Pann in the Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be awept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Scrofula, Ervsipelas, and all Disease of the Nkin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in purfect health Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

To Purlyty The Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

Liven Complaint, Jaundich, and all Billous

they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICS, and all Bilious Affections, arise from some derangement — either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermired by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrheas, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes in ability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system trritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrheas, dysentery, &c. A medium dose of three or four l'ills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RIEUMATISM, GOUT, and all Inflammatory Ferers, are rapidly cured by the purifying effects of these l'ills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No Pill can be made more effectual to the purpose for which a dinner pill is enaployed.

FARM AT PRIVATE SALE...The subscriber offers at private sale, the well known farm, late the estate of William Taggart, deceased, situate part in Northumberland and part in Montour counties, Pa., on the road leading from Milton to Danville, and within one-fourth of a mile of the C. Wand E. R. R., containing in all 277 Acres; about 105 or 110 Acres are heavy timbered land, principally Oak and Elickory. There is a large quantity of oak suitable for Ship Timber, and any amount of railroad wood on the farm. The improvements are two good DWELLING HOUSES, and one large Bank Barn, handsomely situated; the Chilisquaque Creek running through the center of the farm, on which there is a fall of 6 feet 6 inches, suitable for a Saw or Grist Mill.

There is also s fine young Apple and Peach Orchard of choice grafted fruit, and a large portion of Meadow Land, the soil of which is of a loamy nature, one part of the farm land has been limed, and limestone within one-fourth of ½ mile.

The whole will be sold together, or in part, to suit pur-FARM AT PRIVATE SALE .-- The

inimission cas been timed, and timestone within one-tourth of 1/2 mile.

The whole will be sold together, or in part, to suit purchasers.

The above property has lately been very much improved; within the last year 10,000 bushels of lime has been put on it, and 2 tons of guane.

This property will divide in equal parts, either by the creek or by the public road. The terms will be made accommodating to suit purchasers, as but little of the money will be required for several years, unless convenient to those who may choose to purchase. Any person with a small sum to pay in cash, can make the balance out of the timber and wood, as the Cattawissa Railroad furnishes a cash market for all the wood that can be delivered. All the products of the farm will in that place pay better than in the city of Lancaster, in consequence of the markets created by the iron and coal regions close by. After being cleared there will be 200 acrees of good timethy meadow as can be found in the State. It will then be a first-rate grazing farm.

The subscriber will also sell on reasonable terms a small Farm, containing 45 Acres of good Land, situate in Chilisquaque township, Northumberland county, 4 miles rom Millton, 4 miles from Lewisburg, and ten miles from Danville. This tract contains about 5 Acres of Timber, and the balance is well suited for raising grain and hay, and has all been limed within the last two years. The improvement sure a good TWO-STORY HOUSE, in good condition, and a tolerable Log Barn, which with some improvement will esufficient for the farm. There is also on it a good APPLE ORCHARD, and other Fruit Trees. This property is within three miles of the Sunbury and Erie railroad, and two miles of the Catawissa railroad. It is in a good neighborhood, and good markets, and convenient to the public schools.

Any person in Lancaster county desirous of purchasing, will please call on Mr. William Carpenter, who will furnish all necessary information or on the subscriber, near Milton, Northumberland county, Pa.

Terms will be m

Chillsquaque twp., Jan. 20. Chilisquaque twp., Jun. 20.

CHOICE FARM LANDS FOR SALE...

The lilinois Central R. R. Company is now propared to sell about 1,500,000 Acres of Choice FARMING LANDS in Tracts of 40 Acres and upwards, on Long Credits, and at Low ltates of Interest.

These lands were granted by the Government to aid in the construction of this Road, and are among the richest and most fertile in the world. They extend from North East and North West, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Southern sections timber predominates, alternating with beautiful prairies and openings.

The climate is more healthy, mild and equable, than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound. Bituminous Coal is extensively mined, and supplies a cheap and desirable fuel, being furnished at many points at \$2 to \$2\$ per ton—and wood can be had at the same rate per cord.

Ruilding Stone of excellent quality also abounds, which

Bituminous Coal is extensively mined, and supplies a cheap and desirable fuel, being furnished at many points at \$2\$ to \$4\$ per ton—and wood can be had at the same rate per cord.

Building Stone of excellent quality also abounds, which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gently rolling, their contiguity to this Road, by which every facility is furnished for travel and transportation, to the principal markets North. South, East, West, and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few years.

Chicago is now the greatest grain market in the world—and the facility and economy with which the products of these lands can be transported to that market, make them much more profitable, at the prices asked, than those more remote at government rates,—as the additional cost of transportation is a perpetual tax on the latter, which must be borne by the producer, in the reduced price he receives for his grain, &c.

The till is perfect—and when the final payments are made, Deeds are executed by the Trustees appointed by the State, and in whom the title is rested, to the purchasers, which convey to them absolute titles in Fee Simple, free and clear of every incumbrance, lien or mortgage.

THE PRICES ARE FROM \$6 to \$30.—INTEREST 10. NOILY 3 PER CENT.

20 per cent, will be deducted from the credit price for Cash. Thouse who purchase on long credit, give notes payable in \$2, 3, 4, 5 and 6 years after date, and are required to improve one-tenth annually for five years, so as to have one-half the land under cultivation, at the end of that time.

Competent Surveyors will accompany those who wish to examine these lands, free of charge, and aid them in making selections.

The Lands remaining unsold are as ri
