Sr. Louis, Sept. 28, 1857. The past has been a week of great tightness in the money market-probably the tightest week experienced in this city for many years. There is no quotation for money, and hose who have it to lend, seem to have no conscience, the most exhorbitant shaves must be submitted to, to meet naturing obligations. The Banks are doing little except strengthening themselves, and afford but little aid to the mainess community. The receipts consist chiefly of cur. rency, which cannot be converted into specie funds, and the private bankers will only receive it on special deposit. Time bills cannot be negotiated at any rate, and the few sight bills offered are serutinized closely. The past day or two has been easier, as country merchants are beginning to arrive. Thus far we have but two suspensions to announce, and these the houses of A. M. Waterman & Co., and Eddy mison & Co. We see that the New York Independent and other papers, have published as having failed-Merritt, Risley & Co., and R. M. Hubbard & Co., which is a mistake, both houses are going on, with no likelihood of topping. Waterman & Co., and Eddy, Jamison & Co. have sed their doors, but are still doing business.

Our produce market is extremely dull owing to the onressive stringency of the money market, and the few sales that are made, are based upon "currency." Receipts have en light, and prices are about as last reported.

The recent rains have contributed to a temporary rise in the rivers. There were but 79 interments in the different

The owners of the boat brought suit

and was on Thursday dismissed. The jury could not agree, and thus the matter stands as when it commenced. The past week opened with several more destructive fires. There were four in one day. The Green Tree Brewery was ntirely destroyed, and the loss about \$5000 or \$6000-no surance. Several sheds and out-houses were destroyed at another place, and in the evening the lumber yard of ers. McIlvaine & Co., on Twelfth, between Locust and St. Charles Streets, was entirely consumed-loss about \$25,000 and no insurance. Whilst this yard was burning one adjoining was set on fire by some of the many incendiaries now infesting this city, but was fortunately discovered in time, and the flames were subdued. On another night the lumber yard of Mr. A. Biddle, was set on fire, but discovered in time to prevent another destructive conflagration. There were several other fires during the week, but the loss was triffing. All of the above was the work of the incendiary. A boy has been arrested in whose possession was found a leather hat lining, which was used, as is sup-posed, for carrying powder, as it was very evident powder had been in it, and as he was in the lumber yard with this

Our Eair commences to-day. There are thousands of strange faces now in our city, and this, the opening day promises to be well attended.

In addition to those mentioned above, who were on the ill-fated Central Am-rica, from this State, is Mr. J. B. Clarke. he was among the saved, and is new in this city. He save that one of the most remarkable incidents was, that the captain of the bark Ellen, by which he was picked up, was warned of their distress, by a bird that flow in his (the captain's) face three times; this determined him to change ils course three points, and by so doing he was made the happy instrument of saving the lives of forty-nine persons.

The bird—some eighteen inches between the tips of the wings-was caught and kept on board, but, being very vic ious, was killed by the sailors.

Gov. Walker, of Kausas, has issued his proclamation to the citizens of the Territory, in reference to the October election, and the same has been published in our city papers, which is very lengthy. He guarantees in this proclamation protection to all, in discharging the duty of free men, in exercising the right of suffrage. According to it, all will be alike protected, and those who desire to vote an do so unmolested. The Free State men will vote in a body, and will abide the decision of the election. This is as it should be, and we have no fears of any disturbances at the polls. Everything is now quiet there, and no likelihood of unlawful proceedings. The Black Republicans are pretty well convinced that their Kansas capital has been exhaust ed—run entire'y into the ground—that their northern rullables are not quite so ignorant and easily humburged a they supposed. If they just keep quiet, Kansas will be what we have always maintained, a FREE STATE! But if they undertake to bully the South, they will find "Jordan

a mighty hard road to travel." The steamer Key City, bound for this city, in crossing th lower rapids, on the upper Mississippi, struck a rock and sunk. Her cargo consisted of about 1600 pigs of lead, and 2000 sacks of wheat. We have not heard the amount of

There certainly have been great changes since the last Governor's election in favor of the Democratic party, and the prospects now most emphatically indicate the success of the Democratic ticket in that State. Investments in State Stocks-Arrest of Land Warrant Thieves.

WASHINGTON, Oct. 2. - The Secretary of the Interior has recently invested nearly one million of dollars in the State Stocks of Missouri, Pennsylvania, Illinois, North Carolina, Tennessee, and Virginia, in trust for various Indian tribes. All but fifty thousand dollars of that amount has been drawn from the Treas-The present time was chosen for the investment in order to contribute something toward the relief of the Money market; while \$180,000 has thus been realized in the transaction for the Indians.

A despatch was received to day at the General Land Office, from Hastings, Minnesota, stating that the men who stole the 30,000 worth of Land Warrants from the Fairbault Land Office, had been arrested, and all the Warrants excepting five recovered.

Joshua R. Giddings on Negro Superiority. We find in the Ashtabula (O.,) Sentinel, of September 3d, the following letter from Joshua R. Giddings, at whose sufferance Chase holds his nominal position at the head of the Republican party in that State. This communi-

Read it! "Some niggers are far superior to some Democrats. Indeed they are doubtless superior to the great mass of the Democratic party; while some Democrats are superior to some niggers, and perhaps to the great portion of the African race. Yet all Democrats, however the African race. Yet all Democrats, however intellectually inferior they may be to the niggers, are entitled to live and enjoy their liberty and the fruits of their labor. And while we are endeavoring to sustain these equal and universal rights, we ought not to be drawn into any discussion of the moral or social superiority of the niggers over the Democrats.'

Now, the great mass of the Democratic party is a majority of the white people of the United States of America, who are thus pronounced to be "intellectually inferior to the niggers!" Again, the great mass of the Democratic party embraces the vast majority of the industrious laborers, mechanics and farmers of the country, who are thus held up as ' intellectually inferior to the niggers!" And the conclusion follows that in the estimation of the Black Republicans, all the producing against the bridge company for the value of the boat.
