Negro Equality. The doctrine of negro equality, so strenuously advocated by the Abolitionists, is so repugnant to the feelings and better judgment of all right thinking men, that many who have

heretofore acted with the Republican party, boldly proclaim that they will not lend themselves to any scheme seeking to engraft their principles upon our institutions. The Michigan City Enterprize, an able Re-

publican paper, thus proclaims its independence, and refuses further to follow the lead of such fanatics as Greely and Seward:

"The people of Indiana are not yet prepar ed to accept the negro as an equal-either at the ballot box or elsewhere. And we know of none of our Western States where this negro equality principle can command the support of even a corporal's guard. There was a time when our own sympathies favored the granting of certain privileges to the blacks—but a more extended acquaintance with their habits and morals, has satisfied us of the correctness of our former opinion; and it is a belief on which we have been reluctantly driven, that the centralization of any considerable body of blacks in any community is a curse and a blight upon the industrial, moral and religious welfare of the whites.

"The principle of welcoming blacks to Canada has been fully and fairly tested; and now after the lapse of many years, our Canadian friends—through the press—her statesmen and private citizens, almost unanimously conour in the expression, that while the condition of the negro in many instances has been benefited, their presence has deteriorated the morals of the whites—has engendered laziness —induced pauperism, theft and intemperance to a frightful extent, and that, while not wishing to drive them back into slavery-they (the people of Canada) decide by favor some plan hereby they can all be placed in a colony by themselves.

'For our own part, much as our sympathy may be excited for their unfortunate condition, we cannot think of ministering to the inferiority, the stupidity and laziness of this class of creation at the sacrifice of our manhood, or the interests of 25,000,000 of whites-neither will we follow the lead of the Greely and Seward politicians in giving popularity to this abourd doctrine, which they are so sedulously trying to engraft into the Republican platform.

There are we have no doubt hundreds of old line whigs in Pennsylvania to whom these negro equality notions are as obnoxious as they are to the Michigan City Enterprize, the aftern and who will repudiate them and vote for Gen. PACKER, the white men's candidate.

Death, at most, is an unwelcome guest; and when he takes with him one so universully loved, and whe too gave promise of fluture excellence.—it then indeed appears a sore affliction. And we are here forcibly reminded of David's pathetic lamentation over the death of his son Absalom. When, however, we think of the cares and troubles incident to life; and how often, alas! the purest, the brightest and most promising child becomes entangled in the meshes of temptation—leaves the path of virtue; clings to vice and thus defents the promises he gave in childhood.—when we recall these sad reflections to mind, should we not, at least, be content with Death's visit, when he wafts the soul of an innocent child from time to eternity—there to join the bright cherube that adorn the Throue of God? The fond friends and doating parents of this deceased child, should feel that

And we do not lament his death:

My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your Carnarrio Pills have entirely cured me from a dysapepsia and cottieness, which has much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.
