THE GREATEST MEDIOAL DISCOV-ERY OF THE AGE. Dr. KEMEDT, of Borbury, has discovered, in one of our common pastnre woods, a remody that cures

EVERY KIND OF HUMOR,

From the worst Scrolina down to a common pinntes. Ito has tried it in over 1100 cases, and nover failed except in two cases, (both thunder humor). He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing fore mouth. One to three bottles will cure the worst kind of Pimples ou the face.

Two bothes are warranted to cure all humor in Three to the bare warranted to cure the worst canker in the mouth or stomach. Three to fire bothes are warranted to cure all humor in the two bothes are warrant

the Byes. If a task of the second sec

awo to three bottles are warranted to cure the worst cases of ringworm. Two to three bottles are warranted to cure the most des-perate case of rheumatism. Three to four bottles are warranted to cure the sait rheum.

rneum. Five to eight bottles will cure the worst case of scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.-So sure as watter will exitinguish fire, so aure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has mover been known until I discovered it in 1846-second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that In April, 1853, I peddled it and sold about six bottles per day-in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggits who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In un yown practice I always kept it strictly for humors —but since its introduction as a general family mediethe, great and wonderful virtues have been found in it that I never suspected. Svereti cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.-Q, what a mercy if it prove effectual in all cases of that ar-ful malady—there are but few who have seen more of it than I have. I know of several cases of Dropy, all of them aged pa-ple, cured by it. For the various diseases of the Liver, Bick Hendache. Dryspein, Asthma, Fever and Ague, pain in the side. Diseases of the Spine, and particularly in diseases of the Kidneys. & the discovery has donneaver good than any medicine wer known. No change of dine were neces-ary—eat the best you get and enough of it.

No change of diet ever neces-ary-eat the best you get and enough of it. Diffections Fox Use.--Adults one table speonful per day --Children over ten years dessert spoonful. D. apr 14 [y13] TONICS WON'T DO:--They never did more than give tempority rolef and never will. It is because they don't touch the cause of the disease. The cause of all ague and billious diseases is the atmospheri-poison called Miasma or Malaria. Neutralize this poison by its Natural Antidote, and all disease caused by It disap-pears at once. Rhodes' Fever and Ague Cure is this Anti-dots to Malaria, and moreover it is a perfectly harmless medicine. The certificate of the celebrated chemist, J. I. Chilton, of New York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm. This is more than can be said of Quicine, Arsenic, or any tonic in existence, as their use is ruinous to the constitu-tion and brings on Dumb Ague, which never allows a per-son to feel perfectly well for a single moment. In illustra-tion of these truths I anner some extracts from a letter just received from a Phyleian: GEORETOWN, Ohio, March 18, 1856. JAS A. RHODES, Esq.-Deer Sir: Yours of 2d inst. is at hand. The Cure wrived late last year and the difficulty in getting any one to try it was greatly increased from the the fact that a remedy had been introduced which was growing in favor with the youlic, as being better than using Quinne,-mot knowing I presume that the remedy they used to escape taking Quinne, contained the Drug Itself This remedy, (Known as 'Smith's Jonic') would invari-by by reak an Ague, but it did not cureit, as it would often return with renewed vigor. This one circumstance I deem-of in your favor, if I could institute a test comparison be-tween it and your cure. The following is the result: Three persons took your "Cure," all of which were cases of "Quotidian Itermittent Fever," of many weeks standing They had tried Quintue, and other remedies, occasionally missing a chill, but it was, (as in all such cases), slowing wasring them out, and laying the foundation for other and severer maladice. I did succeed in eff
