PATENT AMBROTYPES.--The sub-scribers having purchased the exclusive right of Lan-caster city, are enabled to offer to the public a new style of Pictures, far exceeding, in beauty and durability, any over before made. These pictures are not reversed, as dar uerreo-typesareand may be seen in anylight. They also possess the rare property of being IMPERISTANLE; being hermetically sealed between glass plates, which is secured by Letters Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CUMMINOS only, over Sprecher & Bro.'s New Store, North Queen st., Lancaster.

Lancester. EXPLANATION. The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrados, sig-mifying indestructibility, permanency, &c. The Picture's taken upon plate glass, to which another plate of corres-ponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beaufful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against *initations made on single plates of glass*, with the Black varineh in immediate contact with the Bicture-bach are not permanent, as the varnish must crack and destroy the Picture. Citizens and Strangers are invited to call at the Ambro-type Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention. Transition from one question to an other. These symptoms, if allowed to go on-which this medi-cine invariably removes-scon follows LOSS OF POWER, FATUITY, AND EPILEPTIC FITS-in one of which the patient may axpire. Who can say that these excesses are not frequently followed by those direful diseases-IN-SANITY AND CONSUMPTION? The records of the IN-SANITY AND CONSUMPTION? SUMPTION, bear ample witness to the truth of these as-sertions. In Lunstic Asylums the mot melancholy exhi-bition appears. The countenance is actually sodden and quite destitute-neither Mirth or Grief ever visits it.-Should a sound of the rolice occur, it is rarely articulate. "With woeful measures wan, despair, Low sullen sounds his grief beguiled." Debility is most terrible and has brought thousands upon thousands to unitmely graves, thus blasting the am-bition of many noble youths. It can be cured by the use of this INFALLIBLE REMEDY. If you are suffering with any of the above distressing silments the FLUID EXTRACT BUCHU will our you.-

It is because they don't touch the cause of the disease. The cause of all ague and billious diseases is the atmospheric poison-called Miasma or Maiaria. Neutralize this poison by its Natural Antidote, and all disease caused by it disap-pears at once. Rhode's Fever and Ague Cure is this Anti-dots to Maiaria, and moreover it is a perfectly harmless medicine. The certificate of the celebrated chemist, J. R. Chilton, of New York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm. This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is rinious to the constitu-tion and brings on Dumb Ague, which never allows a per-son to feel perfectly well for a single moment. In illustra-tion of these truths I anner some extracts from a letter just received trom a Physician' (Example) (Single moment. In illustra-tion of these truths I anner some extracts from the the fact that a remedy had been introduced which was growing in favor with the public, as being better than naing Quinine,-mo knowing I presame that the Parag Itself I. This renedy, (Know as 'Smith's Tonic') would often return with renewed vigor. This one crumatance I deem-ed to scape taking Quinine, contained the Drug Itself Three persons took your "Cure," all of which were cases of "QuotidanInternitient Fever," of many weeks standing They had tried Quinue, and alying the foundation for other and severen maladies. I did succeed in effecting standale cure. of all three of these cases with your remedy, and they hare not had chell since. In all three of these cases, he "Bmith's Tonic" had been used, and would, as before sta-ted, break the chill, but affar a period or two had elapsed would return. I think there will be no difficulty now in giving to your "Cure" the advantag
